## MARINE DEPARTMENT.

### NOTIFICATIONS.

*No. 67 Marine—The 17th July 1922.*—The following draft of a Notification which, in exercise of the power conferred by section 10 of the Indian Merchant Shipping Act, 1859 (Act I of 1859), the Governor in Council proposes to issue is published for the information of persons likely to be affected thereby.

2. The draft will be taken into consideration on or after the 27th August 1922, and any objection or suggestion with regard thereto, which may be received by the undersigned before that date, will be duly considered.

*Draft Notification.*

In exercise of the power conferred by section 10 of the Indian Merchant Shipping Act, 1859 (1 of 1859), and with the previous sanction of the Governor-General in Council, the Governor in Council is pleased to make, in suppression of the previous rules on the subject, the following rules for the conduct of examinations for masters and mates of foreign-going ships and home-trade ships and regarding the qualifications to be required..

H. E. SPRY,
*Secretary*
*to the Government of Bengal (Offg).*

## REGULATIONS RELATING TO THE EXAMINATION OF MASTERS AND MATES.

### CHAPTER I.

GENERAL RULES.

1. **Authority for Regulations.**—These regulations are issued in pursuance of Act I of 1859, as amended by Act V of 1883.

By sections 9 and 10 of that Act provision is made for holding examinations for the grant of certificates of competency and power is given to the Local Government with the sanction of the Governor-General of India in Council to make rules for the conduct of such examinations and the qualifications of the applicants.

In accordance with section 13 of the same Act no foreign-going ship* or home-trade ship* of a burden exceeding 300 tons is allowed to go to sea from any port in India, unless the master and one officer besides the master have obtained and possess valid and appropriate certificates either of competency or service under that Act or under the Merchant Shipping Act, 1894, and whoever, having been engaged to serve as Master or Mate, goes to sea as aforesaid as such Master or Mate, without being at the time entitled to and possessed of such a certificate, and whoever employs any person as such Master or Mate without ascertaining that he is at the time entitled to and possessed of such certificate is, for each such offence, liable to a penalty of Rs. 500.

For rules for the examination of candidates for certificates of competency as Master and Mate of home-trade sailing-vessels exceeding 300 tons, but not exceeding 1,000 tons burden, *see* the rules in Appendix N.

2. **Examination of Former Enemy Aliens.**—No "former enemy alien" may be examined for a certificate of competency of any grade.

The expression "former enemy alien" means an alien who is a subject or citizen of the German Empire or any component state thereof, or of Austria, Hungary, Bulgaria, or Turkey, or who, having at any time been such subject or citizen, has not changed his allegiance as the result of the recognition of new states or territorial rearrangements or been naturalised in any other foreign state or in any British Possession in accordance with the laws thereof, and when actually resident therein and does not retain according to the law of his state of origin the nationality of that state.

3. **Examination of Aliens.**—No alien may be examined for a certificate of competency as Master or First Mate in the Foreign or Home or Coasting Trade unless he has

* "Foreign-going ship" includes every ship employed in trading between any port of the territories which are or may become vested in His Majesty by the Statutes 21 and 22 Vic., C. 106, entitled "An Act for the Better Government of India," and any port or place not in the said territories, nor on the Continent of India, nor in the Straits Settlements, nor in the Island of Ceylon; and "Home Trade Ship" includes every ship employed in trading between any ports of the said territories, or between any port of the said territories and any port or place on the Continent of India or in the Straits Settlements or in the Island of Ceylon.

acted as a Master, Chief Officer or Chief Engineer of a British ship or as Skipper or Second Hand of a British fishing boat at any time during the War, and is certified by the Admiralty to have performed good and faithful service in that capacity.

4. **Time and place of examinations.**—The times and places at which examinations are held are shown in Appendix A.

5. **How to apply.**—Candidates for examination must fill up a form of application (Form Exn. 2) at the Port Office. The form, properly filled in, together with the candidate's testimonials and discharges, must be lodged with the Port Officer, Calcutta, not later than the day before the day of examination; and the candidate must conform to any regulations in this respect which may be laid down by the Local Government. The discharges and testimonials should be handed in, together with the form of application, as many days as possible before the date of the examination which the candidate desires to attend. In the absence of the necessary verification the candidate cannot be examined.

The Examiner should be particularly careful to ascertain that there are no gaps in the candidate's service which are not properly accounted for, before he is allowed up for examination.

6. **Proof of Nationality.**—Every candidate for a certificate of competency of any grade will be required to produce proof of nationality. Proof of British nationality will, in ordinary circumstances, involve the production of a birth certificate or of a certificate of naturalisation. If an applicant for examination cannot produce such certificate he should be asked to furnish such documentary evidence of nationality, or of birth and nationality of parents, as he may be able to obtain, and, if necessary, the case should be referred to Government for consideration.

If the applicant is not a British subject, he will, as a rule, be able to produce some official document testifying to his nationality. If there is any doubt as to the authenticity of such document, the Port Officer should consult the nearest consular officer of the nation to which the applicant belongs. If necessary, the case should be referred to Government for consideration.

7. **How to apply in special cases.**—In cases where a candidate is in doubt whether his service complies with the Regulations, and wishes to submit his case for special consideration, all certificates, discharges, and testimonials, together with the form of application,* properly filled in, should be submitted to the Port Officer. If necessary, the officer will, after seeing that all the required information is clearly set forth in the papers, forward them with his observations to the Local Government for decision.

8. **Inquiries.**—All other inquiries regarding examinations should be made and dealt with in the same way. The point on which information is sought should be clearly stated, and certificates, discharges, testimonials, etc., should always be forwarded with the inquiry.

9. **Nature of service determined by actual position on board ship.**—Sea service, in the foreign or home trade, cannot be regarded as qualifying for examination for certificates of competency unless it can be verified by reference to the articles of the ship on which it was performed, *e.g.*, service claimed by testimonial or otherwise to have been as Mate when the actual rating as shown by the articles was only that of boatswain or other petty officer will not be accepted where officer's service is required. Where service as First (or Second) Mate is required to qualify for examination the candidate must actually have held the executive position next (or next but one) to the Master.

Candidates who represent themselves as having served in a higher capacity than that actually held in the ship render themselves liable to prosecution.

In this connection examiners should remember that it has been a common practice for officers to be rated on ship's articles as "Second Mate," although in reality they were only Third or Fourth Mates and acted in one of those positions on board ship.

In every case where a candidate for a Master's certificate of competency claims service as Second Mate, he should be requested to make a declaration in Divn. H of the Form Exn. 2*, to the effect that during his service as Second Mate he had only one officer over him, or if more than one, that a Third and Fourth Mate were also carried.

If the service claimed is as "auxiliary Second Mate" the candidate should be required to state the number of officers serving in a junior capacity.

A candidate with First Mate's service should make a declaration that he was the senior officer under the Master, or if not, he must comply with the requirements of rule 88, as it has been found that in some cases the Second Mate has been signed on the articles as First Mate, the proper First Mate being called chief officer simply for examination purposes.

It must be clearly understood that the amount of service laid down in the Regulations for each grade of certificate of competency is the absolute minimum that can be accepted, and unless a candidate can show the full amount he must in no case be allowed up for examination.

10. **Testimonials required.**—Testimonials to character, including sobriety, and to experience and ability, on board ship for at least the last twelve months of sea service preceding the date of application to be examined, will be required of all candidates, and without producing them no person will be examined.

*Form Exn. 2, which can be obtained at Port Office

11. **Penalty for misconduct.**—Candidates who have neglected to join their vessels after having signed articles, or who have deserted their vessels after having joined, or who have been found guilty of gross misconduct on board, will be required to produce satisfactory proofs of two years' subsequent service and good conduct at sea, unless the Local Government, after having investigated the matter, should see fit to reduce the time.

12. **Deafness and other physical and mental disabilities.**—If during the progress of the examination the examiner finds that a candidate is afflicted with deafness, with an impediment in his speech, or with some other physical or mental infirmity, and he is satisfied upon further investigation that the degree of deafness or of the impediment or other infirmity is such as to render the candidate incompetent to discharge the ordinary duties of a Mate or Master at sea, he should not allow the candidate to complete his examination and should return his examination fee; but every case in which this action is taken must be reported to the Port Officer.

If the candidate subsequently produces a medical certificate to the effect that his hearing, speech, or physical or mental condition has improved or is normal, the Port Officer will take into consideration the question of allowing the candidate to sit again for examination.

13. **Foreigners must know English.**—Foreigners must prove to the satisfaction of the examiners that they can speak and write the English language sufficiently well to perform the duties required of them on board a British vessel. If a candidate fails for ignorance of the English language he will not be re-examined until after a lapse of six months. In the case of candidates for Home Trade certificates, the certificates of Asiatics who may not be able to speak English shall be endorsed to the effect that they are valid only for vessels manned and officered entirely by Asiatics.

14. **Issue of certificate.**—If the candidate passes he will receive a form (Form Exn. 16) authorising the Port Officer to whom it is addressed to issue the certificate. It is, therefore, important that the port at which the certificate is to be issued should be the same on both the form Exn. 16 and the Form Exn. 2. If circumstances should make any alteration necessary, the examiner should see that it is made in both forms, otherwise delay in the issue of the certificate may be caused.

15. **Service found to be insufficient.**—If after a candidate has passed the examination it is discovered on further investigation that his services are insufficient to entitle him to receive a certificate of the grade for which he has passed, the certificate will not be granted to him; but if the Local Government is satisfied that the error in the calculation of the candidate's services did not occur through any fault or wilful misrepresentation on his part, he may either have the fee returned to him or have it placed to his credit. Should his services entitle him to a certificate of a lower grade it may be granted to him, and the difference, if any, between the fee paid by him for the superior certificate and the fee payable for the inferior certificate will be returned to him or placed to his credit. The superior certificate will not be granted until the candidate has performed the amount of service in which he was deficient, and has been re-examined in all the subjects, unless the Local Government see fit to dispense with the re-examination.

16. **Failure in Examination.**—In all cases of failure the candidate must be examined anew. If a candidate fails in Seamanship he will not be re-examined until after a lapse of six months. Whether the whole or part of this period must be served at sea must depend upon the subjects in Seamanship in which the candidate failed, but the amount of further sea service to be required will be left to the discretion of the examiner.

17. **Examiner's Report.**—The examiner, in making his report on his Form Exn. 14, should state what amount, if any, of further sea service the candidate must perform, and he should also insert this information in the Form Exn. 2.

18. **Failure in Navigation.**—If a candidate fails three times in Navigation within three months, he will not be re-examined until after a lapse of three months from the date of the last failure.

19. **Candidates failing may be examined for certificate of lower grade.**—If a candidate fails in his examination for a foreign-going certificate, and the subjects in which he has failed are not included in the syllabus prescribed for a certificate of a lower grade, he may, if he so desires, be examined for the lower grade certificate without further formal application or payment of fee, but he will be required to complete the whole of the work prescribed for such lower grade.

No part, however, of the fee he has paid will be returned to him, and on presenting himself, when qualified, for re-examination for the higher certificate, he will be required to pay again the full fee for the examinations.

20. **Failure in Seamanship.**—If a candidate fails in Seamanship so far as regards the management of square-rigged sailing vessels, in his examination for an ordinary certificate, he may, if qualified as to service, without further formal application or further payment of fee proceed with the examination for a certificate of competency for foreign-going steamships, or for fore-and-aft rigged vessels.

21. **Fee always paid first.**—Candidates for examination, in making their application on Form Exn. 2, will be required to pay the examination fee before any step is taken in the way of inquiring into their services or testing their qualifications. If the candidate

is found not to be eligible the fee will either be returned to him or placed to his credit until he is eligible.

22. **Where to pay fees.**—The fee for examination must be paid to the Port Office. If a candidate offers a gratuity to any officer of the Department, he will be regarded as having committed an act of misconduct, and will be rejected, and not allowed to be again examined for twelve months either at the port where the offence was committed, or at any other port.

23. **Fee not returned on failure.**—If a candidate fails to pass the examination no part of the fee will be returned to him.

24. **Table of fees.**—The fees are as follows :—

NOTE.—No abatement will be made in the fee charged to a candidate for a certificate for foreign-going ships in consequence of his possessing a Master's or Mate's certificate for home-trade passenger ships.

25. **Copy of Lost Certificate.**—An applicant for a certified copy of a lost Certificate either of Competency or Service, must fill in a form of application, Exn. 23, giving the particulars required, and hand it to the Port Officer of Calcutta. A declaration as to the circumstances in which the certificate was lost must be made by the applicant before the Port Officer who will state thereon whether a fee is to be charged or not, and will forward a certified copy of the lost cirtificate to the applicant.

No fee will be charged if the applicant can prove that the certificate was lost through ship wreck or fire.

26. **First Aid to the Injured.**—(*a*) Every candidate for a Certificate of Competency of any grade as Master or Mate will be required to produce a certificate issued by the St. John's Ambulance Association, the St. Andrew's Ambulance Association, the St. Patrick's Ambulance Association, the British Red Cross Society, the London County Council, the Glamorgan County Council, the Leith Nautical College or other approved body or by a Medical Officer of one of His Majesty's ships, to the effect that he has passed examination in First Aid to the injured.

(*b*) The certificate must be an adult certificate, *i.e.*, obtained by the candidate when sixteen years of age or more, and the examination for it must have been passed not more than three years before the date of the examination for the certificate of competency. Certificates issued by the St. John's Ambulance Association more than three years before the examination for a certificate of competency will, however, be accepted, provided that, at the expiration of three years since its issue, the certificate has attached to it the "Voucher" or "Label" of the Association certifying that the holder has passed re-examination in First Aid.

(*c*) If a candidate does not possess such a certificate of proficiency in First Aid he should apply some time before he wishes to sit for examination for a certificate as Master or Mate to the local secretary of one of the approved Associations, who will inform him of the available facilities for the instruction and examination of candidates in First Aid. A list of the names and addresses of the local secretaries of the Associations is given in Appendix C.

(*d*) Besides the courses of instruction which are provided on shore at the ports in the United Kingdom, at which examinations for certificates as Master and Mate are held courses of instruction given by qualified surgeons on board merchant vessels will be accepted by the St. John's Ambulance Association as qualifying the candidate for examination for their certificate of proficiency in First Aid, provided the surgeon certifies that he has followed the syllabus of instruction laid down by the Association.

(*e*) The St. Audrew's Ambulance Association will also accept instruction by a ship's surgeon on board ship as qualifying a candidate for examination for their certificate of proficiency in First Aid, provided their syllabus is followed. In this case the candidate must previously have enrolled and obtained an attendance card, by applying to the local secretary of the Association, or to the head office at 176, West Regent Street, Glasgow.

(*f*) It will not be necessary for the candidate for a certificate as master or mate in all cases to produce the formal certificate of proficiency in First Aid issued by the Associations. In order to prevent delay in proceeding with the examination for the certificate as Master or Mate and in the issue of the certificate to sucessful candidates, the special Mercantile Marine linen certificate issued by the St. John's Ambulance Association and duly signed by the Lecturer, the Surgeon Examiner, and the Association's local representative, or, in Scotland, a certificate signed by the Local Examiner of the St. Andrew's Ambulance Association, to the effect that the candidate has passed the examination for a certificate of proficiency, may be accepted as showing that the candidate possesses the required knowledge of First Aid.

27. **Sight tests.**—(*a*) Every candidate for a certificate of competency must pass the prescribed sight tests before a certificate can be issued to him. If circumstances render it necessary for him to proceed with the examination in navigation and seamanship before undergoing the sight tests, he should be informed that the examination in navigation and seamanship will be cancelled in the event of his failure to pass either of the sight tests.

(*b*) **Form vision test.**—Every candidate for a certificate must pass the form vision test. If he obtained a certificate of competency before January 1st, 1914, he will only be required to possess half normal vision using both eyes together. Otherwise he must pass a higher standard, viz., normal vision using both eyes or either eye separately.

Any candidate who has obtained his first certificate under these conditions may obtain his higher certificates, provided that he has normal vision using both eyes or either eye separately.

Detailed information with regard to the conduct of the examination and the standards required is contained in Appendix I.

(*c*) **Colour vision test.**—Every candidate must undergo the colour vision test on every occasion on which he presents himself for examination for his first certificate of competency; but, if he then passes, he will not be required to undergo the colour vision tests on any subsequent occasion.

No person who holds a certificate of competency should be examined in colour vision.

(*d*) A candidate who fails to pass the prescribed form vision test may present himself for re-examination at intervals of three months. A candidate who fails to pass the colour vision test cannot be re-examined. In the case of a candidate who is referred for further examination the Port Officer will make arrangements for a special examination. It is also open to any candidate who is adjudged to have failed in the colour vision test to appeal to the Local Government, who may, if they think fit, remit the case to a special body of examiners for decision.

(*e*) The Local Government will repay, at a rate which will be notified to the candidate, the travelling expenses of and candidate who is referred for further examination, as well as the travelling expenses of any candidate who, having appealed against failure, is reported by the special examiners to have passed. No payment whatever will be made towards the expenses of candidates who, upon their own application, are examined by the Special Examiners, and are reported by them to have failed, unless the Local Government consider that the particular circumstances of the case justify such payment.

(*f*) When a candidate fails to pass the colour vision test, the examiner will point out to him the conditions under which he can appeal. Appeals are to be made through the Port Officer, and forwarded to Local Government with the Examiner's remarks.

(*g*) Only Examiners who have themselves passed the colour vision tests are to undertake the local examinations.

(*h*) The fee paid for examination for a certificate of competency includes the fee of two rupees for examination in form and colour vision, and if the candidate fails to pass those tests, this fee will, with the exception of two rupees, be returned to him.

(*i*) No additional fee will be charged to any candidate referred for special examination, but a candidate who appeals against failure will be required to pay a special fee which will be returned to him if he passes the special examination. If a candidate, who has been reported by the Special Examiners as having failed, is still dissatisfied, it will be open to him, if he so desires, to present himself for a second special examination on payment of a fee of rupees seventy-five, provided that he brings with him a friend to witness the examination.

This second examination will, however, be entirely voluntary, and will form no part of the examination for a certificate of competency. The Local Government will, however, give consideration to the result of such examination in determining whether a certificate shall be granted.

The sight tests are open to all persons serving or intending to serve in the Mercantile Marine or in fishing vessels, and all such persons recommended to take the earliest opportunity of ascertaining whether their vision is such as to qualify them for service in that profession. Any such person, if desirous of undergoing the tests, must make application to the Port Officer, on the Form Exn. 2a, and must pay a fee of two rupees.

This fee will be payable on each occasion on which a candidate is examined.

## CHAPTER II.

### QUALIFICATIONS REQUIRED FOR THE VARIOUS GRADES.*

[Certificates for Foreign-going Ships, or Ordinary Certificates.]

28. **Square-rigged service required.**—A candidate for an Ordinary certificate of any grade who has not previously held an Ordinary certificate of a lower grade must prove that he has served 12 months in the Foreign trade, or 18 months in the Home or Coasting trade, in a square-rigged sailing vessel.

29. **Value of Ordinary Certificates.**—Ordinary certificates will entitle the holders to go to sea as Mates or Masters of any vessel, sailing or steam.

30. **Second Mate.**—A candidate must be not less than eighteen years of age, and must have served four years at sea.

31. **Second Mate, Ordinary; Navigation.**—A candidate for a Second Mate's certificate will be required—

(*a*) To write a legible hand and spell correctly. For the purpose of testing his ability the candidate will be required to write a short essay on some suitable subject.

(*b*) To show a competent knowledge of the first five rules of arithmetic and the use of logarithms.

(*c*) To answer questions on elementary plane trigonometry.

(*d*) To work a day's work complete, correcting the courses for leeway, deviation and variation.

(*e*) To find the latitude by the meridian altitude of the sun.

(*f*) To work any practical problem in parallel sailing.

(*g*) To find the true course and distance from one given position to another by Mercator's method; also the compass course, the variation and deviation being given.

(*h*) To find the true amplitude of the sun and the error of the compass therefrom, also the deviation, the variation being given.

(*i*) To find the longitude by chronometer from altitude of the sun by the usual methods, computing the daily rate of chronometer from errors observed, when required; also to find the true azimuth of the sun, and the error of the compass; and the deviation, the variation being given.

(j) To find the true azimuth of the sun by the "Time Azimuth" tables; the error of the compass; also the deviation, the variation being given.

NOTE.—The candidate will be required to give a figure and explanation for each problem worked, and give a written explanation of any of the terms used in navigation or nautical astronomy that may be asked.

(*k*) To find on a chart or plan the course or courses to steer and the distance or distances from one given position to another; to find the ship's position together with the set and drift (if any) on the chart or plan from cross-bearings of two objects; to find the ship's position from two bearings of the same object, the course and distance run between taking the bearings being

* These qualifications are shown in tabular form in Appendix J.

given, making due allowance for a given tide or current; also, the distance of the ship from the object or any given position at the time of taking the second bearing; to find on a chart or plan the course to steer by compass in order to counteract the effect of a given tide or current, and find the distance the ship will make good towards a given point in a given time; to fix a ship's position on a chart or plan by horizontal sextant angles, using a station pointer; and to work out practically the correction to apply to soundings taken at a given time and place to compare with the depth marked on the chart; and give a method of finding approximately the time of high water at any given place without the aid of the Admiralty or other Tide Tables.

He will be examined orally in the following subjects :—

(*l*) The Morse and British movable semaphore alphabets, the International Code of Signals, and the Allied Signal Manual. He will be required to attain a minimum speed of 10 words a minute in semaphore and 6 words a minute in Morse flashing and 5 words a minute in Morse flag waving. (*See* Appendix D.)

(*m*) The use and adjustments of the sextant, read off and on the arc, and the mode of finding the index error by both horizon and sun.

(*n*) The construction, use and principle of the barometer, thermometer and hydrometer. Also the use and care of a chronometer.

(*o*) Weights and measures.

(*p*) The markings, signs and abbreviations on Admiralty charts or plans.

(*q*) The General Notices published in the Board of Trade Summary of Notices to Mariners.

(*r*) Elementary questions on the main parts of a ship's construction.

32. **Second Mate, Ordinary: Seamanship.**—He must understand and give satisfactory answers on the following subjects :—

(*a*) The standing and running rigging of ships.

(*b*) Bending, unbending, setting, reefing, taking in, and furling sail.

(*c*) Sending masts and yards up and down, etc.

(*d*) Management of a ship when under canvas.

(*e*) Management of ships' boats in heavy weather.

(*f*) Dunnaging and stowing cargo, etc.

(*g*) The Rule of the Road as regards both steamers and sailing vessels, their regulation lights and fog and sound signals.

(*h*) The signals of distress, and the signals to be made by ships wanting a pilot, and the liabilities and penalties incurred by the misuse of these signals.

(*i*) The marking and use of the lead and log lines. Also care and use of sounding machines and mechanical logs.

(*j*) The use and management of the rocket apparatus in the event of a vessel being stranded.

(*k*) Any questions appertaining to the duties of a Second Mate that the Examiner may think necessary to ask.

(*l*) Also questions on the additional subjects which are specified in the rules of examination for Second Mates' certificates of competency for foreign-going steamships. (*See* rule 45.)

33. **Mate, Ordinary only.**—A candidate must be not less than nineteen years of age, and have served five years at sea.

34. **First Mate, Ordinary.***—A candidate must be not less than nineteen years of age, and have served five years at sea, of which—

(*a*) One year must have been in a capacity not lower than Fourth Mate of a foreign-going vessel whilst holding a Second Mate's certificate for foreign-going vessels;

if his service was as Third or Fourth Mate proof will be required that he had during the whole year *charge of a watch* (*see* rule 87);

(*b*) *or* one year and a half must have been in a capacity not lower than Only Mate in a home-trade or coasting vessel whilst holding a Second Mate's certificate for foreign-going vessels, or a Mate's certificate for home-trade passenger ships;

(*c*) *or* one year must have been as Pilot with a First Class Pilot's Certificate (*see* rule 84).

35. **Mate, Ordinary: Navigation.**—In addition to the work for the Second Mate's certificate, a candidate for the Only or First Mate's certificate will be required—

(*a*) To answer questions on right-angled spherical trigonometry.

(*b*) To compute the time at which a given star will be on the observer's meridian. [Occasionally by inspection.]

* For convenience of calculation the service required is stated in a tabular form in Appendix J.

(*c*) To determine what bright stars will be within a certain hour-angle from the observer's meridian, above the pole and above the horizon, at any given time; also the hour-angle, east or west, of each of the stars, and whether they are to the north or south of the observer's zenith when passing the meridian.

(*d*) To compute the approximate meridian altitude of a star, for setting the sextant.

(*e*) To find the latitude from the meridian altitude of a star.

(*f*) To find the longitude by chronometer by altitude of a star.

(*g*) To find the true azimuth of a star by the "Time Azimuth" tables, and get the deviation therefrom.

(*h*) To find the latitude by ex-meridian altitude of the sun or a star.

(*i*) To find the line of position and the true bearing of the sun, and the ship's position, by Sumner's method by projection.

NOTE.—The candidate will be required to give a figure and explanation for each problem worked, and give a written explanation of any of the terms used in navigation or nautical astronomy that may be asked.

(*j*) To answer certain questions on meteorology.

He will be examined orally in the following subjects:—

(*k*) How to keep a ship's log-book.

(*l*) How to calculate the capacity of a given bunker or hold.

(*m*) How to calculate a freight and its commissions.

(*n*) The measurement and equipment of ship's life-boats and number of persons allowed to be carried in each class of boat.

(*o*) Testing of life-buoys and life-belts.

(*p*) The screening of ship's side-lights.

(*q*) More advanced questions on the main part of a ship's construction and general use.

36. **Mate, Ordinary: Seamanship.**—In addition to the qualifications required for a Second Mate's certificate, an Only or First Mate will be required to show a knowledge of the following subjects:—

(*a*) Shifting large spars, rigging sheers, taking lower masts in and out.

(*b*) How to moor and unmoor ship; to keep a clear anchor; and to carry out an anchor.

(*c*) How to manage a ship in stormy weather, and to cast a ship on a lee shore.

(*d*) How to secure the masts in the event of accident to the bowsprit.

(*e*) How to rig purchases for getting heavy weights, anchors, machinery, etc., in or out.

(*f*) How to dispose various kinds of cargo and weights in a stiff and in a tender vessel.

(*g*) The ventilation of holds, and the stowage of explosives.

(*h*) The stowage of grain cargoes.

(*i*) How to rig a sea anchor, and what means to employ to keep a vessel, disabled or unmanageable, out of the trough of the sea, and lessen her lee drift.

(*j*) How to get a cast of the deep sea lead in heavy weather.

(*k*) Accidents, and how to deal with them.

(*l*) Any other questions appertaining to the duties of an Only or First Mate which the Examiner may think necessary to ask.

(*m*) Also questions on the additional subjects which are specified in the rules of examination for Only and First Mate's certificates of competency for foreign-going steamships. (*See* rule 49.)

37. **Master, Ordinary*.**—A candidate must be not less than twenty-one years of age and—

(*a*) he must have served six years at sea, of which one year must have been in a capacity not lower than Only Mate of a foreign-going vessel, whilst holding a certificate not lower than an Only Mate's certificate for foreign-going vessels, provided that, if this service as officer was not performed whilst holding a First Mate's certificate for foreign-going vessels, the candidate will also be required to prove the officer's service prescribed for that grade (rule 35);

(*b*) *or*, he must have served six years at sea, of which one year and a half must have been in a capacity not lower than Only Mate of a home-trade or coasting vessel whilst holding a certificate not lower than an Only Mate's certificate for foreign-going vessels, provided that, if this service as officer was not performed whilst holding a First Mate's certificate for foreign-going vessels, the candidate will also be required to prove the officer's service prescribed for that grade (rule 35);

* For convenience of calculation the service required is stated in a tabular from in Appendix J

(c) *or* he must have served six and a half years at sea, one year of which must have been in a capacity not lower than Second Mate of a foreign-going vessel whilst holding a First Mate's certificate for foreign-going vessels, provided that, if this service as Second Mate was performed under an additional or auxiliary First Mate, it will only be accepted if a Third or Fourth Mate were also carried, *and* one year and a half not lower than Third or Fourth Mate of a foreign-going vessel *in charge of a watch* whilst holding a Second Mate's certificate for foreign-going vessels (*see* rule 9);

(d) *or* he must have served seven and a half years at sea, two years of which must have been in a capacity not lower than Third Mate of a foreign-going vessel whilst holding a First Mate's certificate for foreign-going vessels (*he must prove that he had only two officers over him besides the master,*) *and* one year and a half not lower than Third or Fourth Mate of a foreign-going vessel *in charge of a watch* whilst holding a Second Mate's certificate for foreign-going vessels (*see* rule 9);

(e) *or*, he must have served nine years at sea in the Home or Coasting trade; of which three years must have been as Master *or* one year as Master and three years in a capacity not lower than that of Mate, provided, that in either case, he has served in such capacity for not less than one year with a Second Mate's certificate for foreign-going vessels or a Master's certificate for home-trade passenger ships.

38. **Master, Ordinary: Navigation.**—A candidate for an ordinary Master's certificate will, in addition to the work prescribed for the grades of Second and First Mate that may be given him by the Examiner, be required:—

(a) To write an essay on some technical subject.

(b) To find the latitude by the altitude of the Polar star at any time.

(c) To find the latitude by the meridian altitude of the moon.

NOTE.—The candidate will be required to give a figure and explanation for each problem worked, and give a written explanation of any of the terms used in navigation or nautical astronomy that may be asked.

(d) To find the magnetic bearing of any fixed object when at sea or at anchor from bearings of the object taken with the ship's head on equidistant compass points, and to compute the deviation therefrom; to construct a deviation curve upon a Napier's diagram which will be furnished by the Examiner, and show that he understands its practical application, to give satisfactory written and oral answers to certain practical questions as to the effect of the ship's iron upon the compasses, and the method of determining the deviation, and show how to compensate the deviation by magnets and soft iron by the aid of Beall's Compass Deviascope.

(e) Questions on ship construction and naval architecture and a few elementary questions on stability.

He will be examined orally in the following subjects:—

(f) The law as to the engagement and discharge and management of the crew, and the entries to be made in the official log.

(g) How to prevent and check an outbreak of scurvy on board ship.

(h) The law as to load-line marks, and the entries and reports to be made respecting them.

(i) Invoices, charter party, bills of lading, Lloyd's agent, nature of bottomry, bills of exchange, surveys, averages, etc.

(j) The prevailing winds and currents of the globe.

(k) The trade routes.

(l) Tides.

39. **Master, Ordinary: Seamanship.**—In addition to the qualifications required for the grades of Second and First Mate, an Ordinary Master will be required to show a knowledge of the following subjects:—

(a) Construction of jury rudders for both wooden and iron vessels, also rafts.

(b) Resources for the preservation of the ship's crew in the event of wreck.

(c) Management of ship in heavy weather.

(d) Rescuing the crew of a disabled vessel.

(e) Steps to be taken when a ship is on her beam ends, or in any danger or difficulty, or disabled or unmanageable and on a lee shore.

(f) Heaving a keel out.

(g) How to proceed when placing a ship in dry dock, and directing repairs, and when putting into port in distress with damage to cargo and ship.

(h) Any other question appertaining to the management of a ship which the examiner may think it necessary to ask.

(i) Also questions on the additional subjects which are specified in the rules of Examination for Masters' certificates of competency for foreign-going steamships. (*See* rule 52.)

40. **Special Regulations relating to the examination of Masters and Mates to apply only where the candidate has served an apprenticeship in an approved sea-going training ship, with a view to promotion in the service of the Company to which the training ship is attached.**—(1) The training ship must be a sea-going cargo-carrying square-rigged sailing vessel, and the course of study and practical training which the cadets receive must be approved by the Local Government.

At the end of four years' service in the training ship the cadet will be qualified for examination for a certificate as Second Mate, provided (*a*) he can produce a testimonial to the effect that both his conduct and his ability have given satisfaction during the whole period, and (*b*) that he has served *at sea* for not less than four-fifths of the time, that is to say, has not spent more than one-fifth of the time in home ports, *cf.* rule 104.

If the cadet has served previously for two years in either the "Conway" or the "Worcester" training ship, this time will be allowed to count as one year's qualifying service (*cf.* rule 100), and he will be required to serve for 3 years only in the Company's training ship before he can be allowed up for examination for a certificate as Second Mate (ordinary).

(2) A candidate who has served for four (or three) years on the training ship may be allowed up for examination for a certificate as First Mate (ordinary) when he has served, whilst holding a certificate as Second Mate, *for two years as junior bridge-keeping officer of the watch* upon vessels of the Company satisfying certain requirements [*see* sub-rule (4)]. The words "junior bridge-keeping officer" must be interpreted as meaning the junior of *two* bridge-keeping officers. Where three officers are on the bridge together, the service of the third does not fall within the scope of the Special Regulations, and his service cannot be accepted as qualifying. All cases where cadets, to whom these special regulations apply, subsequently present themselves for examination for First Mate or Master must be referred to the Port Officer so that their real position on board vessels of the Company satisfying the requirements of this rule may be verified by reference to the official logs before they are accepted as eligible for examination.

(3) A candidate who has obtained a certificate as First Mate in the above way may be allowed up for examination for a certificate as Master (ordinary) when he has served for eighteen months whilst holding the Certificate as First Mate, as a senior watch-keeping officer upon vessels of the Company satisfying the same requirements [*see* sub-rule (4)].

If the candidate has served for eighteen months as senior of the junior officers, *i.e.*, the officer next below the junior of the officers in full charge of the watch whilst holding the certificate as First Mate, he may be allowed up for examination for a certificate as Master (ordinary) on the understanding that the certificate as Master would not be issued to him until he had completed twelve months' service as a senior watch-keeping officer, the service in both cases to be performed on vessels satisfying the same requirements [*see* sub-rule (4).]

(4) The special regulations (sub-rules 2 and 3) in regard to the acceptance of service as qualifying for the examinations for certificates as First Mate and Master shall apply only when the service is performed in the specified capacities upon ocean-going steamers of not less than 8,000 tons gross, making an average speed of 15 knots or upwards and carrying a crew of not less than 130 men, including at least five deck officers besides the Master.

41. **Fore-and-aft certificates.**—Certificates for the grades of Second Mate, Only Mate, First Mate, and Master of fore-and-aft rigged vessels will be issued to candidates who have not complied with the regulation which requires them to have served at least one year in square-rigged sailing vessels, or who prove in course of examination that they are ignorant of the management of square-rigged ships. In other respects the qualifications for examination for such certificates are the same as for Ordinary certificates.

The examinations for the grades of Second Mate, Only Mate, First Mate, and Master, of fore-and-aft rigged vessels will be precisely the same as for the Ordinary certificates, excepting that in seamanship a knowlege of the management of square-rigged vessels is not required.

A certificate for fore-and-aft rigged vessels will not entitle the possessor to act in any case in which a certificate for square-rigged vessels is required. Amongst square-rigged vessels are classed full-rigged ships, barques, b igs, barquentines, brigantines, and steamships carrying square sails.

A candidate possessing a certificate for fore-and-aft rigged vessels, and desiring to be examined for an Ordinary certificate, must prove that he has served at sea at least one year in a square-rigged sailing vessel, unless he has previously held an Ordinary certificate of a lower grade.

42. **Steamship Certificates.**—Certificates applying only to steamships are issued to candidates who are either unable to comply with the regulations which requires them to have passed one year in square-rigged sailing vessels or who prove in course of examination that they are ignorant of the management of square-rigged sailing vessels. All the qualifying service prescribed for these certificates may have been performed in steamships.

These certificates will entitle the holders to go to sea as Masters or Mates of foreign-going steamships, but will not entitle them to go to sea as Masters or Mates of foreign-going sailing ships.

There will be no distinction in these certificates between fore-and-aft rigged steamships and square-rigged steamships.

43. **Second Mate, Steamships.**—The qualifications as to age and service are the same as for an Ordinary Second Mate's certificate (*see* rule 30), excepting that the whole of the service may have been performed in steamships and that no service in squ re-rigged sailing vessels is required.

44. **Second Mate, Steamships: Navigation.**—The examination in navigation for a Second Mate's certificate for foreign-going steamships will be precisely the same as that prescribed for an Ordinary Second Mate's certificate.

45. **Second Mate, Steamships: Seamanship.**—The candidate must understand and be able to give satisfactory answers on the following subjects :—

(*a*) The standing and running rigging of steamships.
(*b*) Bending, unbending, setting, taking in, and furling sail.
(*c*) Sending masts and yards up and down, etc.
(*d*) Seeing everything in readiness and clear for getting under way, and the precautions to be then observed with regard to steering gear and connection, engines, propeller, etc.
(*e*) Care and usage of mechanical logs and sounding machines.
(*f*) Management of ships' boats in heavy weather.
(*g*) Dunnaging and stowing cargo, etc.
(*h*) The rules of the Road as regards both steamers and sailing vessels, their regulation lights and fog and sound signals.
(*i*) Signals of distress, and signals to be made by ships wanting a pilot, and the liabilities and penalties incurred by the misuse of these signals.
(*j*) The marking and use of the ordinary lead and log lines.
(*k*) The construction, use, and action of the sluices, and of the water-ballast tanks.
(*l*) Engine-room and other telegraphs used on board ship, and deck appliances generally.
(*m*) Use and management of the rocket appa atus in the event of a vessel being stranded.
(*n*) Any other questions appertaining to the duties of the Second Mate of a steamship which the Examiner may think necessary to ask.

46. **Only Mate, Steamships.**—The qualifications as to age and service are the same as for an Only Mate's Ordinary certificate (*see* rule 33) excepting that the whole of the service may have been performed in steamships and no service in square-rigged vessels is required.

47. **First Mate, Steamships.**—The qualifications as to age and service are the same as for a First Mate's Ordinary certificate (*see* rule 34) excepting that the whole of the service may have been in steamships, and that no service in square-rigged vessels is required.

48. **Mate, Steamships: Navigation.**—The examination in navigation for an Only or First Mate's certificate for foreign-going steamships will be precisely the same as that prescribed for an Ordinary First Mate's certificate (*see* rule 36).

49. **Mate, Steamships: Seamanship.**—In addition to the qualifications require l for a Second Mate's certificate, an Only or First Mate will be required to show a knowledge of the following subjects :—

(*a*) Shifting large spars ; rigging sheers ; and taking lower masts in and out.
(*b*) How to moor and unmoor ship ; keep a clear anchor ; and carry out an anchor.
(*c*) Manangement of a steamship in stormy weather.
(*d*) How to rig purchases for getting heavy weights, anchors, machinery, etc., in and out.
(*e*) How to dispose various kinds of cargo and weights in a stiff and in a tender vessel.
(*f*) Ventilation of holds, and the stowage of explosives.
(*g*) Stowage of grain cargoes.
(*h*) The effects of the screw race upon the rudder ; and the effect produced on the direction of the head of the ship by going [ahead] [astern] with a [right] [left] handed screw when the rudder is [ported] [starboarded] ; also, the effect of twin screws under the same conditions, and when going ahead with one and reversing the other, etc., etc.
(*i*) How to rig a sea anchor, and what means to employ to keep a steamer, with her machinery disabled, out of the trough of the sea, and to lessen her lee drift.
(*j*) How to turn a steamship short round.
(*k*) How to get a cast of the deep sea lead in heavy weather.
(*l*) Any other questions appertaining to the duties of a First Mate of a steamship which the E aminer may think necessary to put to him.

50. **Master, Steamships.**—The qualification as to age and service are the same as for a Master's Ordinary certificate for a foreign-going ship (*see* rule 37), excepting that the whole of the service may have been performed in steamships, and that no service in square-rigged vessels is required.

51. **Master, Steamships: Navigation.**—The examination in navigation for a Master's certificate for foreign-going steamships will be precisely the same as that prescribed for an Ordinary Master's certificate (*see* rule 38).

52. **Master, Steamships: Seamanship.**—In addition to the qualifications required for the grades of Second and First Mate, a Master will be required to show a knowledge of the following subjects :—

(*a*) Construction of rafts and jury rudders suitable for screw steamships.
(*b*) The preservation of the ship's screw in the event of wreck.
(*c*) Management of steamships in heavy weather.
(*d*) Rescuing the crew of a disabled ship.
(*e*) Steps to be taken when a vessel is on her beam ends, or disabled and on a lee shore.
(*f*) How to use steam appliances in the event of fire.
(*g*) Economy in coal consumption.
(*h*) The best arrangement for towing vessels under different circumstances.
(*i*) Placing ship in dry dock; directing repairs; and the mode of procedure when putting into port in distress with damage to cargo and ship.
(*j*) Any other questions appertaining to the management of a steamship which the Examiner may think it necessary to put to him.

53. **Steamship certificates, how changed.**—A candidate possessing a certificate for foreign-going steamships, and desiring to be examined for an Ordinary certificate, must prove that he has served at sea at least one year in a square-rigged sailing vessel, unless he has previously held an Ordinary certificate of a lower grade.

54. **Mate, Home Trade.**—A candidate must be not less than nineteen years of age, and have served four years at sea.

55. **Mate, Home-Trade: Navigation.**—He must write a legible hand and spell correctly, and understand the first five rules of arithmetic, both simple and compound. He must be able to take a bearing by compass, be conversant with the use of a Mercator's Chart, and be able to find, on a chart or plan, the course or courses to steer and the distance or distances from one given position to another; to find the ship's position, together with the set and drift (if any) on a chart or plan from cross bearings of two objects; to find the ship's position from two bearings of the same or different objects, the course and distance run between taking the bearings being given, making due allowance for a given tide or current; also the distance of the ship from the objects or any given position at the time of taking the second bearing; to find on a chart or plan the course to steer by compass in order to counteract the effect of a given tide or current and to find the distance the ship will make good towards a given point in a certain time, and to work out practically the correction to apply to soundings taken at a given time and place, to compare with the depth marked on the chart; also, to fix the ship's position by horizontal sextant angles, using a station pointer for plotting it on the chart or plan, etc., and give a method of finding approximately the time of high water at any given place without the aid of the Admiralty or other Tide Tables. He will also be required to explain orally the markings, signs and abbreviations on Admiralty charts and plans, the use of the sextant, to be able to observe with it, to read *off* and *on* the arc, and to find the index error by the horizon. He will also be required to attain a minimum speed of 10 words a minute in semaphore and 6 words a minute in Morse flashing and 5 words a minute in Morse flag waving, and to have a good working knowledge of the International Code of Signals and Allied Signal Manual.

56. **Mate, Home-Trade: Seamanship.**—He must possess a thorough knowledge of the Rule of the Road as regards both steamers and sailing vessels, their regulation lights, and fog and sound signals. He must be able to describe the signals of distress, the signals to be made by ships wanting a pilot, and the liabilities and penalties incurred by the misuse of these signals: also the use and management of the rocket apparatus in the event of his vessel being stranded. He must be able to mark and use the lead log lines, to moor and unmoor a vessel, and to manage a ship's boat in heavy weather, etc., etc. He must also understand the construction, use and action of the bulkhead sluices, the engine-room telegraph, etc., and to answer any other questions appertaining to the duties of the Mate of a home-trade passenger ship which the Examiner may think proper to put to him.

57. **Master, Home-Trade*.**—A candidate must be not less than twenty-one years of age and have served five years at sea, of which—

(*a*) One year must have been in a capacity not lower than that of Only Mate of a home-trade or coasting vessel, whilst holding a Mate's certificate for home trade passenger ships, or a Second Mate's certificate for foreign-going vessels;

* For convenience of calculation the service required is stated in a tabular form in Appendix J.

(*b*) *or*, two and a half years must have been in a capacity not lower than Second Mate of a home-trade or coasting vessel *in charge of a watch*, whilst holding a Mate's certificate for home-trade passenger ships, or a Second Mate's certificate for foreign-going vessels (*see* rule 87);

(*c*) *or*, one year must have been as Pilot with a First Class pilot's certificate (*see* rule 84).

58. **Master, Home-Trade: Navigation.**—In addition to the qualifications required of a Mate of a home-trade passenger ship, a Master will be required to find the latitude by a meridian altitude of the sun, find compass corrections by Amplitude and Time Azimuth of the sun, and to give written answers to certain practical questions on the subject of the deviation of the compass. (*See* also supplementary *viva voce* test rule 130).

59. **Master, Home-Trade: Seamanship.**—In addition to the qualifications required of a Mate of a home-trade passenger ship, a Master must understand how to a sea anchor, and what means to apply to keep a steamship with machinery disabled out of the trough of the sea; also how to get a cast of the lead in heavy weather, etc. He will be examined as to his resources for the preservation of the crew and passengers in the event of wreck and the steps to be taken if his vessel is disabled and drifting towards a lee shore, and will be required to answer any other questions appertaining to the management of a home-trade passenger ship which the Examiner may think necessary to put to him.

60. **Yacht Certificates.**—The examination for these certificates is purely voluntary and is confined to persons who command their own British sea-going pleasure yachts. A Master of a yacht who is not also the sole owner, or who is under 21 years of age, is not eligible for examination.

Only one description of certificate will be issued, whether the yacht is foreign-going or cruises within the home-trade limits.

The certificate will not entitle the holder to command any vessel except the pleasure yacht or yachts, of which he is at the time the sole owner.

Candidates are not required to have served any specified time afloat, as it is believed that their sea knowledge will be sufficiently tested by the examination they will have to pass in seamanship.

Testimonials of service need not be shown, but a candidate for examination will be required to produce a statutory declaration to the effect (1) that he is sole owner of the yacht; (2) that the yacht is sea-going; (3) that it is not to be used for trading purposes. He will also be required to fill up the form of application (Form Exn. 2), and pay the fee of Rs. 30 at the Port Office, as prescribed in rule 5.

In all other respects, except that the candidate will not be required to produce a "First Aid" certificate, the regulations relating to examinations of Masters of foreign-going ships will apply in these cases.

61. **Yacht Master: Navigation.**—The examination in navigation for a Yacht Master's certificate will be precisely the same as that prescribed for an Ordinary Master's certificate, except that in the civil duties of a shipmaster the Master of a yacht will only be expected to possess a knowledge of what he is required to do by the Merchant Shipping Act.

62. **Yacht Master: Seamanship.**—He must give satisfactory answers as to his knowledge of making and taking in sail, and as to the management of a yacht under canvas in moderate and in stormy weather. He must have a thorough knowledge of the Rule of the Road at sea as regards both steamers and sailing vessels, their regulation, lights and fog and sound signals, and be able to describe the signals of distress, and the signals to be made by ships wanting a pilot, and the liabilities and penalties incurred by the misuse of these signals. He must also understand the use and management of the rocket apparatus in the event of his vessel being stranded. He must be able to mark and use the lead and log lines; to cast a vessel on a lee shore; to moor and unmoor a ship; to keep a clear anchor, and to carry out an anchor. He must know how to keep his vessel out of the trough of the sea in the event of accident; how to rig rafts and jury rudders, etc.; and what steps to take if his vessel is disabled or unmanageable and drifting towards a lee shore. He will also be examined as to his resources for the preservation of the crew in the event of wreck. He must also possess a knowledge of the measures he should adopt for preventing and checking an outbreak of scurvy on board; and be prepared to answer any other questions relating to the management of a yacht, either steam or sailing, which the Examiner may ask.

63. **Provisional Certificates.**—Provisional certificates for foreign-going ships or for foreign-going steamships, according to the candidate's qualifications, are granted on the conditions stated below to any officer of the Mercantile Marine who may require such a certificate to qualify him for appointment to or promotion in the Royal Naval Reserve. These certificates are only issued for Royal Naval Reserve purposes, and do not authorise the holders to go to sea as First Mate or Masters.

Candidates for these certificates must apply to the Port Officer, Calcutta, fill up the form of application (Exn. 2) and pay the usual fee. They must produce their First or Second Mate's certificates of competency, and an authority from the Local Government before they can be examined. This authority should be obtained through the Port Officer.

64. **Provisional Certificates, First Mate.**—Provisional certificates as First Mate are granted to candidates who can prove that they have served five years at sea and that during one year of this period they have served in a capacity not lower than Fourth Mate while holding a Second Mate's certificate. They must pass the usual examination for First Mate and pay the usual fee. The provisional certificate is exchangeable for the full certificate as First Mate, without further payment or examination, on production to the Port Officer of satisfactory proofs that the holder has served at sea not less than 12 months in a foreign-going vessel in a capacity not lower than Fourth Mate, and that during the whole of that period he has been in regular charge of a watch and in possession of a certificate of competency as Second Mate.

65. **Provisional Certificates, Master.**—Provisional certificates as Master are granted to candidates who can prove not less than six and a half years' service at sea, and who pass the usual examination for Master and pay the usual fee. Of this service two and a half years must have been served in a capacity not lower than Fourth Mate of an ocean-going steamship, during the last 12 months of which the candidate must have been in possession of a full certificate as First Mate. These certificates will be exchanged for the full certificate as Master without further payment or examination, on production to the Port Officer of satisfactory proofs that the holder has served at sea either (*a*) not less than two and a half years in a foreign-going vessel in charge of a watch in a capacity not lower than Fourth Mate, and that during 12 months of this period he has served as Second Mate while in possession of a full certificate of competency as First Mate, or (*b*) not less than three and a half years in a foreign-going vessels in charge of a watch in a capacity not lower than Fourth Mate, and that during two years of this period he has served in a capacity not lower than Third Mate whilst in possession of a full Certificate of competency as First Mate.

66. **Voluntary Examination in Compass Deviation.**—Any person holding a certificate of any grade in the foreign or home trade or as Master of his own pleasure yacht, who wishes to pass a voluntary examination in compass deviation, can at any time be examined upon filling up the usual form of application, and paying to the Port Officer the fee of Rs. 15. If the candidate passes the examination a note to that effect will be made upon his certificate.

67. **Voluntary Examination in signalling.**—The examination in Signalling as prescribed for candidates for the Extra Master's certificate is open as a voluntary examination to all persons holding, or who have passed for, or who are candidates for, a certificate of competency of any grade.

If the candidate passes, the fact with the date and place of passing will be recorded upon his certificate of competency.

Candidates may be examined at any port where Ordinary examinations are held upon filling up the form of application (Exn. 2) and paying the fee of Rs. 15. (*See* Appendix D.)

No fee, however, will be charged for this examination if it is taken at the same time as that at which a candidate is examined for any certificate of competency.

68. **Voluntary Examination in Steam.**—These examinations are provided for the purpose of giving Masters and Mates who are possessed of certificates of competency an opportunity of undergoing a voluntary examination as to their practical knowledge of the use and working of the steam-engine. They are conducted under the superintendence of the Port Officer at such times as he may appoint for the purpose.

The examination is open to any person who holds a Certificate of any grade in the foreign or home trade or as Master of his own pleasure yacht. Full particulars of the examination are given in Appendix H.

69. **Examination in Steam: how to apply.**—Candidates should fill up the form of application (Form Exn. 2) at the Port Office, pay the fee of Rs. 15 and deposit their certificates and testimonials with the Port Officer, who will inform them when and where to attend to be examined. The usual testimonials for sobriety and good conduct for at least the last 18 months preceding the date of application to be examined must be produced.

70. **Examination in Steam: endorsement of certificate.**—If the candidate passes, form Exn. 15, together with a written report of the examination, should be sent to the Port Officer and the candidate's certificate, together with the form Exn. 2, will be sent to the Local Government; the words "Certified to have passed in Steam," with the date and place of examination, will then be entered on the certificate and its duplicate, and the certificate will be sent to the Superintendent of the Mercantile Marine Office at the port named in the form Exn. 2, and will be delivered to the candidate in the usual manner.

The endorsement of a Master's or Mate's Certificate for "Steam" does not, however, imply that he is qualified to perform the duties of an Engineer.

71. **Examination in Steam: failure.**—If the candidate fails to pass his Certificate will be returned to him at once, but he may not present himself for re-examination until the expiration of three months from the date of failure.

72. **Certificates of Service.**—A person who has attained the rank of lieutenant in His Majesty's Navy or in His Majesty's Royal Indian Marine Service, is entitled to apply

for a certificate of service as Master of a foreign-going ship without examination. This certificate will not entitle the holder to go to sea as Master or Mate of a home-trade ship.

Certificate of service will be issued by the Board of Trade only. Applications for certificates of service of the Royal Indian Marine must be made on a printed form, Exn. 18, which will be supplied free of charge on application to the Director of the Royal Indian Marine.

Applicants on duty in India should submit their claims to the Director for transmission to the Government of India and the India Office. Officers on leave in England should submit their claims to the India Office on the printed form which may be obtained from that office.

Applications for certificates of service by officers of the Royal Navy on the active list must be made through their commanding officers, and applications from officers of the Royal Navy on half-pay must be made to the Secretary of the Admiralty, who in either case will forward the application to the Board of Trade.

73. **Ambulance Certificates and Government Awards.**—An officer in the Mercantile Marine who holds a certificate of proficiency in First Aid to the Injured from the St. John's or St. Andrew's Ambulance Association or some equivalent certificate, can have the fact endorsed on his certificate of competency provided the latter was issued before April 1st, 1908, if the two certificates are forwarded to the President of the Board of Examiners.

Recipients of Government awards can also have the fact stamped on their certificates of competency, if they submit evidence of the award together with their certificate in a similar manner.

## CHAPTER III.

### RULES FOR ESTIMATING SEA SERVICE.

74. **Sea service.**—In these Regulations sea service is reckoned from the commencement to the termination of the voyage. The certificates of discharge for service in the foreign trade will generally be accepted as proof of sea service, but certificates of discharge for service in the home or coasting trade must always be sent to the Port Officer for verification. Port Officer and Examiners will be careful to see that these discharges have not been in any way tampered with, and will report any suspicious case to the Local Government.

For all certificates of competency as Master or Mate in the Mercantile Marine, the qualifying service usually required is service performed in ordinary trading vessels. While the Regulations provide for the acceptance in part of certain kinds of non-trading service (*e.g.*, that performed in fishing-boats, yachts, pilot vessels, etc.), non-trading service not specially provided for in the Regulations cannot be accepted as qualifying service unless it has been submitted to the Local Government and their sanction obtained.

75. **Sea service for foreign-going certificates.**—For foreign-going certificates the term "sea service" means, unless otherwise stated, service performed in foreign-going vessels.

76. **Officers' service: Home Trade.**—Service in a lower grade than First or Only Mate in the home or coasting trade will not be recognized as officers' service towards qualifying a candidate for examination for a foreign-going certificate.

77. **Service under the Admiralty.**—All service afloat in His Majesty's ships or in auxiliary supply ships or any other ships in attendance on the Fleet between August 4th 1914 and December 31st 1920 inclusive, will be accepted in full (subject to the ordinary conditions as laid down in these Regulations) as qualifying sea service for either Home Trade or Foreign-going certificate.

The Local Government cannot undertake to accept the whole or any definite proportion of service in the Royal Naval Reserve, which is not qualifying service in accordance with these Regulations, but they will be prepared to consider sympathetically an application for examination from a candidate who has been prevented by his service in the Royal Naval Reserve between August 4th 1914 and December 31st 1920 inclusive from complying fully with the requirements.

78. **Service in the Army.**—The Local Government is anxious that, so far as is reasonably possible, seamen or apprentices who served in the Army between August 4th 1914 and December 31st 1920 inclusive should not be hindered in their ordinary profession; and they are prepared to consider sympathetically any application to be examined by a candidate who has been prevented from complying fully with the Regulations owing to his service in the Army.

79. **Officers and seamen interned abroad.**—A portion of the time spent by officer and seamen interned abroad between August 4th 1914 and December 31st 1920 inclusive, will be accepted in lieu of a portion of the Qualifying sea service required to qualify them for examination for a certificate of competency. The amount of such time so allowed will be decided by the Port Officer.

80. **Service in Home Trade.**—For Home-Trade Passenger ship certificates service in the home or coasting trade is regarded as equivalent to service in the foreign trade; but for Foreign-going certificates it is regarded as only equivalent to two-thirds of the time served in the foreign trade, except in the case of Indian coasting voyages extending beyond a distance of 500 miles from the port of departure in vessels commanded by Masters holding foreign-going certificates, when such service will count as foreign voyages, and will be reckoned as full time; but the time spent in the port of departure or home port will not be allowed to count. In all cases the length of service is deemed to commence on the date of sailing from the port of departure or home port and to end on the date of arrival at the home port. Such service must be vouched for in the form laid down in Appendix M.

81. **Certificate, meaning of.**—By the word "certificate" is meant a certificate of competency granted by the Board of Trade under the Merchant Shipping Acts, or by the Government of British self-governing Dominion, Colony, or Possession, under an Order in Council issued in pursuance of the Merchant Shipping Acts.

A list of the Colonial certificates referred to will be found in Appendix L. They are of the same force as the corresponding certificates granted by the Board of Trade.

82. **Colonial local certificates.**—The holder of a Colonial certificate for foreign-going ships *not* granted under the Merchant Shipping Acts who desires to be examined for an Imperial certificate of the same grade, must prove that he has performed the amount of service required by these Regulations to entitle him to hold such a certificate. He must also produce satisfactory testimonials as to character for at least the last 12 months of sea service preceding his application to be examined.

83. **Foreign-going certificates.**—Where a foreign-going certificate is required in order to qualify a candidate for examination, the certificate may be either an Ordinary certificate, or a certificate for fore-and-aft rigged vessels, or a certificate for foreign-going steamships.

84. **Pilot defined.**—The term "pilot" in these Regulations (*see* rules 34 and 57 means a pilot who is employed in general pilotage, and holds a first class pilot's certificate from some competent authority authorising him to pilot vessels outside harbour and partially smooth water limits. A Hooghly Master pilot is for the purpose of this rule to be considered as a first class pilot.

85. **Officer's service.**—Officer's service to be recognised as qualifying for purposes of examination must be performed with the requisite certificate as specified in appendix J. The officer's service performed by men who have been duly promoted during the course of a voyage (*see* rule 89) who, in consequence of serving in vessels plying between ports abroad, have been unable to obtain the necessary certificates, may, however, be recognised, provided that it is in other respects satisfactory.

86. **Foreign officers.**—Foreign officers who wish to apply for a British certificate of competency must in all cases have performed their qualifying officer's service with the requisite British certificate and must comply with rule 3. The service may have been performed in foreign vessels if the candidate can produce satisfactory testimonials as to conduct and character, and is able to prove that the service has been in the required capacities, and that during the period of service he has held a British certificate of competency of the grade required by the Regulations (*see* rule 90).

87. **In charge of a watch.**—When service in charge of a watch in either the foreign or home trade is specified in the regulations, candidates for certificates of competency as First Mate must be able to prove that during eight months at least of their service they have kept full regular watch *during the whole voyage*, i.e., *from port to port*, which, if in the foreign trade, must amount to not less than 8 hours of each 24 hours' service. Where a candidate can prove eight months of such full service, service performed in cases where watches were doubled at any time during the voyage will be accepted as equivalent to half the same period of full watch-keeping service. No amount of occasional service will, by itself, be accepted as qualifying service. Candidates for certificates of competency as Master will be required to have served during the whole of the time specified by the Regulations, in full charge of a watch, and no service performed under the system of double watches, except as the senior officer, will be accepted as qualifying service for a certificate of this grade. Great care must be exercised by the Examiners and others in regard to such service and unless the candidate produces a clear and satisfactory testimonial specially setting forth the above facts, from the Master or owner of the vessel in which the service was performed, it must not be accepted.

88. **Additional mates.**—Service as additional or auxiliary First or Second mates in large foreign going vessels, when in both cases Third and Fourth Mates are also carried, will count as First Mate's or Second Mate's service, as the case may be, provided that the candidate was entered on the articles in one of these capacities, and that he produces the necessary certificate (*see* rule 87) showing that he was in charge of a watch or watches during the whole time claimed. (*See also* rule 9).

89. **Promotion during voyage.**—Whenever a man has, from any cause, been regularly promoted on the occurrence of a vacancy in the course of the voyage from the rank in which he first shipped, and such promotion, with the ground on which it has been made, is properly entered in the articles and in the Official Log Book, he will receive credit for his service in the higher grade for the period subsequent to his promotion.

90. **Evidence as to Service in foreign vessels.**—The testimonials of service of foreigners and of British officers and seamen serving in foreign vessels, which cannot be verified by the Port Officer, must be confirmed either by the Consul of the country to which the ship in which the candidate served belonged or by some other recognised official authority of that country, or by the testimony of some credible person on the spot having personal knowledge of the facts required to be established. The production, however, of such proofs will not of necessity be deemed sufficient. Each case will be decided on its own merits, and if the sufficiency of the proofs given appears to be at all doubtful, it must be referred to the Government for decision.

91. **Auxiliary screw ships.**—Service in vessels with auxiliary steam or motor power which use their propelling machinery only in calms or during light winds, is considered as service performed in sailing vessels.

92. **Excursion steamers.**—In the case of excursion steamers only such service as can be proved to have been performed at sea will be accepted.

93. **Service as carpenter, sailmaker, cook, steward, etc.**—Candidates whose service has been performed in capacities other than apprentice, midshipman, cadet, ordinary seaman or able seaman—*e.g.*, men who have served as carpenter, or sailmaker, or as cook in small vessels where cooking is only a part of a man's duty—will be required to satisfy the Port Officer that they have during the whole time claimed performed deck duties in addition to their own particular work, and that they have a good knowledge of seamanship. These facts may possibly be proved by the production of satisfactory certificates from the Masters with whom the candidate has served; but such service will only be accepted as equivalent to two-thirds of the time served as ordinary deck hand. Failing satisfactory evidence, the applicant will be required to perform additional service in the capacity of seaman. Service as cook (under other conditions than the above), or as steward, purser, or wireless operator will not be accepted.

94. **Service as wireless operator.**—If a candidate has been engaged on articles of agreement as seaman or in any seamen rating and has served both as a seaman and as a wireless operator two-thirds of such service may be counted as qualifying service.

If a candidate has been engaged on articles of agreement as a wireless operator and has served as such, one quarter of the service up to a maximum of twelve months may be counted as qualifying service.

95. **Service in fishing or pilot vessels.**—Service performed exclusively in trawlers and other deep sea-fishing vessels, or in pilot vessels, will not qualify a candidate for examination. He must in addition prove the following service:—

(*a*) For a Foreign-going certificate, service for at least 18 months in an ordinary trading vessel in the foreign trade, or the equivalent period, 27 months, in the home or coasting trade.

(*b*) For a Home-Trade Passenger Ship certificate, service for at least twelve months in an ordinary trading vessel in the foreign, home, or coasting trade.

96. **Service in yachts.**—Service in pleasure yachts will be accepted as qualifying service under the following conditions:—

(*a*) It must in all cases be verified by satisfactory proofs, which must set forth clearly and in detail the nature and duration of the service claimed; and it must be distinctly understood that only actual sea service will be accepted, and that service in harbour or port is inadmissible.

(*b*) Service in foreign-going yachts will be accepted in full; and service performed within Home-Trade limits in sailing yachts of not less than 50 tons net register or in steam yachts of not less than 80 tons gross register will be accepted in the proportion stated in rule 80; but candidates must also show (1) for a Foreign-going certificate, service for at least 18 months in an ordinary trading vessel in the foreign trade, or for the equivalent period, 27 months, in an ordinary trading vessel in the home or coasting trade; (2) for a Home-Trade Passenger ship certificate, service for at least 12 months in an ordinary trading vessel in the foreign, home, or coasting trade.

(*c*) Service within Home-Trade limits in sailing yachts of 20 tons net register, or in steam yachts of 40 tons gross register, will be accepted towards qualifying a candidate for a foreign-going certificate as equivalent to half the same time served in the foreign trade, but no amount of such service shall count as more than two years' service in the foreign trade, and no such service shall count as officers' service to qualify candidates for foreign-going certificates.

(*d*) Service within home-trade limits in sailing yachts of not less than 20 tons net register, or in steam yacht of not less than 40 tons gross register, will be

accepted at the ordinary rate as qualifying service for Home-Trade Passenger Ship certificates, but candidates must prove that they have in addition served for at least 12 months in an ordinary trading vessel in the foreign, home, or coasting trade.

(*e*) Service within Home-Trade limits in sailing yachts of less than 20 tons net register, or in steam yachts of less than 40 tons gross register, will not be accepted as qualifying service for any class of certificate.

97. **Service in tugs, War Department vessels, etc.**—Service performed in tugs employed in Channel service or outside partially smooth water limits may be accepted as sea service for the purpose of qualifying a candidate for a Mate's or Master's certificate for Home-Trade Passenger Ships only.

Service performed in War Department vessels employed outside partially smooth water limits may be accepted as sea service to qualify a candidate for a Mate's or Master's certificate for home-trade passenger ships only. This service cannot be accepted towards qualifying a candidate for a Foreign-going certificate, unless there should be some very exceptional circumstances, when the case, together with all the candidate's papers, should be submitted to the Port Officer for his consideration.

98. **Service in dredgers.**—Service in steam hopper barges may, subject to the provisions of rule 100, be allowed to count towards qualifying a candidate for a Mate's certificate of competency for home-trade passenger ships provided the candidate can prove at least two years' service in an ordinary trading vessel in either the home, coasting, or foreign trade. Service in these steam hoppers will not be accepted as officer's service towards qualifying a candidate for a Master's certificate.

99. **Service in lightships or engine-room.**—Service in lightships or in an engine-room will not be accepted as sea service.

100. **Service on rivers.**—Service performed on rivers, no matter of what size, and service performed within smooth or partially smooth water limits will not be accepted.

Where any doubt whatever exists on this point, the candidate will be required to produce a certificate from the Master or owner of the vessel in which the service was performed, before the service can be accepted.

101. **Training ships.**—Time served on board a training ship will be allowed to count as equivalent to one-half the same time spent in service at sea, up to a limit of two years (*i.e.*, no length of service will be allowed to count as more than one year at sea), provided that the candidate can produce a certificate from the Committee or Captain Superintendent that he has conducted himself creditably and passed a good examination in seamanship so far as it is practised in the training ship, as well as in other matters down to the time of his leaving the ship. Training ship service will not be regarded as equivalent to service in square-rigged vessels.

102. **School for nautical training.**—Time spent at a school for Nautical Training conducted on premises ashore may be allowed to count in some proportion, not exceeding one-half, as service at sea provided that—

(*a*) the school is in receipt of a grant from the Board of Education under the Regulations for Schools of Nautical Training;

(*b*) after an inspection by one of their officers the Board of Trade are satisfied that the school gives a training that justifies time spent there being reckoned as part of the necessary qualifying time for a certificate of competency;

(*c*) the candidate produces a satisfactory certificate as regards conduct and proficiency from the authorities of the school on leaving it.

The proportion in which time spent at a school conducted on premises ashore will be accepted as qualifying under the above provisions will be decided after inspection by one of the Board's officers, but time spent at the school will never be counted as equivalent to more than one-half of the same time spent at sea, nor will it in any circumstances be taken as equivalent to more than one year at sea.

103. **Apprentices.**—The *whole* of the time claimed under indentures of apprenticeship will be accepted as actual sea service to qualify under rule 30 for a second Mate's certificate provided (*a*) that the indentures have not been cancelled through some fault of the candidate, but are endorsed by the owner or Master to whom he was bound to the effect that he has performed his service faithfully during the time he remained as apprentice; and (*b*) that the candidate has served at sea fourth-fifths of the time claimed, that is to say, has not spent more than one-fifth of the time in home ports.

In cases where an apprentice is qualified for examination before the expiration of his indentures, *e.g.*, where he has had training ship or other sea service prior to being bound, which, together with his actual time as apprentice, makes up the required four-years, or where his indentures are for a period of more than four years, a letter from the owner or Master will be accepted in place of the endorsement referred to above.

In the event of the candidate being short of the required four-fifths of the time claimed as apprentice out of the United Kingdom, he will be required to show sufficient

additional sea service, either as seaman or junior officer, to make up the four-fifths of the time claimed.

104. **Midshipmen and cadets.**—The *whole* of the time served as midshipman or cadet under indentures will also be accepted subject to the *same* conditions as those laid down for apprentices; and the same will be the case even when not bound by indentures, provided that the service as midshipman or cadet has been continuous, and that on the date of the termination of the period of service claimed in this capacity the candidate was on articles of agreement, and that he is able to comply with the requirements laid down in the matter of serving or making up the four-fifths period at sea during the time claimed.

105. **Lighthouse tenders.**—Service performed in the sea-going steam vessels of the Trinity House, of the Commissioners of Northern Lighthouses, or of the Commissioners of Irish Lights, or in Irish and Scotch Fishery Cruisers, will be accepted as sea service for the purpose of qualifying a candidate for examination for a home-trade passenger ship certificate; but for a foreign-going certificate a candidate must show in addition to this service calculated in accordance with rule 80 at least twelve months in an ordinary trading vessel. In order to qualify a candidate for an ordinary certificate, this twelve months must have been performed in a square-rigged sailing vessel. (*See* rule 28.)

106. **Service in Royal Navy.**—Officers of the Royal Navy are at liberty to apply for certificates of service and to be examined for certificates of competency in the Mercantile Marine, but the Lords Commissioners of the Admiralty have directed that the applications of officers on the active list should be made through their commanding officers, and that the applications of officers on half-pay should be made to the Secretary of the Admiralty, who, in either case, will forward the application to the Board of Trade. In the case of Royal Indian Marine officers, applications for certificates of service should be made on a printed form Exn. 18, which will be supplied free of charge on application to the Director of the Royal Indian Marine. Applicants on duty in India should submit their claims to the Director for transmission to the Government of India and the India Office. Officers on leave in England should submit their claims to the India Office on the printed form which may be obtained from that office.

The conditions on which certificates of service are issued are stated in rule 72.

107. **Qualifications required of Naval and Indian Marine Officers.**—Officers of the Royal Navy or of the Royal Indian Marine who wish to be examined for certificates of competency in the Mercantile Marine will be required to prove the following service; and if an officer wishes to obtain the ordinary certificate for foreign-going ships he must prove that at least twelve months of this required period was served under sail alone:—

(*a*) For second Mate. The officer must prove four years' service at sea.
(*b*) For only Mate. Five years' service at sea.
(*c*) For First Mate or Master. The officer must prove that he has attained the rank of lieutenant in the Royal Navy, or in the Royal Indian Marine.

108. **Service in Royal Naval Reserve.**—Lieutenants, sub-lieutenants, and acting sub-lieutenants of the Royal Naval Reserve who perform sea service on board His Majesty's ships, will, if accompanied by a good report, be allowed to count such service as if it had been performed in foreign-going merchants ships, and the service will rank according to the certificate of competency held by the candidate at the time.

The time spent in Periodical Training in the Royal Naval Reserve on board sea-going vessels of the Royal Navy, if accompanied by a good report, will be accepted in full, but in the case of midshipmen, will not count as officer's service. In the case of service in Harbour ships of the Royal or Colonial Navies, only one-half of the time will be accepted as sea service, and no such service must amount to more than one-fourth of the time required for the particular grade of certificate applied for.

## CHAPTER IV.

### CONDUCT OF THE EXAMINATION.

109. The examinations will begin at 10 A.M. on each day. A regular luncheon interval will be given each day between 1 P.M. and 2 P.M., the *viva voce* and practical parts of the examination being taken at such times as may be convenient. The time allotted for each written part of the examination for each grade of certificate will be as follows:—

SECOND MATE.—Paper on Navigation and Nautical Astronomy, 3 hours; Nautical Astronomy and Trigonometry, 2 hours; Chart work, 3 hours; Essay 1 hour.

FIRST OR ONLY MATE.—Paper on Navigation and Nautical Astronomy, 3 hours; Nautical Astronomy and Trigonometry, 2 hours; Chart work, 3 hours; Sumner problem, 2 hours; Meteorology paper, 1½ hours.

MASTER—Paper on Navigation and Nautical Astronomy, 3 hours; Nautical Astronomy and Trigonometry, 2 hours; Chart work, 3 hours; Meteorology paper, 1½ hours; Compass Deviation, 1½ hours; Naval Architecture, 1½ hours; Essay, 2 hours.

HOME TRADE MATE.—Arithmetic paper, 2 hours; Chart work, 3 hours.
HOME TRADE MASTER.—Arithmetic paper, 2 hours; Chart work, 3 hours; Nautical Astronomy and Deviation questions, 3 hours.

110. **Candidates to be punctual.**—Candidates are required to appear at the examination room punctually at the time appointed.

111. **Loose paper and books removed.**—Before commencing the examination the tables or desks must be cleared of all scraps of paper or books that are not used in the examination.

112. **No strangers admitted.**—No person will be allowed in the room during the examination other than those whose duties require them to be present.
No instructors will be allowed on the premises.

113. **Books and papers strictly forbidden.**—Candidates are prohibited from bringing into the examination room books or papers of any kind whatever. The slightest infringement of this rule will subject the offender to all the penalties of a failure, and he will not be allowed to present himself for re-examination for a period of three months.

114. **All work to be shown.**—No candidate will be allowed to work out his problems on waste paper, or to write on the blotting paper supplied for his use in the examination. Violation of this rule will subject the candidate to all the penalties of a failure.
A sheet of blotting paper should be issued to each candidate with the first examination paper, and it must be returned to the examiner when the last paper is completed each day. The Examiner will be careful to see that the blotting paper has not been used by the candidate in solving his problems, or for conveying information to other candidates.

115. **Instruments, Books, etc., are provided.**—All instruments, books, etc., necessary for use in the examinations are supplied by the Local Government.

116. **Leaving room or building.**—No candidate may leave the examination room without permission and without giving up the paper on which he is engaged. Under no circumstances will a candidate be allowed to leave the building while the examination is proceeding. Violation of this rule will subject the candidate to all the penalties of a failure.

117. **Copying, etc., to be prevented.**—Candidates should be so placed as to prevent one copying from the other, and no communication whatever between the candidates should be allowed.

118. **Penalty for Copying, etc.**—In the event of any candidate being discovered referring to any book or paper, or copying from another, or affording any assistance or giving any information to another, or communicating in any way with another, during the time of examination, or copying any part of the problems for the purpose of taking them out of the examination rooms he will subject himself to all the penalties of a failure and will not be allowed to be examined for a period of six months.
A candidate guilty of a second offence will not be allowed to be examined until 12 months have elapsed.

119. **Injury to books, Instrument, etc.**—If a candidate defaces, blots, writes in, or otherwise injures any book or form belonging to the Local Government, the papers will be retained until he has replaced the damaged book or document. He will not be allowed to remove the damaged book or document or instruments and will be subjected to all the penalties of a failure.

120. **Silence.**—Perfect silence is to be preserved in the examination room.

121. **Penalty for breach of rules.**—Any candidate violating any of the regulations, or being guilty of insolence to the Examiner, or of disorderly or improper conduct in or about the room, will render himself liable to the postponement of his examination, or, if he has passed, to the detention of his certificate for such period as the Local Government may direct.

122. **Examination papers: how to be dealt with.**—The examination papers of candidates must in all cases be sent to the Port officer for his approval, together with the report of the examination on the forms Exn. 14 and Exn. 34.

123. **Examination in Navigation.**—The whole of the written portion of the examination will be taken on the marks system. The candidate will be furnished with sheets of the blank ruled paper (Exn. 30) which is supplied for the purpose, with instructions that he is to work or write only on one side of the paper, and to answer in a clear and legible hand each of the questions on the paper, and to commence each answer by writing down the number of the question to which it relates in the margin. Marks will be allotted for each question, and candidates will be required to obtain 75 per cent. of the total marks in order to pass for an Ordinary Certificate. Papers will not be handed back to candidates for correction.

124. **Compass Deviation.**—In answering questions on the tentative method of compass adjustment, the candidate will be tested by Beall's Compass Deviascope.

125. **Barometer, tides, &c.**—The examination on the barometer, thermometer, and hydrometer, prevailing winds and currents of the globe, trade, routes, and tides, will be conducted orally, and the questions asked by the examiner, which will be constantly varied, will be confined to and based on the information given in the text-books mentioned in Appendix K; candidates will be required to have a fair and intelligent knowledge of the contents of those books.

126. **Sextant.**—Particular attention should be paid to the sextant, the examination in which will be conducted orally and practically. Every candidate will be required to measure both vertical and horizontal angles, and will be examined practically as to his knowledge of the adjustments and the use of the various screws; he must be able to read correctly on and off the arc, and must also be able to find the index error both by the horizon and by the sun.

127. **Corrections by tables.**—The corrections by inspection of tables given in some of the works on navigation will not be allowed; every correction must appear on the papers of the candidates.

128. **Degree of precision required.**—Degree of precision required in the solution of the problems :—

(*a*) Candidates are expected to work their problems to the nearest half-minute of arc and to the nearest second in time.

(*b*) In interpolating for the correct deviation to be applied in solving the chart questions, it will usually be sufficient if the candidate works throughout with the nearest degree of deviation taken from the deviation card; and even in cases where the deviations may vary but little, the nearest half degree used throughout will be sufficiently precise. It is not necessary that the candidate should waste his time in solving the course to odd minutes, as is sometimes done.

(*c*) In calculating the correction to apply to soundings the candidate is not required to work to the exact inch, as is sometimes done. It will be sufficient if he brings his answer within half a foot or so of a precise result.

129. **Candidates may use own method.**—Candidates will be allowed to work out the various problems according to any method they have been accustomed to use, provided such methods correct in principle.

130 **Supplementary viva voce.**—Candidates will be examined orally as to their knowledge of all their written and worked papers.

131. **No candidate to be examined twice in a week.**—A candidate will not be allowed to undergo examination twice in the same week, unless, under very special and urgent circumstances, the Examiner should see fit to relax this rule. In that case a special set of problems should be supplied to the candidate.

## APPENDIX A.

| Examination Days ; Places. | Masters' and Mates' Certificates For Masters and Mates. |
|---|---|
| Aberdeen | 2nd and 4th Tuesday in each month. |
| Belfast | 1st and 3rd Tuesday in each month. |
| Cardiff | 1st and 3rd Tuesday in each month. |
| Dublin | 2nd and 4th Tuesday in each month. |
| Dundee | 1st, 3rd and 5th Tuesday in each month. |
| Glasgow | 1st, 3rd and 5th Tuesday in each month. |
| Greenock | 2nd and 4th Tuesday in each month. |
| Hartlepool, West | 4th Tuesday in each month. |
| Hull | 2nd and 4th Tuesday in each month. |
| Leith | 2nd and 4th Tuesday in each month. |
| Liverpool | Monday in each week. |
| London | Monday in each week. Examination in steam held on Friday in each week. |
| Newport Mon. | 2nd Tuesday in each month. |
| Plymouth | 2nd and 4th Tuesday in each month. |
| Shields, South | 1st and 3rd Tuesday in each month. |
| Sunderland | 2nd and 5th Tuesday in each month. |
| Swansea | 4th Tuesday in each month. |
| Calcutta | 1st Monday in January, April, July and October and 2nd Monday in February, May, August and November. |
| Chittagong | To be fixed by the local Government. |

*N.B.*—The Examination days and the ports at which examinations are held are liable to be changed, and candidates are advised to ascertain the actual date of examination from the Superintendent of the Mercantile Marine Office, or the local Examiner of Masters and Mates.

## APPENDIX B.

(*See* Rule 27.)

PORTS WHERE EXAMINATIONS IN THE SIGHT TESTS ARE HELD.

The Sight Tests can only be conducted in a good light, and it will often be impossible for candidates to have their sight tested later than two o'clock in the afternoon in the winter months (September to March inclusive), or even earlier on dull or foggy days. Where definite hours are mentioned in the following list of ports candidates can only be tested within those hours; at all ports candidates should attend as early in the morning as practicable :—

Aberdeen—Monday before the 2nd and 4th Tuesday in each month.
Belfast.—Monday before the 1st and 3rd Tuesday in each month.
Bristol.—Monday before the 1st and 3rd Tuesday in each month.
Cardiff.—Any Monday between 10 A.M. and 11 A.M.
Dublin.—Monday before the 2nd and 4th Tuesday in each month.
Dundee.—Monday before the 1st, 3rd and 5th Tuesday in each month.
Glasgow.—Any day between 10 A.M. and noon.
Greenock.—Monday before the 2nd and 4th Tuesday in each month, between 10 A.M. and noon.
Grimsby.—Monday before the 1st and 3rd Tuesday in each month.
Hartlepool (West).—Monday before the 4th Tuesday in each month.
Hull.—Any day.
Leith.—Monday before the 2nd and 4th Tuesday in each month.
Liverpool.—Every Thursday, Friday and Saturday.
London (Dock Street, E.).—Every Friday and Saturday.
London (138, E. India, Dock Road, Poplar, E. 14).—Any day between 10 A.M. and noon.
London (Tilbury, Essex).—Every Thursday and Friday between 10 A.M. and noon.
London (Victoria Docks, E. 16).—Any day.
Manchester (Salford).—Any day.
Newport.—Any Monday at 10 A.M.
Plymouth.—Monday before the 2nd and 4th Tuesday in each month.
Southampton.—Every Monday and other days by special arrangement.
South Shields.—Monday before the 1st and 3rd Tuesday in each month.
Sunderland.—Monday before the 2nd and 5th Tuesday in each month.
Swansea.—Any Monday at 10 A.M.
Calcutta.—Any day.
Chittagong.—

## APPENDIX D.

(*See* Rules 31 and 67.)

EXAMINATION IN SIGNALLING.

The examination in Signalling should in all cases and for all grades commence with an examination in the International Code and be followed by an examination in the Allied Signal Manual, including Morse Flashing, Flag-waving and Semaphore.

*International Code.*—Examiners are recommended to frame the examination in the International Code of Signals, upon the instructions and illustrations given at the commencement of Parts I and II of the Signal Book. The information there given will be found sufficient to indicate all the characteristics of the Code.

By the form of the hoist, an observer can at sight understand the nature of any signal he sees flying; the examination should, therefore, tend to elicit a clear knowledge of all the distinctive features of the Code.

With this object in view, the examiners should question the candidates as to the distinguishing forms of the respective hoists, which will be indicated according as a burgee, a pennant, or a square flag is uppermost, and also with regard to the number of flags, and the position of the Code flag when used in the hoist; making the 1, 2, 3 and 4 flag signals with the flags supplied for the purpose, and varying the signals made, showing 2 and 3 flag signals, with and without the Code flag included, or a Geographical or a Vocabulary signal, the name of a merchant ship or of a ship of war.

As the two latter signals would not be found in the Signal Book, the candidate should know where to find them and how to look them out.

The candidate should:—(*a*) Be able to read a signal at sight, so far as to name the flags composing the hoist. (*b*) Know the use of the Code pennant and of the pennants C and D, "Yes" and "No," also of the two burgees A and B, and the square flags S and P, and the flags used to indicate cholera, plague, etc., on board, and the quarantine flag. (*c*) Be required to signal some word or words not included in the vocabulary of the Code either by letters or by the Spelling Table (page 516) or both. (*d*) Have a knowledge of the Distant Signals, and of their object, and the different modes of signalling therewith. (*e*) Know the special Morse signals indicated by certain letters as given on page 550. (*f*) Have a good knowledge of the Distress Signals and understand the penalty which may be incurred by their improper use.

The International Code is used on board His Majesty's ships, and it has been adopted by all the principal Maritime Powers for their public as well as merchant ships.

*Allied Signal Manual.*—Candidates will be expected to know the meaning of any or all of the single flag signals given therein, and the significations of the Pilot Jack when incorporated in a hoist. They should also be required to make or read from the Pilot Jack table a hoist given by the Examiner. Candidates need not be expected to commit the Pilot Jack table to memory but there should be no hesitation whatever in making or reading a signal. They should also know how to recognise any of the Special Signals given at the end of the Allied Signal Manual.

*Morse Flashing Flagwaving and Semaphore.*—Candidates for the voluntary examination in signalling will be required to attain a minimum speed of 12 words a minute in semaphore, 10 words a minute in Morse flashing and 6 words a minute in Morse flagwaving (the average length of a word being taken as 5 letters).

Candidates for other certificates will only be required to attain a speed of 6 words a minute in Morse flashing and 6 words a minute in Morse flagwaving and 10 words a minute in Semaphore.

In the ordinary examination, it will be sufficient if in Morse flashing a candidate is given a test card and a spelling message of 10 words, in Morse flagwaving a spelling message of 10 words, and in Semaphore a spelling message of 25 words.

In the voluntary examination in signalling, the Semaphore test will be a spelling message of 50 words.

The Morse flashing and flagwaving test will be a test message (*see* Allied Signal Manual) followed by a spelling message of 25 words.

The candidates must attain a decree of accuracy of at least 90 per cent. both in making and reading in each method, i.e., Flashing, Flagwaving and Semaphore.

In the examination in Morse flashing and flagwaving the candidate should be first required to make a test message, followed by a spelling message of 25 words. The examiner should then make a test message, followed by a spelling message of 25 words to be read by the candidate.

The same procedure must be observed in the Semaphore examination, except that, as a test message is not given, the candidate will be required to make a spelling message of 50 words and then to read a message of 50 words made by the Examiner. The Semaphore messages may be made either by hand flags or mechanical Semaphore or both at the discretion of the Examiner.

In the Morse flashing and flagwaving examination, marks will be allotted for the test message in the proportion of 50-78 of a mark for each correct letter (see table at back of test cards), and for the spelling message 2 marks for each correct word or group of figures. The candidate must for a pass gain an aggregate of at least 90 per cent of the maximum marks in both spelling and test messages.

In the Semaphore examination 2 marks will be allotted for each correct word and 90 per cent. of the maximum must be obtained for a pass

The spelling message is left to the discretion of the Examiner, and may be a passage from any book or newspaper in English. When the passage contains figures and the candidate does not choose to spell them out, the Examiner should see that the proper signs are made before and after the figures.

The message as read by the candidate should be taken down by another candidate where possible, otherwise by a clerk, or other person according as the Examiner may deem expedient.

Candidates should be thoroughly tested in the various signs and the procedure of calling up, sending and answering a signal, as laid down in the Allied Signal Manual, and this course should always be strictly adhered to.

Particular attention should be paid by Examiners to the accurate spacing of the Morse signs, and to the intervals between letters and words, both in flashing and flagwaving, and also to the correct making of the Semaphore signs. Any attempted increase of speed at the expense of accuracy should be discouraged.

The block letter test and spelling message as read by the candidate should be forwarded on the Form Exn. 19*a*, together with the percentage of marks allotted and report on the Form Exn. 19*b* to the Principal Examiner, with any remarks the Examiner may have to add with respect to the examination.

Spottiswoode, Ballantyne & Co., 1, New Street Square, London, E. C. 4, and the principal booksellers at the various ports, price 5*s*.

The Official Mercantile Navy List and Maritime Directory may be obtained in like manner, price 12*s*.

The Allied Signal Manual may be obtained through any bookseller, or directly from His Majesty's Stationery Office at any of the addresses given on the title page of these Regulations, price 1*s*

## APPENDIX E.

### REGULATIONS FOR PREVENTING COLLISIONS AT SEA.

### 1. ORDER IN COUNCIL OF OCTOBER 13, 1910

#### SCHEDULE I.

*Preliminary.*

These Rules shall be followed by all vessels upon the high seas and in all waters connected therewith navigable by sea-going vessels

In the following Rules every steam vessel which is under sail and not under steam is to be considered a sailing vessel, and every vessel under steam, whether under sail or not, is to be considered a steam vessel.

The word "steam vessel" shall include any vessel propelled by machinery.

A vessel is "under way" within the meaning of these Rules, when he is not at anchor, or made fast to the shore or aground.

*Rules concerning lights, etc.*

The word "visible" in these Rules, when applied to lights, shall mean visible on a dark night with a clear atmosphere.

Article 1. The rules concerning lights shall be complied with in all weathers from sunset to sunrise and during such time no other lights which may be mistaken for the prescribed lights shall be exhibited.

Article 2. A steam vessel when under way shall carry :—

(*a*) On or in front of the foremast, or if a vessel without a foremast, then in the fore part of the vessel, at a height above the hull, of not less than 20 feet, and if the breadth of the vessel exceeds 20 feet, then at a height above the hull not less than such a breadth, so, however, that the light need not be carried at a greater height above the hull than 40 feet, a bright white light so constructed as to show an unbroken light over an arc of the horizon of 20 points of the compass, so fixed as to throw the light 10 points on each side of the vessel, viz., from light ahead to 2 points abaft the beam on either side, and of such a character as to be visible at a distance of at least 5 miles.

(*b*) On the starboard side a green light so constructed as to show an unbroken light over an arc of the horizon of 10 points of the compass, so fixed as to throw the light from right ahead to two points abaft the beam on the starboard side, and of such a character as to be visible at a distance of at least 2 miles.

(*c*) On the port side a red light so constructed as to show an unbroken light over an arc of the horizon of 10 points of the compass, so fixed as to throw the light from right ahead to two points abaft the beam on the port side, and of such a character as to be visible at a distance of at least 2 miles.

(*d*) The said green and red side-lights shall be fitted with in-board screens projecting at least 3 feet forward from the light, so as to prevent these lights from being seen across the bow.

(c) A steam vessel when under way may carry an additional white light similar in construction to the light mentioned in subdivision (a). These two lights shall be so placed in line with the keel that one shall be at least 15 feet higher than the other, and in such a position with reference to each other that the lower light shall be forward of the upper one. The vertical distance between these lights shall be less than the horizontal distance.

Article 3. A steam vessel when towing another vessel shall, in addition to her side-lights, carry two bright white lights in a vertical line one over the other, not less than 6 feet apart, and when towing more than one vessel shall carry an additional bright white light 6 feet above or below such lights, if the length of the tow, measuring from the stern of the towing vessel to the stern of the last vessel towed, exceeds 600 feet. Each of these lights shall be of the same construction and character, and shall be carried in the same position as the white light mentioned in Article 2 (a), except the additional light, which may be carried at a height of not less than 14 feet above the hull.

Such steam vessel may carry a small white light abaft the funnel or aftermast for the vessel towed to steer by, but such light shall not be visible forward of the beam.

Article 4. (a) A vessel which from any accident is not under command shall carry at the same height as the white light mentioned in Article 2 (a), where they can best be seen, and, if a steam vessel, in lieu of that light, two red lights, in a vertical line one over the other, not less than 6 feet apart, and of such a character as to be visible all round the horizon at a distance of at least 2 miles; and shall by day carry in a vertical line one over the other not less than 6 feet apart, where they can best be seen, two black balls or shapes each 2 feet in diameter.

(b) A vessel employed in laying or in picking up a telegraph cable shall carry in the same position as the white light mentioned in Article 2 (a), and if a steam vessel, in lieu of that light, three lights in a vertical line one over the other, not less than 6 feet apart. The highest and lowest of these lights shall be red, and the middle light shall be white, and they shall be of such a character as to be visible all round the horizon, at a distance of at least 2 miles. By day she shall carry in a vertical line one over the other, not less than 6 feet apart where they can best be seen, three shapes not less than 2 feet in diameter, of which the highest and lowest shall be globular in shape and red in colour, and the middle one diamond in shape and white.

(c) The vessel referred to in this Article when not making way through the water, shall not carry the side-lights, but when making way shall carry them.

(d) The lights and shapes required to be shown by this Article are to be taken by other vessels as signals that the vessel showing them is not under command and cannot therefore get out of the way.

These signals are not signals of vessels in distress and requiring assistance. Such signals are contained in Article 31.

Article 5. A sailing vessel under way, and any vessel being towed, shall carry the same lights as are prescribed by Article 2 for a steam vessel under way, with the exception of the white lights mentioned therein, which they shall never carry.

Article 6. Whenever, as in the case of small vessels under way during the bad weather, the green and red side-lights cannot be fixed, these lights shall be kept at hand lighted and ready for use; and shall, on the approach of or to other vessels, be exhibited on their respective sides in sufficient time to prevent collision, in such manner as to make them most visible, and so that the green light shall not be seen on the port side nor the red right on the starboard side, nor, if practicable, more than 2 points abaft the beam on their respective sides.

To make the use of these portable lights more certain and easy, the lanterns containing them shall each be painted outside with the colour of the light they respectively contain, and shall be provided with proper screens.

Article 7. Steam vessels of less than 40, and vessels under oars or sails of less than 20 tons gross tonnage, respectively, and rowing boats, when under way, shall not be obliged to carry the lights mentioned in Article 2 (a), (b) and (c) but if they do not carry them they shall be provided with the following lights :—

1. Steam vessels of less than 40 tons shall carry :—

(a) In the forepart of the vessel, or on or in front of the funnel, where it can best be seen, and at a height above the gunwale of not less than 9 feet a bright white light constructed and fixed as prescribed in Article 2 (a). and of such a character as to be visible at a distance of at least 2 miles

(b) Green and red side-lights constructed and fixed as prescribed in Article 2 (b) and (c) and of such character as to be visible at a distance of at least 1 mile, or a combined lantern showing a green light and a red light from right ahead to 2 points abaft the beam on their respective sides. Such lantern shall be carried not less than 3 feet below the white light.

2. Small steamboats, such as are carried by sea-going vessels, may carry the white light at a less height than 9 feet above the gunwale, but it shall be carried above the combined lantern, mentioned in subdivision 1 (b).

3. Vessels under oars or sails, of less than 20 tons, shall have ready at hand a lantern with a green glass on one side and a red glass on the other, which, on the approach of or to other vessel shall be exhibited in sufficient time to prevent collision, so that the green light shall not be seen on the port side nor the red light on the starboard side.

4. Rowing boats, whether under oars or sail, shall have ready at hand a lantern showing a white light, which shall be temporarily exhibited in sufficient time to prevent collision.

The vessels referred to in this Article shall not be obliged to carry the lights prescribed by Article 4 (a) and Article 11, last paragraph.

Article 8. Pilot-vessels, when engaged on their station on pilotage duty, shall not show the lights required for other vessels, but shall carry a white light at the masthead, visible all round the horizon, and shall also exhibit flare-up light on flare-up lights at short intervals, which shall never exceed fifteen minutes.

On the near approach of or to other vessels they shall have their side-lights lighted, ready for use, and shall flash or show them at short intervals, to indicate the direction in which they are heading, but the green light shall not be shown on the port side, nor the red light on the starboard side.

A pilot-vessel of such a class as to be obliged to go alongside of a vessel to put a pilot on board, may show the white light instead of carrying it at the masthead and may, instead of the coloured lights above

mentioned, have at hand ready for use a lantern with a green glass on the one side and a red glass on the other, to be used as prescribed above.

A steam pilot-vessel exclusively employed for the service of pilots licensed or certified by any pilotage authority or the Committee of any pilotage district, when engaged on her station on pilotage duty and not at anchor, shall, in addition to the lights required for all pilot boats, carry at a distance of eight feet below her white masthead light a red light visible all round the horizon and of such a character as to be visible on a dark night with a clear atmosphere at a distance of at least two miles, and also the coloured side-lights required to be carried by vessels when under way.

When engaged on her station on pilotage duty and at anchor she shall carry, in addition to the lights required for all pilot boats, the red light above mentioned, but not the coloured side lights.

Pilot-vessels, when not engaged on their station on pilotage duty, shall carry lights similar to those of other vessels of their tonnage.

Article 9.*† Fishing-vessels and fishing-boats, when under way and when not required by this Article to carry or show the lights herein-after specified, shall carry or show the lights prescribed for vessels of their tonnage under way.

(*a*) Open boats, by which it is to be understood boats not protected from the entry of sea water by means of a continuous deck, when engaged in any fishing at night with outlying tackle extending not more than 150 feet horizontally from the boat into the seaway shall carry one all-round white light.

Open boats, when fishing at night with outlying tackle extending more than 150 feet horizontally from the boat into the seaway, shall carry one all round white light, and in addition, on approaching or being approached by other vessels, shall show a second white light at least 3 feet below the first light and at a horizontal distance of at least 5 feet away from it in the direction in which the outlying tackle is attached.

(*b*)‡ Vessels and boats, except open boats as defined in subdivision (*a*), when fishing with drift-nets shall, so long as the nets are wholly or partly in the water, carry two white lights where they can best be seen. Such lights shall be placed so that the vertical distance between them shall be not less than 6 feet, and not more than 15 feet, and so that the horizontal distance between them, measured in a line with the keel, shall be not less than 5 feet and not more than 10 feet. The lower of these two lights shall be in the direction of the nets, and both of them shall be of such a character as to show all round the horizon and to be visible at a distance of not less than 3 miles.

Within the Mediterranean Sea and in the seas bordering the coasts of Japan and Korea? sailing fishing vessels of less than 20 tons gross tonnage shall not be obliged to carry the lower of these two lights; should they, however, not carry it, they shall show in the same position (in the direction of the net or gear) a white light, visible at a distance of not less than one sea mile, on the approach of or to other vessels.

(*c*) Vessels and boats, except open boats as defined in subdivision (*a*), when line-fishing with their lines out and attached to or hauling their lines, and when not at anchor or stationary within the meaning of subdivision (*h*), shall carry the same lights as vessels fishing with drift-nets. When shooting lines, or fishing with towing lines, they shall carry the lights prescribed for a steam or sailing vessel under way, respectively.

Within the Mediterranean Sea and in the seas bordering the coasts of Japan and Korea? sailing fishing vessels of less than 20 tons gross tonnage shall not be obliged to carry the lower of these two lights; should they, however, not carry it, they shall show in the same position (in the direction of the lines) a white light, visible at a distance of not less than one sea mile, on the approach of or to other vessels.

(*d*) Vessels, when engaged in trawling, by which is meant the dragging of an apparatus along the bottom of the sea—

1. If steam vessels, shall carry, in the same position as the white light mentioned a Article 2 (*a*), a tricoloured lantern so constructed and fixed as to show a white light from right ahead to two points on each bow and a green light and a red light over an arc of the horizon from two points on each bow, to two points abaft the beam on the starboard and port sides, respectively; and not less than 6 nor more than 12 feet below the tricoloured lantern a white light in a lantern, so constructed as to show a clear, uniform and unbroken light all round the horizon.
2. If sailing vessels, shall carry a white light in a lantern, so constructed as to show a clear, uniform and unbroken light all round the horizon, and shall also, on the approach of or to other vessels, show where it can best be seen a white flare-up light or torch in sufficient time to prevent collision.

All lights mentioned in subdivision (*d*) 1 and 2 shall be visible at a distance of at least 2 miles.

(*e*) Oyster dredgers and other vessels fishing with dredge-nets shall carry and show the same lights as trawlers.

(*f*) Fishing-vessels and fishing-boats may at any time use a flare-up light in addition to the lights which they are by this Article required to carry and show, and they may also use working lights.

(*g*) Every fishing-vessel and every fishing-boat under 150 feet in length, when at anchor, shall exhibit a white light visible all round the horizon at a distance of at least one mile.

Every fishing-vessel of 150 feet in length or upwards, when at another, shall exhibit a white light visible all round the horizon at a distance of at least one mile, and shall exhibit a second light as provided for vessels of such length by Article 11.

Should any such vessel, whether under 150 feet in length, or of 150 feet in length or upwards, be attached to a net or other fishing gear, she shall on the approach of other vessels show an additional white light at least 3 feet below the anchor light, and at a horizontal distance of at least 5 feet away from it in the direction of the net or gear.

(*h*) If a vessel or boat when fishing becomes stationary in consequence of her gear getting fast to a rock or other obstruction, she shall in daytime haul down the day-signal required by subdivision (*k*); at night show the light or lights prescribed for a vessel at anchor; and during fog, mist, falling snow, or

---

* This article does not apply to Chinese or Siamese vessels.

† The expression "Mediterranean Sea" contained in sub-sections (*b*) and (*e*) of this Article includes the Black Sea and the other adjacent inland seas in communication with it.

‡ Dutch vessels and boats when engaged in the "kol" or handline fishing will carry the lights prescribed for vessels fishing with drift-nets.

† Also, as regards Russian vessels, in the seas (excluding the Baltic) bordering the coasts of Russia.

heavy rain-storms make the signal prescribed for a vessel at anchor. [*See* subdivision (*d*), and the last paragraph of Article 15.]

(*i*) In fog, mist, falling snow, or heavy rain-storms, drift-net vessels attached to their nets, and vessels when trawling, dredging, or fishing with any kind of dredge-net, and vessels line-fishing with their lines out, shall, if of 20 tons gross tonnage or upwards, respectively, at intervals of not more than one minute, make a blast; if steam vessels, with the whistle or siren, and if sailing vessels, with the fog-horn; each blast to be followed by ringing the bell. Fishing vessels and boats of less than 20 tons gross tonnage shall not be obliged to give the abovementioned signals; but if they do not, they shall make some other efficient sound signal at intervals of not more than one minute.

(*k*) All vessels or boats fishing with nets or lines or trawls, when under way, shall in daytime indicate their occupation, to an approaching vessel by displaying a basket or other efficient signal where it can best be seen. If vessels or boats at anchor have their gear out they shall, on the approach of other vessels, show the same signal on the side on which those vessels can pass.

The vessels required by this Article to carry or show the lights hereinbefore specified shall not be obliged to carry the lights prescribed by Article 4 (*a*), and the last paragraph of Article 11.

Article 10. A vessel which is being overtaken by another shall show from her stern to such last-mentioned vessel a white light or a flare-up light.

The white light required to be shown by this Article may be fixed and carried in a lantern, but in such case the lantern shall be so constructed, fitted, and screened that it shall throw an unbroken light over an arc of the horizon of 12 points of the compass, viz., for 6 points from right aft on each side of the vessel, so as to be visible at a distance of at least 1 mile. Such light shall be carried as nearly as practicable on the same level as the side-lights.

Article 11. A vessel under 150 feet in length, when at anchor, shall carry forward, where it can best be seen, but at a height not exceeding 20 feet above the hull, a white light in a lantern so constructed as to show a clear, uniform and unbroken light visible all round the horizon at a distance of at least 1 mile.

A vessel of 150 feet or upwards in length, when at anchor, shall carry in the forward part of the vessel, at a height of not less than 20, and not exceeding 40, feet above the hull, one such light, and at or near the stern of the vessel, and at such a height that it shall be not less than 15 feet lower than the forward light, another such light.

The length of the vessel shall be deemed to be the length appearing in her certificate of registry

A vessel aground in or near a fairway shall carry the above light or lights and the two red lights prescribed by Article 4 (*a*).

Article 12. Every vessel may, if necessary in order to attract attention, in addition to the lights which she is by these Rules required to carry, show a flare-up light or use any detonating signal that cannot be mistaken for a distress signal.

Article 13. Nothing in these Rules shall interfere with the operation of any special rules made by the Government of any nation with respect to additional station and signal lights for two or more ships of war or for vessels sailing under convoy, or with the exhibition of recognition signals adopted by ship-owners, which have been authorized by their respective Governments and duly registered and published.

Article 14. A steam vessel proceeding under sail only, but having her funnel up, shall carry in daytime, forward, where it can best be seen, one black ball or shape 2 feet in diameter.

### *Sound-signals for Fog, etc.*

Article 15. All signals prescribed by this Article for vessels under way shall be given:

1. By "steam vessels" on the whistle or siren.
2. By "sailing vessels and vessels towed" on the fog-horn.

The words "prolonged blast" used in this Article shall mean a blast of form 4 to 6 seconds' duration.

A steam vessel shall be provided with an efficient whistle or siren, sounded by steam or some substitute for steam, so placed that the sound may not be intercepted by any obstruction, and with an efficient fog-horn, to be sounded by mechanical means, and also with an efficient bell.* A sailing vessel of 20 tons gross tonnage or upwards shall be provided with a similar fog-horn and bell.

In fog, mist, falling snow, or heavy rain-storms, whether by day or night, the signals described in this Article shall be used as follows, viz.:—

(*a*) A steam vessel having way upon her, shall sound, at intervals of not more than 2 minutes, a prolonged blast.

(*b*) A steam vessel under way, but stopped and having no way upon her, shall sound, at intervals of not more than 2 minutes, two prolonged blasts, with an interval of about 1 second between them.

(*c*) A sailing vessel under way shall sound, at intervals of not more than 1 minute, when on the starboard tack one blast, when on the port tack two blasts in succession, and when with the wind abaft the beam three blasts in succession.

(*d*) A vessel, when at anchor, shall, at intervals of not more than 1 minute, ring the bell rapidly for about 5 seconds.

(*e*) A vessel, when towing a vessel employed in laying or in picking up a telegraph cable, and a vessel under way, which is unable to get out of the way of an approaching vessel through being not under command, or unable to manœuvre as required by these Rules, shall, instead of the signals prescribed in subdivisions (*a*) and (*c*) of this Article, at intervals of not more than 2 minutes, sound three blasts in succession, viz.: one prolonged blast followed by two short blasts. A vessel towed may give this signal and she shall not give any other.

Sailing vessels and boats of less than 20 tons gross tonnage shall not be obliged to give the above-mentioned signals, but if they do not, they shall make some other efficient sound-signal at intervals of not more than 1 minute.†

---

* In all cases where the rules require a bell to be used a drum may be substituted on board Turkish vessels, or a gong where such articles are used on board small sea-going vessels.

† Dutch steam pilot-vessels, when engaged on their station on pilotage duty in fog, mist, falling snow, or heavy rain storms are required to make at intervals of 2 minutes at most one long blast with the siren, followed after 1 second by a long blast with the steam whistle and again after 1 second by a long blast on the siren. When not engaged on their station on pilotage duty, they make the same signals as other steamships.

*Speed of ships to be Moderate in Fog, etc.*

Article 16. Every vessel shall, in a fog, mist, falling snow or heavy rain-storms, go at a moderate speed, having careful regard to the existing circumstances and conditions.

A steam vessel hearing, apparently forward of her beam, the fog-signal of a vessel the position of which is not ascertained, shall, so far as the circumstances of the case admit, stop her engines, and then navigate with caution until danger of collision is over.

STEERING AND SAILING RULES.

*Preliminary—Risk of Collision.*

Risk of collision can, when circumstances permit, be ascertained by carefully watching the compass bearing of an approaching vessel. If the bearing does not appreciably change, such risk should be deemed to exist.

Article 17. When two sailing vessels are approaching one another, so as to involve risk of collision, one of them shall keep out of the way of the other, as follows, viz :—

(*a*) A vessel which is running free shall keep out of the way of a vessel which is close-hauled.
(*b*) A vessel which is close-hauled on the port tack shall keep out of the way of a vessel which is close-hauled on the starboard tack.
(*c*) When both are running free, with the wind on different sides, the vessel which has the wind on the port side shall keep out of the way of the other.
(*d*) When both are running free, with the wind on the same side, the vessel which is to windward shall keep out of the way of the vessel which is to leeward.
(*e*) A vessel which has the wind aft shall keep out of the way of the other vessel.

Article 18. When two steam vessels are meeting end on, or nearly end on, so as to involve risk of collision, each shall alter her course to starboard, so that each may pass on the port side of the other.

This Article only applies to cases where vessels are meeting end on, or nearly end on, in such a manner as to involve risk of collision, and does not apply to two vessels which must, if both keep on their respective courses, pass clear of each other.

The only cases to which it does apply are when each of the two vessels is end on, or nearly end on, to the other; in other words, to cases in which, by day, each vessel sees the masts of the other in a line, or nearly in a line, with her own; and, by night, to cases to which each vessel is in such a position as to see both the side lights of the other.

It does not apply, by day, to cases in which a vessel sees another ahead crossing her own course; or by night, to cases where the red light of one vessel is opposed to the red light of the other, or where the green light of one vessel is opposed to the green light of the other, or where a red light without a green light, or a green light without a red light, is seen ahead or where both green and red lights are seen anywhere but ahead.

Article 19. When two steam vessels are crossing, so as to involve risk of collision, the vessel which has the other on her own starboard side shall keep out of the way of the other.

Article 20. When a steam vessel and a sailing vessel are proceeding in such directions as to involve risk of collision, the steam vessel shall keep out of the way of the sailing vessel.

Article 21. Where by any of these Rules one of two vessels is to keep out of the way, the other shall keep her course and speed.

*Note.*—When, in consequence of thick weather or other causes, such vessel finds herself so close that collision cannot be avoided by the action of the giving-way vessel alone, she also shall take such action as will best aid to avert collision. (*See* Articles 27 and 29.)

Article 22. Every vessel which is directed by these Rules to keep out of the way of another vessel shall, if the circumstances of the case admit, avoid crossing ahead of the other.

Article 23. Every steam vessel which is directed by these Rules to keep out of the way of another vessel shall, on approaching her, if necessary, slacken her speed or stop or reverse.

Article 24. Notwithstanding anything contained in these Rules, every vessel, overtaking any other, shall keep out of the way of the overtaken vessel.

Every vessel coming up with another vessel from any direction more than two points abaft her beam, *i.e.*, in such a position, with reference to the vessel which she is overtaking that at night she would be unable to see either of that vessel's side-lights, shall be deemed to be an overtaking vessel; and no subsequent alteration of the bearing between the two vessels shall make the overtaking vessel a crossing vessel within the meaning of these Rules, or relieve her of the duty of keeping clear of the overtaken vessel until she is finally past and clear.

As by day the overtaking vessel cannot always know with certainty whether she is forward or abaft this direction from the other vessel, she should, if in doubt, assume that she is an overtaking vessel and keep out of the way.

Article 25. In narrow channels every steam vessel shall, when it is safe and practicable, keep to that side of the fairway or mid-channel which lies on the starboard side of such vessel.

Article 26. Sailing vessels under way shall keep out of the way of sailing vessels or boats fishing with nets, or lines, or trawls. This Rule shall not give to any vessel or boat engaged in fishing the right of obstructing a fairway used by vessels other than fishing vessels or boats.

Article 27. In obeying and construing these Rules, due regard shall be had to all dangers of navigation and collision, and to any special circumstances which may render a departure from the above Rules necessary in order to avoid immediate danger.

*Sound Signals for Vessels in Sight of one Another.*

Article 28. The words "short blast" used in this Article shall mean a blast of about one second's duration.

When vessels are in sight of one another, a steam vessel under way, in taking any course authorised or required by these Rules, shall indicate that course by the following signals on her whistle or siren, viz. :—

One short blast to mean, "I am directing my course to starboard."
Two short blasts to mean, "I am directing my course to port."
Three short basts to mean, "My engines are going full speed astern."

*No Vessels under any circumstances to neglect proper Precautions.*

Article 29. Nothing in these Rules shall exonerate any vessel, or the owner, or master, or crew thereof, from the consequences of any neglect to carry lights or signals, or of any neglect to keep a proper look-out, or of the neglect of any precaution which may be required by the ordinary practice of seamen, or by the special circumstances of the case.

*Reservation of Rules for Harbours and Inland Navigation.*

Article 30. Nothing in these Rules shall interfere with the operation of a special rule, duly made by local authority, relative to the navigation of any harbour, river, or inland waters.

*Distress Signals.**

Article 31. When a vessel is in distress and requires assistance from other vessels or from the shore the following shall be the signals to be used or displayed by her, either together or separately, viz. :—

In the daytime—

1. A gun or other explosive signal fired at intervals of about a minute.
2. The International Code signal of distress indicated by NC.
3. †The distant signal, consisting of a square flag, having either above or below it a ball or any thing resembling a ball.
4. A continuous sounding with any fog-signal apparatus.

At night—

1. A gun or other explosive signal fired at intervals of about a minute.
2. Flames on the vessel (as from a burning tar-barrel, oil barrel, etc.).
3. Rockets or shells, throwing stars of any colour or description, fired one at a time, at short intervals.
4. A continuous sounding with any fog-signal apparatus.

AIDS TO MEMORY in four verses, by the late MR. THOMAS GRAY, C.B.

1. *Two Steam Ships meeting.*

**When both side lights you see ahead—**
**Port your helm and show your RED.**

2. *Two Steam Ships passing.*

**GREEN to GREEN—or, RED to RED—**
**Perfect safety—Go ahead!**

3. *Two Steam Ships crossing.*

*Note.*—This is the position of greatest danger: there is nothing for it but good look-out, caution and judgment.

**If to your starboard RED appear,**
**It is your duty to keep clear;**
**To act as judgment says is proper:—**
**To Port—or Starboard—Back,—or, Stop her.**

**But when upon your Port is seen**
**A Steamer's Starboard Light of GREEN**
**There's not so much for you to do,**
**For GREEN to Port keeps clear of you.**

4. *All ships must keep a good look-out, and Steam Ships must stop and go astern, if necessary.*

**Both in safety and in doubt**
**Always keep a good look-out;**
**In danger, with no room to turn,**
**Ease her, stop her, go astern.**

* If a master of a vessel uses or displays, or causes or permits any person under his authority to use or display, any of those signals of distress, except in the case of a vessel being in distress, he shall be liable to pay compensation for any labour undertaken, risk incurred, or loss sustained in consequence of that signal, having been supposed to be a signal of distress, and that compensation may, without prejudice to any other remedy be recovered in the same manner in which salvage is recoverable [Merchant Shipping Act, 1894, section 434 (2).]

† A further distress signal is provided in the International Code of Signals. It is a distant signal consisting of a cone point upwards, having either above it or below it a ball, or anything resembling a ball. This signal has not been sanctioned by Order in Council under the provisions of section 435 of the Merchant Shipping Act, 1894.

## APPENDIX F.

SIGNALS TO BE MADE BY SHIP WANTING A PILOT.

*In the daytime.*—The following signals, numbered 1, 2, 3 and 4, when used or displayed together or separately, shall be deemed to be signals for a pilot in the daytime, viz. :—

1. To be hoisted at the fore, the Union Jack, having round it a white border, one-fifth of the breadth of the flag ; or
2. The International Code pilotage signal indicated by PT.
3. The International Code Flag S, with or without the Code Pennant over it.
4. The distant signal, consisting of a cone point upwards, having above it two balls or shapes resembling balls.

*At night.*—The following signals, numbered 1 and 2, when used or displayed together or separately, shall be deemed to be signals for a pilot at night, viz. :—

1. The pyrotechnic light, commonly known as a blue light, every fifteen minutes ; or
2. A bright white light, flashed or shown at short or frequent intervals just above the bulwarks, for about a minute at a time.

If a master of vessel uses or displays, or causes or permits any person under his authority to use or display, any of the pilot signals for any other purpose than that of summoning a pilot or uses or causes or permits any person under his authority to use any other signal for a pilot, he shall for each offence be liable to a fine not exceeding twenty pounds. [Merchant Shipping Act, 1894, section 615 (3).]

## APPENDIX G.

### DEVIATION OF THE COMPASS.

FOR MASTERS' CERTIFICATES FOR HOME TRADE PASSENGER SHIPS.

The candidate must answer in writing, on paper given him by the examiner, all the following questions, numbering his answers to correspond with the numbers of the questions : —

1. When taking a Meridian Altitude, how do you know when the sun is on the Meridian ; or in other words, when it is noon ?
2. How does the sun bear (*true and magnetic*) when on the meridian of an observer in these latitudes (Home Trade Limits) ?
3. What do you mean by deviation of the compass, and how is it caused ?
4. Having determined the deviation, how do you know when it is easterly and when westerly ?
5. Supposing the sun when on the meridian bore by your compass —— ——what would be the deviation of that compass for the direction of the ship's head at the time, the variation given on the Chart being ——————— ?
6. How could you find the deviation of your Compass when in port, or when sailing along a coast ?
7. Name some suitable terrestrial objects by which you could readily obtain the deviation of your Compass.
8. The bearing of two objects when in a line with each other was found on the Chart to be ——— ———magnetic ; but when brought in a line on board they bore ——————by your Compass ; required the deviation of your Compass for the direction of the ship's head at the time ?
9. What means are there for checking the deviation of your Compass by night ?
10. Supposing the North Star (*Polaris*) bore ——————by your Compass, what would be the deviation (approximately) of that Compass for the direction of the ship's head at the time supposing the variation given on the Chart to be ——————— ?
11. Do you expect the deviation to change ? If so, state under what circumstances.
12. What is meant by the variation of the Compass, and what is the cause of it ?

## APPENDIX H.

(*See* Rule 68.)

EXAMINATION OF A MASTER OR MATE IN STEAM.

The examination is for the most part *viva voce*, and extends to a general knowledge of the practical use and working of steam engines and boilers, and of the various valves, fittings, and pieces of machinery connected with them and of the way in which electric lighting is carried out on board ship.

Candidates must :—

(*a*) Know the names and understand the uses of the various parts of engines and boilers, and their connecting pipes, valves, cocks, etc.

(*b*) Have a thorough grasp of the construction of the steam engine and boiler, to enable them to understand the nature and importance of any defect which may be reported to them by the Chief Engineer.

(*c*) Have a looking-on knowledge of what the principal repairs about engines, boilers and pipes are, and how these repairs are accomplished.

(*d*) Be able to form an independent opinion as to a breakdown, and the consequent propriety or impropriety of proceeding under steam with temporarily repaired or defective machinery.

(*e*) Understand how to estimate approximately the reduction of fuel required for reduced speed, and be able to satisfy themselves as to the sufficiency of the coal on board for the voyage.

(*f*) Have an intelligent grasp of the general run of pipes and connections in the engine-room, the working of cocks, the opening and closing of cocks and valves, and know how mistakes of importance may be made and how best to guard against such mistakes.

(*g*) Be capable of being left in charge of the feeding of a set of boilers, understand the working of the water gauge, and be able to guard against being misled by false indications of the gauge glass

(*h*) Understand the operations of blowing down and surfacing, the reasons for such practices and the danger which may result from the neglect of them in certain circumstances.

A Master or Mate presenting himself for examination in steam must be understood to have made up for his want of practical experience by reading about the steam engine. He ought, therefore, to show that he intelligently understands the rationale of its action. Under this head he should be able to state approximately the quantity of heat required in the formation of steam, the relation of "latent" heat to "sensible" heat, how much steam can be raised by the combustion of one pound of coal, what horse power measure is, what indicated horse-power is, what is the action of the slide valve, the course of the steam through the engine, the advantage of working expansively, and how the expansive action is shown by the indicator diagram.

He should know the uses of the various parts of the engines and dynamos used for electric lighting, and how they and the cables are fitted in the hull; how wires are jointed, insulated and cased; why it is desirable that they should be led along places which are dry and accessible; what "short circuiting" is and what are the causes which produce it; what is its danger in coal bunkers and petroleum carrying steamers; what are the uses of switches and cut-outs, and why it is so important to prevent short circuiting taking place.

Candidates will be required to give written answers to sixteen out of twenty questions taken from the Elementary Questions (printed in Appendix C of the Regulations relating to the Examination of Engineers: Exn. 1*a*) given on the sheets marked "Steam," or questions similar to these. These questions will be altered from time to time without notice. The twenty questions will not be difficult, theoretical, or book questions, but such as any man of ordinary capacity who has a fair amount of practical knowledge of the use of working of the steam-engine ought to answer.

Examiners will require all candidates to fill up a form, Exn. 15*b*, and they will forward it to the Chief Examiner of Engineers with the report of the examination.

Masters and Mates may cancel questions A, B and C but they should fill up the form for questions D, E, F and G, as evidence of their practical knowledge.

If a candidate refers to any book, paper or memorandum, or obtains information from another candidate or or any other persons during the examination, he will be treated as having failed, will forfeit his fee, and will not be allowed to be re-examined for a period of six months.

The Examiners will report, in the case of failure, the nature of the question or questions that decided the failure, or the point in the management of the engines or boilers in which the candidate was deficient.

Applicants for the voluntary examination need not necessarily have served on board steamships; all that is required is that they shall have a practical knowledge of the use and working of the steam engine.

Practical knowledge is best gained in the engine-room; and the examination of an officer who does not produce official evidence of service in steamships, and of experience of engines must necessarily be more searching than in the case of one who produces evidence of such service and experience.

The answers to the Elementary Questions are frequently given by candidates as learned by rote from a book Candidates should, therefore, be asked such *viva voce* questions as will necessitate answers in different words, so as to discover whether they have the root of the matter in them.

A large part of the *viva voce* examination should be conducted on board a steamer, preferably one with which the candidate is unacquainted. He should be told to look about and try to find out the arrangement of the machinery without assistance, and the Examiner should be in the engine-room to see that this independent examination is properly carried out. When the candidate reports that he thinks he knows the arrangement, the Examiner will question him on the uses of the parts, get him to point out the different cylinders, pumps, valves, condenser, etc.; also the dynamo, its field magnets, armature, commutators, brushes cables, etc The candidate must show that he understands the run of the pipes in the bilges, not necessarily that he has gone over every one of them, but he ought to be directed to trace, at least, one important range of pipes, and to thoroughly satisfy the Examiner that he could be safely trusted to manipulate the valves or cocks in connection therewith. It will not often be practicable for the candidate actually to work engines under steam, but he must satisfy the Examiner that he knows how to do so, and that he is aware of the precautions to be taken in regard to water in the cylenders, etc. It is most important that a candidate should show that, in the event of an accident depriving him of the assistance of Engineers, he knows what to do to safely take his vessel to an anchorage, or to stop the engines and proceed under sail alone.

The examination of a Mate in steam is the same as that of a Master. The knowledge required has no reference to the Mate's position.

The Mate may be examined, but such examination implies that the Mate may one day be a Master, when the possession of the knowledge will be an advantage to him in the discharge of his duties.

## APPENDIX I.

(*See* Rule 27.)

### SIGHT TESTS.

*Details as to the conducts of the tests.*

These tests must be conducted under the strict personal supervision of the Examiner. A careful record must be kept of all mistakes made by the candidate both in the form vision test and in the colour vision test.

Examiner must keep a record of all candidates passed by him for reference when required.

I.—FORM VISION TESTS.

1. **Form vision test to be passed first.**—The first test which the candidate is required to undergo is the test for form vision, and until he has passed this test he must not be allowed to proceed further with the examination.

2 **Apparatus used.**—The form vision test to be used for all candidates is that conducted on Snellens' principle by means of sheets of letters.

3. **Object of the test.**—The object of the form vision test is to determine whether the candidate can reach a sufficient standard of visual acuteness, or, in other words, to find out whether his eye sight is good or bad.

4. **Standard of vision required.**—Every candidate for a first certificate of competency will be required to possess normal vision. With the exceptions indicated below (*see* paragraph 8), every candidate for a second or higher certificate will be required to possess normal vision.

"Normal vision" is defined, for the purpose of these Regulations, as ability to read correctly nine of the twelve letters in the sixth line and eight of the fifteen letters in the seventh line of a test sheet placed in a good light at a distance of 16 feet from the eye.

The candidate will have the option of using either eye separately or both eyes together.

5. **Spectacles not allowed.**—During the examination form vision candidates must not be allowed to use spectacles or glasses of any kind, or any other artificial aid to vision.

6. **Method of testing.**—The test sheets should be hung on the wall, *in a good light, but not in direct sunlight*, of a height of five or six feet from the ground. The candidate should be placed at a distance of exactly 16 feet from the sheets, and exactly opposite them. This distance should be carefully measured, and should never in any circumstances be varied.

One of the sheets should then be exposed, and the candidate should be asked to read the letters on each sheet, beginning at the top and going downwards. Any mistakes which he makes should be carefully noted. If then it is found that he has read correctly at least nine letters in the sixth line and eight letters in the seventh line of a sheet, the candidate may be considered to have normal vision, and should be marked "passed" in the appropriate column of the form of application (Exn. 2 or Exn. 2A, as the case may be).

7. **Passing or failure.**—If at the conclusion of the test the candidate is found to reach the required standard, he may be considered to have passed, and the examiner should proceed to test him for colour vision. If the candidate fails to reach the standard required for the certificate entered for, he should be tested with at least four sheets, and the Examiner should fill in a Form, Exn. 17b, and should forward it, with any remarks he may wish to make, to the Principal Examiner for his instructions as to whether the candidate is to be regarded as passing or as failing in form vision.

8. **Lower standard required in certain cases.**—Candidate who are in possession of certificates obtained before January 1st, 1914, may be regarded as passing in form vision if they can read correctly with both eyes at least five of the eight letters in the fifth line of a test sheet.

**Tests to be varied.**—The Examiner should take care, by varying the order of the test sheets and by every other means in his power, to guard against the possibility of any deception on the part of the candidate.

10. **Result of examination to be reported.**—The result of every examination in form vision should be reported, in the case of a candidate for a certificate of competency, to Government on Form Exn. 2, and to the Port Officer on Form Exn. 14 ; and, in the case of a candidate for the sight tests only, to Government on Form Exn 2A.

II.—COLOUR VISION TEST.

11. **Apparatus.**—A special lantern and a mirror have been provided for this test. The lantern should be placed directly in front of the mirror, so that the front part of the lantern is exactly ten feet from the mirror. Care should be taken that the lantern is properly placed, that is to say, the lights reflected in the mirror must show clearly when viewed through the rectangular aperture on the left of the lantern. The examiner should always satisfy himself that these conditions are fulfilled before commencing the examination.

12. **Darkness adaptation.**—*It is essential that a candidate should be kept in a room which is either completely or partially darkened for at least a quarter of an hour before he is required to undergo this test.*

Before the examination commences the Examiner must satisfy himself that the room in which it is conducted is so darkened as to exclude all daylight.

13. **Method of testing.**—The lantern supplied for the examination is so constructed as to allow one large or two small lights to be visible, and is fitted with 12 glasses of three colours—red, white and green. At the commencement of the examination the Examiner should show to the candidate a series of lights through the large aperture, and should require him to name the colours as they appear to him. Care should be taken in showing the white light to emphasise the fact that the light is not a pure white. If a candidate makes a mistake of calling this light "red" a proper red light should be shown immediately after and the candidate's attention directed to the difference between the two.

After a series of lights through the large aperture has been shown, the examiner should make a complete circuit with the two small apertures, requiring the candidate to name the colours of each set of two lights from left to right. To prevent any possibility of the order in which the lights are arranged from being learnt, the Examiner should at least twice in each circuit go back a varying number of colours.

A records of any mistakes made with either the large aperture or the two smaller apertures should be kept on Form Exn. 17c in accordance with the instructions thereon.

14. **Passing or failure.**—If a candidate with either the large aperture or the two smaller apertures of the lantern mistakes red for green or green for red, he should be considered to have "failed" in Colour Vision.

If the only mistake made by the candidate with the lantren, is to call the white light "red," and if after his attention has been specially directed to the difference between the two he makes no further mistake of this nature, he should be considered to have passed in Colour Vision.

If a candidate makes any other mistake with the lantern, *i.e*, if he calls white "red" repeatedly or red "white" at all, or confuses green and white, his case should be reported to the Port Officer and he should be told that the decision as to whether he is passed or failed, or a further examination is necessary will be communicated to him in due course. Pending the receipt of the Port Officer's instructions such a candidate should only be allowed to proceed with the remainder of the examination for a certificate of competency on the express understanding that the latter examination will be cancelled in the event of failure in the Sight Tests

15. **Further examination and appeals.**—If in the cases covered by the preceding paragraph the Port Officer decides that a further examination is necessary, arrangements will be made for a special examination to be held and the third class travelling expenses necessarily incurred by a candidate in attending such an examination will be paid by the Government together with a subsistence allowance at a rate which will be notified to the candidate, but which will not in any circumstances, exceed Rs 4 for each day necessarily occupied in attending the examination. In these cases the above expenses will be paid whatever may be the result of the final examination.

If, however, on the report of the Examiner the Port Officer decides that the nature of the mistakes made shows conclusively that a candidate is so colour blind as to be unfit to hold a certificate, the candidate shall be considered to have failed.

If during the progress of a special examination a candidate with defective Form Vision is found to be suffering from a permanent defect of the eyes such as to render him unfit for a sea career, the Port Officer may finally reject such candidate and he will not be allowed to be again examined in the Sight Test on any future occasion.

In cases where, upon the report of the Examiner, a candidate is failed by the Port Officer, as well as in the cases covered by paragraph 14, Government will be prepared to allow a candidate who is dissatisfied with this decision to appeal for a special examination, but Government will not pay the travelling expenses of any such candidate unless he is reported by the Special Examiners conducting the appeal examination to have passed.

### III.—Reports

16. The result of every test in form or colour vision should be reported to the Government on the Form Exn 2, and to the Port Officer on the Form Exn 14 when the candidate is up for examination for a certificate of competency; and to the Government on the Form Exn. 2A. when the candidate is up for examination in vision only

All cases of failure should also be reported to the Port Officer on Form Exn 17B, to which should be attached Form Exn. 17C, containing the record of any mistakes made with the lantern.

***Every report relating to such an examination must be signed by the Examiner who conducted the examination.***

## APPENDIX J.

### Table showing the Requirements as to Sea Service necessary to Qualify for Examination for Certificates of Competency.

**Note.**

A candidate for an Ordinary certificate of any grade who has not previously held an Ordinary certificate of a lower grade must prove that he has served twelve months in the foreign trade or eighteen months in the home or coasting trade in a square-rigged sailing vessel.

Where foreign-going certificates are required to be held to qualify candidates for examination, they may be either the Ordinary certificates, or those for fore-and-aft rigged vessels, or for foreign-going steamships.

It must be clearly understood that the amount of service laid down, in the Regulations for each grade of certificate of competency is the absolute minimum that can be accepted, and unless a candidate can show the full amount he must in no case be allowed up for examination.

## APPENDIX K.

(*See* Rule 120.)

TEXT-BOOKS TO BE USED IN THE EXAMINATIONS.

For Naval Architecture.—"The Modern Practice of Shipbuilding in Iron and Steel," by Samuel J. P. Thearle. Published by William Collins, Sons & Co., vol. I, Seven Shillings and Sixpence, vol. II, Twelve Shillings and Sixpence nett.

"Ship Construction and Calculations," by George Nicol. Published by James Brown & Sons, 52-56, Darnley Street, Pollokshields, E. Price 23 Shillings nett.

For Stability.—"Ship Stability and Trim," by Percy Hillhouse. Published by Gieve's Publishing Co. (John Hogg), 13, Paternoster Row, London, E.C. Price 12 Shillings and Sixpence.

For Deviation of the Compass—The "Admiralty Manual for the Deviations of the Compass," to be obtained through any bookseller, or directly from His Majesty's Stationery Office at any of the addresses given on the title page of these Regulations; or Edward Ponsonby, 116, Grafton Street, Dublin. Price Six Shillings. "The Elementary Manual for the Deviations of the compass in iron Ships," by E. W. Creak, published by J. D. Potter, 145, Minories, London, E.I. Price 10 Shillings.

For Meteorology, including Barometer, Thermometer and Hydrometer.—"A Barometer Manual for the use of Seamen; with an Appendix on the Thermometer, Hygrometer, and Hydrometer" (issued by the authority of the Meteorological Council). Price One Shilling Sixpence. And "The Seaman's Handbook on Meteorology." Price Three Shillings Sixpence. To be purchased through any bookseller, or directly from His Majesty's Stationery Office at any of the addresses given on the title page of these Regulations; or Edward Ponsonby, 116, Grafton Street, Dublin.

For Prevailing Winds and Currents of the Globe.—"The Principal Winds and Currents of the Globe, etc.," compiled from the various Admiralty Sailing Directions, Weather Charts, etc., by Captain Robert Jackson, R.N., and to be purchased either directly or through any bookseller, from Simpkin, Marshall and Company, Paternoster Row, London; or Henry Lewis, 114 High Street, Portsmouth. Price One Shilling.

For Trade Routes.—"Ocean Passages," compiled from the various Admiralty Sailing Directions by Captain Robert Jackson, R.N., and to be purchased, either directly or through any bookseller, from Simpkin, Marshall and Company, Paternoster Row, London; or Henry Lewis, 114, High Street, Portsmouth. Price One Shilling.

For Tides.—"Tide Tables for the British and Irish Ports," published annually by the Admiralty, and to be purchased, either directly or through any bookseller, from J. D. Potter, 145, Minories E., and 11, King Street, Tower Hill, E. Two parts. Price Three Shillings Sixpence each.

For Signalling.—The "Allied Signal Manual" may be obtained through any bookseller, or directly from H. M. Stationery Office at any of the addresses given on the title page of these Regulations; or Edward Ponsonby, 116, Grafton Street, Dublin. Price One Shilling.

For Elementary Science.—"General Elementary Science," by W. Briggs. Published by the University Tutorial Press. Price Five Shillings and Sixpence.

Intending candidates are advised to procure these books to take to sea with them, so that they may study them during their leisure hours.

*Instruments.*—The Barometer (Kew pattern Marine Barometer), Thermometer and Hydrometer used in the examinations will be precisely similar to those supplied to shipmasters by the Meteorological Office for making observations on board ship.

## APPENDIX N.

No. 122 Marine, dated the 12th August 1921

NOTIFICATION—By the Government of Bengal, Marine Department.

In exercise of the power conferred by section 10 of the Indian Merchant Shipping Act, 1859 (I of 1859), and in supersession of the rules published under Bengal Government notification No. 84 Marine, dated the 22nd July 1919, the Governor in Council is pleased, with the previous sanction of the Governor General in Council, to make the following rules for the grant of certificates of competency as masters and mates of home-trade sailing vessels of a burden exceeding 300 tons, but not exceeding 1,000 tons. These rules are supplementary to the rules for the examination of masters and mates in the Mercantile Marine in force in Bengal :—

### Rules for examination of candidates for certificates of competency as master and mate of home-trade sailing vessels exceeding 300 tons, but not exceeding 1,000 tons burden.

#### A.—MATE'S CERTIFICATE.

1. **Mate.**—A candidate for mate's certificate must be not less than 19 years of age and must have served four years at sea in the performance of deck duties in a sea going vessel of not less than 100 tons burden. Eighteen months of this total period of service should have been rendered in a square rigged sailing ship. He must be able to read and write legibly an Indian vernacular language or to read and write legibly English and speak an Indian vernacular language. He must also satisfy the Examining Board that he has an adequate knowledge of elementary arithmetic, simple and compound, in his own language, up to the standard required in the duties of a mate.

2. **Examination in navigation.**—He must be able to take a bearing by compass, be conversant with the use of a Mercator's chart and be able to find on either a "true" or "magnetic" chart or plan, the course to steer and the distance from one given position to another. He must also be able to find the position of the ship on the chart by the following methods—

(*a*) cross bearings of two different objects ;

(*b*) two bearings of the same object, the course and distance run between the two bearings being given.

He must understand the reduction of soundings, the variation and deviation of the compass and the way in which to apply such variation and deviation ; also the marking, signs, and abbreviations shewn in a chart. He must also have a working knowledge of the International Code of Signals.

3 **Examination in Seamanship.**—He must possess a thorough knowledge of the Rule of the Road as regards both steamers and sailing vessels, their regulation light and fog and sound signals. He must be able to describe the signals of distress and the signals to be made by ships wanting a pilot, and the liabilities and penalties incurred by the misuse of these signals, also the use and management of the rocket apparatus in the event of his vessel being stranded. He must be able to mark and use the lead and log lines and to manage a ship's boat in heavy weather. He must have a thorough knowledge of anchor work, mooring and unmooring vessels, boat hoisting and lowering and making and furling sail. He must be able to read and understand the Barometer, the Thermometer and Aneroid. He must also understand the general requirements of practical seamanship and be able to answer any questions of a nature appertaining to the duties of a Mate which the Examining Board may think proper to put to him.

#### B—MASTER'S CERTIFICATE.

1. **Master.**—A candidate for the Master's certificate must be not less than 21 years of age and must have served five years at sea—

(*a*) in the performance of deck duties of which one year must have been in a capacity not lower than that of first or only Mate of a home-trade sailing ship of not less than 100 tons burden whilst holding a Mate's certificate for home-trade sailing ships or a second Mate's certificate for foreign-going vessels ; or

(*b*) in the performance of deck duties of which two and a half years must have been in a capacity not lower than Second Mate of a home-trade sailing ship of not less than 100 tons burden in charge of a watch while holding a Mate's certificate for home-trade sailing ships or a Second Mate's certificate for foreign-going vessels ; or

(*c*) one year of which must have been in command of a sea-going vessel of not less than 100 tons burden.

He must be able to read and write legibly an Indian vernacular language or to read and write legibly English and speak an Indian vernacular language and he must satisfy the Examining Board that he has a sound knowledge of elementary arithmetic, simple and compound, in his own language, up to the standard required in the duties of a master.

2. **Examination in navigation.**—In addition to the qualifications required of a Mate, a candidate for a Master's certificate will be required to find on a chart the course to steer by compass in order to counteract the effects of a given current and to find the distance the ship will make good

towards a given point in a given time. He will also be required to find latitude by a meridian altitude of the sun and find compass corrections by amplitude or azimuth and prove that he is familiar with the use of the sextant. He will also be required to work out practically the correction to apply to soundings at a given time and place, to compare with the depth marked on the chart.

3. **Examination in Seamanship.**—In addition to the qualifications required of a Mate, a candidate for a Master's certificate must understand how to rig a sea anchor, and how to get a cast of the lead in heavy weather. He will be examined as to his resources for the preservation of the crew and passengers in the event of wreck, and the steps to be taken if his vessel is disabled and drafting towards a lee shore, and will be required to answer any other questions appertaining to the management of a home-trade sailing ship which the Examining Board may think necessary to put to him. He must also understand elementary ship's business and the general duties of a Master. He must satisfy the Examining Board that he has an adequate knowledge of the storm signals as used in home-trade waters, and that he is thoroughly acquainted with the different routes to be taken at various seasons of the year in home-trade waters.

*No. 60Marine.—The 18th July 1922.*—Mr. G. Golding, Senior Master Pilot, is appointed to act as a Branch Pilot, with effect from the 8th July 1922.

## FINANCE DEPARTMENT.

### NOTIFICATION.

*No. 10217F.—The 13th July 1922.*—In exercise of the powers conferred by rule 2 read with rule 5 of the Fundamental Rules, the Governor in Council is pleased to make the following rules regulating the grant of leave to Government servants of certain classes serving in the Survey Department, Bengal, and not being members of the office establishments located with the headquarters offices in Calcutta :—

**Calcutta.**

1. These rules govern the grant of leave to Government servants of the following classes serving in the Survey Department, Bengal, and not being members of the office establishments located with the headquarters offices in Calcutta :—

(*a*) Subordinates in superior service.
(*b*) Monials attached to parties.

2. In addition to leave under Chapter X of the Fundamental Rules, departmental leave may be granted in the circumstances and on the conditions prescribed in rules 3 to 8.

3. (*a*) Departmental leave may not be granted except to a Government servant whose services are temporarily not required.

(*b*) It may be granted during the recess by the head of the party provided in the case of a menial that the officer granting the leave considers it desirable to re-employ the menial in the ensuing season.

(*c*) It may be granted at times other than the recess for not more than six months at a time by the Director of Surveys, Bengal, provided that the leave is granted in the interests of Government and not at the Government servant's own request; and leave so granted may, in special cases, be extended up to a maximum of one year in all. Leave on medical certificate should never be regarded as granted in the interests of Government.

4. Departmental leave may be granted on such leave salary, not exceeding half pay as the officer granting the leave may think fit. The leave salary is payable on return to duty after the expiration of leave and is not payable unless the Government servant returns to duty when required by his superior officer to do so. If, however, a Government servant dies while on departmental leave, his leave salary up to the date of his death will be paid to his heirs.

5. Departmental leave does not count as duty and will be debited to the leave account as though it were leave on half average pay.

6. Departmental leave may be granted when no leave is due. Departmental leave granted shall not be taken into account when calculating the maximum amount of leave admissible under Fundamental Rule 81(*a*).

7. Departmental leave may be combined with any other kind of leave which may be due.

8. When a Government servant subject to these rules holds a post in which the Director of Surveys, Bengal, considers that he is unlikely to be eligible for departmental leave in future, the Director of Surveys, Bengal, may by special order in writing declare that with effect from such date not being earlier than the Government servant's last return from departmental leave as the Director of Surveys, Bengal, may fix, any balance of leave at debit in the Government servant's leave account shall be cancelled. All leave earned after such date will be credited as due in the Government servant's leave account; and all leave taken after such date, including departmental leave, if any, will be debited in it.

NOTIFICATION

ESTABLISHMENTS.

*Simla, the 28th June 1922.*

*No. F.-531-II.*—The following regulations for the examination for the Indian Civil Service to be held in India during 1923 are published for general information.

## INDIAN CIVIL SERVICE.

NOTICE.

A competitive examination for admission to the Indian Civil Service will be held under the subjoined rules in the Senate House at Allahabad commencing on 8th January 1923. Candidates accepted for the examination, that is, candidates who have received certificates of admission under Rule 13 should present themselves not later than 9-30 A.M.; this last intimation is given in case a communication which the Civil Service Commissioners will send showing the Time Table of the written examination and the time of the candidates' *viva voce* test should fail to reach the candidate.

The number of persons to be selected at this examination will be announced hereafter.

No person will be considered from whom the Chief Secretary of the appropriate Province has not received, on or before the 15th August 1922, an application on the prescribed form, a copy of which is sent herewith. No allegation in an Application Form or a letter respecting such Form has

been lost or delayed in the post will be considered unless the person making such allegation produces Post Office Certificate of Posting. Candidates who delay their applications until a late date will do so at their own risk.

## Regulations for Competitive Examinations to be held in India.

*The following Regulations, made by the Secretary of State for India in Council, are liable to alteration from year to year.*

(1) A competitive examination for admission to the Indian Civil Service shall be held annually in India in the months of January and Februray or at such other time as the Governor General in Council may direct.

(2) The maximum number of candidates to be admitted to the examination may at the discretion of the Governor General in Council be limited to 200. If the number of applicants exceeds 200 and a limitation is decided upon it will be effected by quota committees in accordance with the following regulations.

(3) Of the candidates to be admitted, if limitation is decided upon the number to be drawn from each of the areas specified in the first column of the annexed table, shall not exceed that specified in the corresponding entry of the second column thereof; such number is hereinafter referred to as " the provincial quota."

| | | | |
|---|---|---|---|
| Assam ... ... | 5 | The Madras Presidency and Coorg ... ... | 33 |
| Bengal ... ... | 33 | | |
| Bihar and Orissa ... | 22 | Punjab, the North-West Frontier Province and Delhi ... ... | 25 |
| The Bombay Presidency... | 25 | | |
| Burma ... ... | 15 | | |
| The Central Provinces ... | 12 | The United Provinces and Ajmer-Merwara ... | 30 |

(4) If limitation is decided upon and in any area of Rule 3 the number of applicants exceeds the provincial quota, the Local Government of every Governor's Province and of the Province of Burma (coinciding with or included in the area), shall appoint a Committee to be called the Quota Committee the majority of the members of which shall be non-officials. Each Quota Committee shall select the provincial quota for its area from among such of the persons applying for admission to the examination from that area as possess the qualifications hereinafter prescribed. The selection or rejection of an applicant by the Quota Committee shall be final. Provided nevertheless that the Local Government may remove from the quota a candidate who is reported by a Medical Board to be physically unfit for appointment in the Indian Civil Service.

(5) If limitation is decided upon the Local Governments of Madras, and of the United Provinces, shall be responsible for the due representation of Coorg and Ajmer-Merwara respectively on the Quota Committees appointed by them, and the Local Government of the Punjab shall in like manner be responsible for the due representation of the North-West Frontier Province and Delhi.

(6) A person desiring to be admitted to the examination shall apply, before such date as the Governor General in Council may prescribe, in the area of Rule 3 in which his parents reside at the time of the application or have previously resided for a period of not less than three years, or in which he has himself resided, otherwise than as a student at a university only, for a like period. His application must be made to the Chief Secretary of the Governor's Province which coincides with or is included in that area ;

Provided that no candidate shall make more than one application in any year ;

Provided further that persons resident in a State in India shall apply through their Durbars to the Chief Secretary of the province in which they wish to serve or of the province included in the area in which they wish to serve, and that for the purposes of Rule 3, if limitation of the number of candidates is decided upon, such persons shall be considered by the appropriate

Quota Committee and if chosen by that Committee shall constitute a part of the provincial quota for that area.

(7) Application shall be made at such time and in such manner as the Governor General in Council may prescribe.

(8) A candidate must be either a British subject or a ruler or subject of a State in India in respect of whom the Governor General in Council has made a declaration under section 96A of the Government of India Act. If the candidate (being a British subject) or his father or his mother was not born within His Majesty's Dominions and allegiance, the father must, at the time of the candidate's birth, have been a British subject or the subject of a State in India; and if alive, must be, or if dead, must have continued to be until his death, a British subject or a subject of such State.

(9) A candidate must have attained the age of 21 and must not have attained the age of 23 on the first day of August in the year in which the examination is held, or be in a position to claim such a concession under the provisions of the Appendix to these Regulations as will render him eligible.

(10) A candidate must be free from disease, constitutional affection, or bodily infirmity, unfitting him, or likely to unfit him, for the Indian Civil Service.

(11) A candidate must be of good moral character.

(12) A candidate must hold a degree of a University incorporated by law in British India, or of the Mysore University, or the senior diploma of the Mayo College, Ajmere.

(13) No candidate shall be admitted to the examination unless he holds a certificate of having been accepted for admission, given by the Quota Committee in an area in which a Quota Committee has been set up and given by the Local Government in any other area.

(14) Any attempt on the part of a candidate to enlist support for his application through persons of influence will disqualify him for appointment Spontaneous recommendations from persons who are not themselves acquainted with the candidate's work at school or at the University, or otherwise, will be disregarded.

(15) A candidate will pay a fee of Rs. 5 with his application form, and a candidate chosen for admission to the examination will pay a further fee of Rs. 100.

(16) The examination will include the following subjects, under the conditions stated in rules 17 to 22. Each subject will carry the number of marks shown against it.

*Section A.*—To be taken by all candidates :—

| | | | | | |
|---|---|---|---|---|---|

20. As Vernacular Literature a candidate may offer the literature of any one of the following languages:—Bengali, Burmese, Gujerati, Hindi, Marathi, Tamil, Telegu, Urdu.

21. From the marks assigned to candidates in each subject, such deduction will be made as the Civil Service Commissioners may consider necessary in order to secure that no credit is allowed for merely superficial knowledge.

22. If a candidate's handwriting is not easily legible, a deduction will be made on this account from the total marks otherwise accruing to him.

23. A list of the competitors shall be made out in order of their proficiency as disclosed by the aggregate marks finally awarded to each competitor, and in that order, so many competitors, up to the determined number of appointments, as are found by the Civil Service Commissioners to be qualified by examination, shall be designated to be selected candidates for the Indian Civil Service, provided that the Governor-General of India in Council is satisfied that they are duly qualified in other respects. Should any selected candidate become disqualified, the Secretary of State for India will determine whether the vacancy thus created shall be filled or not. In the former case the candidate next in order of merit, and in other respects duly qualified, shall be deemed to be a selected candidate.

24. Selected candidates will be on probation for two years in the United Kingdom.

*Date*_____

*Nationality (Rule 8).*—If the candidate is a British subject and he and both parents were born within the British Empire he is eligible as to nationality.

If the candidate is a British subject but he or his father or mother was born outside the British Empire he is eligible provided his father has not since the birth of the candidate owed allegiance except to the British Empire or an Indian State. Whether the father's allegiance has changed between the British Empire and an Indian State is immaterial. Whether the candidate is the subject of an Indian State as well as of the British Empire is immaterial.

If the candidate is not eligible under the above paragraphs and he is the ruler or subject of an Indian State a declaration under section 96A of the Government of India Act is required to make him eligible. Whether he is a British subject as well as the subject of an Indian State is immaterial.

A candidate for whom a declaration under section 96A is necessary must take early steps in order that the declaration may be in the hands of the Civil Service Commissioners before they issue the communication directing candidates where and when to attend for examination.

*Age (Rule 9).*—A candidate must send in with this form a certificate from his University showing his date of birth as recorded on entering the University. A Matriculation certificate will be accepted if it contains the date of birth. The certificate will be retained by the Civil Service Commissioners and not returned.

*Medical Examination (Rule 10).*—A candidate's medical examination will take place as soon as possible after he has been found otherwise acceptable for admission to the examination. A candidate summoned for interview by a Quota Committee or a Local Government should ask at the interview if he is required to attend for medical examination before returning home.

*Character (Rule 11).*—A candidate must send in with this form copies of three certificates (and not more) of good private character, one from his University or College and two from responsible persons unconnected with his University or College. Copies only are to be supplied at this stage; they will be retained by the Civil Service Commissioners and not returned. Successful candidates will be required to produce the originals.

*University Degree (Rule 12).*—A copy of the candidate's degree certificate is to be sent in with this form. Successful candidates will be required to produce the originals.

*Fees (Rule 15).*—A fee of five rupees is to be paid with this form. On acceptance for admission to the examination a candidate will pay a further fee of 100 rupees and will then receive a certificate entitling him to admission to the examination.

*Sciences (Rule 19).*—Candidates who offer any of the subjects numbered 36—48 and 50 must send in with this form the vouchers required by rule 19.

### ESTABLISHMENTS.

*Simla, the 5th July 1922.*

*No. F.-267.*—The following announcement of the Secretary of State, dated the 5th July 1922, is published for general information :—

The Secretary of State for India in Council has decided in consultation with the Government of India to make the following modifications in the orders announced in the Resolution of the Government of India of November the 8th last, relating to the conditions and terms upon which officers of the All-India Services may retire prematurely if they desire to do so in view of the change in the conditions of their employment brought about by the introduction of constitutional reforms.

1. The orders in question at present give members of the Services to which they relate who arrived in India for the first time on a date antecedent to January the 1st, 1920, an option of retiring which expires on March the 31st, 1924. The Secretary of State in Council has decided that the option, instead of expiring on March the 31st, 1924, shall continue in force and may be exercised until the action proposed to be taken on the Report of the Parliamentary Commission provided for by the Government of India Act is known, when the whole position will necessarily be reviewed.

2. It follows from this decision that the restriction that leave taken in anticipation of retirement must be completed before March the 31st, 1924, is also removed. Officers proposing to retire prematurely, provided they have submitted a definite application for permission to retire accompanied by the prescribed form of declaration, will ordinarily be allowed before their retirement takes effect to avail themselves of the full amount of leave which is due to them, and which may be granted to them at one time under the regulations for the time being in force and applicable to them otherwise than on medical certificate. A mere intimation of a possible intention to retire will not entitle an officer to have his application for leave dealt with under these rules.

An officer who has submitted an application to retire supported by a declaration and has obtained leave on the basis of it will not be permitted to cancel his application and to return to duty without the consent of his Local Government.

An officer on leave will be at liberty to submit an application to retire with the prescribed declaration and will then, unless his local Government considers his return necessary, be placed in the same position as an officer who has submitted his application in India.

3. The following form of declaration is substituted for that required by the present rules :—

> "In view of the changes in the conditions of my service occasioned by the Government of India Act, 1919, I desire to retire on the terms set forth in the orders relating to premature retirement."

4. The Secretary of State in Council is prepared to permit officers retiring prematurely to take up other employment during the currency of

their leave preparatory to such retirement, subject to the following conditions :—

(*a*) that if the proposed employment lies in India the specific consent of the Governor General in Council shall be obtained, and that if the proposed employment lies elsewhere than in India, the specific consent of the Secretary of State in Council shall be obtained ; and

(*b*) that a request for such permission must be accompanied by a definite request for permission to retire at the expiry of the leave.

The Governor General in Council or the Secretary of State in Council, as the case may be, will ordinarily grant permission to take up employment in these circumstances unless they consider the employment under consideration is such as could not with propriety be held by a person who is still in the service of the Crown in India, or alternately they may grant the desired permission in any such case subject to the stipulation that the acceptance of the employment in question will preclude the officer from withdrawing his request to retire and from returning to duty in India.

Even in cases where the stipulation abovementioned has not been made an officer who has been granted permission to take up such employment will not be permitted to withdraw his request for permission to retire and to return to duty in India without the specific consent of the Secretary of State in Council who will before giving such consent consult the Government of India and the local Government under which the officer was employed.

5. The Secretary of State in Council desires it to be understood that eligibility to retire on proportionate pension is not an absolute right which accrues on signature and presentation of the prescribed declaration. The Secretary of State reserves to himself the right to arrange for a combined pension under the ordinary rules on their final retirement in the case of officers who have obtained employment with his permission in other departments under the Crown or to withhold permission to retire or to permit retirement on reduced pension only, if circumstances exist which justify this course (*vide* article 470, Civil Service Regulations). Thus it would not be open to an officer against whom disciplinary proceedings were pending or in contemplation which might result in the reduction or the withholding of his pension to avoid such proceedings by an application for permission to retire on proportionate pension.

6. While the Secretary of State in Council reserves to himself the right to postpone the acceptance of the resignations of officers until suitable arrangements can be made for their raplacement an officer who has been granted permission to retire under these orders will only be detained in India beyond the date on which he desires leave if his detention cannot be avoided without prejudice to the public interest. Ordinarily, the local Government under which the officer is employed will intimate when forwarding his application whether it considers that the Secretary of State in Council should exercise the right reserved to himself of postponing the acceptance of his resignation and if so for what period ; but the local Government must be given discretion to determine with due regard to the public interest the date when leave granted under paragraph 2 will begin, even though the officer's resignation has been accepted by the Secretary of State.

7. The Secretary of State in Council intends as soon as possible to re-issue in the form of rules under section 96-B (2) and (3) of the Government of India Act, the orders issued on November the 8th last by the Government of India as already amended and as amended by the present announcement, and he takes this opportunity of announcing that the orders applicable to officers serving in other Provinces will apply to officers serving in Burma with effect from the date on which the notification of the Governor-General in Council dated October the 7th last constituting Burma a Governor's Province, is brought into operation.

*No. F-505-I.*—The following announcement by the Secretary of State dated the 5th July 1922, is published for general information :—

In continuation of the orders issued on November the 8th, 1921, regarding the premature retirement of officers of the Indian Services on proportionate pensions the Secretary of State in Council has decided that an officer

awarded a proportionate pension may be permitted to commute a portion of his pension not exceeding the third of the whole, unless in the opinion of the sanctioning authority (the local Government under which the officer was last employed for an officer who draws his pension directly or indirectly from Indian Treasuries and the High Commissioner in all other cases) there are exceptional reasons for refusing sanction to the application in whole or in part. If the sanctioning authority considers that such reasons exist the case will be referred for the decision of the Secretary of State in Council.

2. An officer in Europe desirous of commuting must make application, in writing, to the High Commissioner stating his desire so to commute and furnishing information as to his age and the reasons on which he bases his request. Permission to commute in sterling will not ordinarily be granted by the High Commissioner to an officer residing only temporarily out of India. Commutation in his case will ordinarily be dealt with by the authorities in India.

3. If the High Commissioner approves the commutation, the officer will be so informed, and his application will be referred to the Medical Board at the India Office.

4. The Board will require the officer to give such information as to his health and habits as is usual in the case of persons proposing to assure their lives in assurance companies, and he will be required to submit himself for personal examination by the Board at the India Office.

5. An officer residing in a Dominion or Colony (other than those whose accounts are adjusted directly with Indian Treasuries) and desirous of commuting will be required to follow a procedure similar to that in the case of an officer residing in Europe except that he will apply to the High Commissioner through the official from whom he draws his pension. If the application is approved the officer will be informed accordingly, and a special civil medical board will be assembled under the orders of the Local Colonial Government.

The Medical Board will report in the following form :—

> " We have carefully examined and are of opinion that he is (*or* is not) in good bodily health, and has (*or* has not) the prospect of an average duration of life. We therefore (*or* do not) recommend compliance with his application to be allowed to capitalise a portion of his pension."

In the case of impaired lives in which compliance with the officer's application is recommended, but with an addition of years of age, the following should be added :—" but as he is suffering his age for purposes of commutation should be taken to be years."

6. The basis of commutation, subject to an addition of years of age in the case of impaired lives, shall be the following table, the age of the officer being reckoned at the age he will attain on the birthday next succeeding the date upon which the capitalised sum will become payable :

| Age next Birthday. | Number of Years' Purchase. | Present value of the annuity of £100. | | | Age next Birthday. | Number of Year's Purchase. | Present value of the annuity of £100. | | |

NOTE 1.—These rates are subject to modification by the Secretary of State in Council from time to time.

NOTE 2.—In order to ensure payment at the rate shown for any specified age it is essential that an application to commute should reach the High Commissioner's office at least one month before the applicant reaches that age.

7. When the commutation has been sanctioned by the High Commissioner, the applicant will be informed accordingly, and will have the option of withdrawing his application within one week after receiving notice.

8. If the applicant does not withdraw his application within that period, the decision will be considered final, and the commutation of pension will become absolute, and payment will be made forthwith, the payment of the commuted pension thereupon ceasing.

9. The capitalised sum will be payable in India if the commutation is effected there; in all other cases it will be payable in England. When commutation of a sterling pension is effected in India by Officers residing temporarily in that country the commutation will be on the basis of the current rate of exchange, the rate adopted being the rate of exchange for telegraphic transfers from Calcutta on London on the 20th of the month preceding that in which the capitalised sum is paid.

10. The commutation of the proportionate pension of an officer who draws his pension directly or indirectly from Indian Treasuries will be governed by rules which the Government of India are issuing separately.

*No. F.-505-II.*—With reference to rule 10 of the rules contained in the announcement of the Secretary of State which was published in the Notification of the Government of India in this Department No. F.-505-I., dated the 5th July 1922, the rules governing the commutation of the proportionate pensions of pensioners who draw their pensions directly or indirectly from Indian Treasuries are herewith published for general information. The table for the commutation of pensions differs from the table in the Secretary of State's announcement because of the necessity of calculating it upon the basis of a life table applicable to Indian instead of to English conditions.

1. These rules apply only to pensioners drawing pensions directly or indirectly from Indian Treasuries. Other pensioners should apply to the India Office, when their applications will be considered on their merits.

NOTE —The expression 'drawing their pensions indirectly from Indian Treasuries,' refers to case of pensioners residing in Ceylon, the Straits Settlements or the East African Protectorate and drawing their pensions from the local Treasuries, the amounts being subsequently adjusted in the books of the Accountant-General, Central Revenues.

2. Subject to the conditions stated in these rules, the local Governments are competent to sanction the commutation for a lump payment of a portion not exceeding one-third of the pension which has been or is about to be granted to any person.

3. An application for commutation submitted through an authority having power under the Memorial Rules to withhold a memorial may be withheld by such authority, if satisfied that it is not a case in which commutation should be allowed. The applicant's right of appeal will be regulated by the Memorial Rules.

4. In cases in which an applicant bases his request on circumstances which can only be verified by an authority other than the authority competent under rule 2 to sanction the commutation, the request should not be granted until the verification has been made.

5. The incidence of the commutation payment will in all cases follow that of the pension, and the commuted amount must be made payable at the treasury at which the pension is being or is to be drawn. If a pensioner who has obtained commutation of a portion of his pension transfers himself thereafter to another province, a note must be made on the Pension Payment Order as to the amount of pension which has been commuted.

6. Application for commutation shall be made in Form A appended to these rules.

7. The sanctioning authority shall satisfy itself :—

(1) That the commutation will be to the distinct and permanent advantage of the pensioner or his family.

(2) That the residue of pension which will be left after commutation is sufficient to maintain the pensioner in accordance with his station in life in retirement, due regard being had to the manner of application of the amount realised on commutation.

The sanctioning authority may also, at its discretion, require guarantees and impose such terms and safeguards as it may deem fit to ensure the prudent application of the amount payable in commutation if sanctioned.

8. (*a*) If on consideration of the facts stated in the application, the sanctioning authority decides to allow commutation, the applicant should be required to produce a certificate as to his expectation of life, from a medical officer who should be of not lower standing than a Civil Surgeon, District Medical Officer or Presidency Surgeon. The sanctioning authority may further, at its discretion, require a second medical opinion or direct the applicant to appear before a Medical Board.

(*b*) The certifying Surgeon or Board shall subject the applicant to a strict medical examination, requiring him to give such information as to his health and habits as is usual in the case of persons proposing to assure their lives in assurance companies, and will report in the following form :—

$\frac{\text{I}}{\text{We}}$ have carefully examined..... .....and $\frac{\text{am}}{\text{are}}$ of opinion that he $\frac{\text{is}}{\text{is not}}$ in good bodily health and $\frac{\text{has}}{\text{has not}}$ the prospect of an average duration of life.

$\frac{\text{I}}{\text{We}}$ therefore, $\frac{\text{do}}{\text{do not}}$ recommend compliance with his application to be allowed to capitalise a portion of his pension.

In the case of impaired lives in which compliance with the officer's application is recommended. but with an addition of years of age, the following should be added :

"but as he is suffering from..... his age, for purposes of commutation, should be taken to be.....years."

(*c*) The applicant should himself pay the medical officer's fee for examination except when a second medical opinion is required or the applicant is directed to appear before a Medical Board, in which case the examination will be made free of charge by medical officers at the request of the authority indicated in rule 2.

9. The lump sum payable on commutation will be the amount certified by the Audit Officer to be admissible according to the table of present values appended to these rules. This amount may be intimated, at the discretion of the sanctioning authority, to the applicant for definite acceptance or rejection, within a specified period before final sanction to commutation issues.

10. Commutation, when sanctioned, shall take effect from a date, to be named in the order, which should ordinarily be about one month later than the date of the order; and all calculations shall be made with reference to that date. Payment of the commuted portion of the pension will cease from the date specified and the sum payable on commutation will be paid on that date or as soon afterwards as possible.

*Note.*—In special cases the sanctioning authority may sanction the commutation with effect from an earlier date than that mentioned in this rule not preceding the date of the sanction, all calculations being made with reference to such earlier date.

11. A commutation once applied for, sanctioned, and given effect to cannot be rescinded, *i.e.*, the portion of a pension commuted cannot be restored on refund of its capitalised value.

12. If a pensioner whose pension has been commuted dies on or after the date from which the commutation is to take effect under rule 10 but before he receives the commutation value this value is payable to his heirs.

15 In the case of a pensioner who is re-employed in Government service or in the service of a Local Fund and who commutes a portion of his pension before or after such re-employment, the amount which the pensioner is entitled to draw under the rules in Chapter XXI of the Civil Service Regulations shall be the amount to which he would have been entitled under those rules had there been no commutation, less the amount commuted.

J. DONALD,
*Chief Secretary*
*to the Government of Bengal.*

**India Army Order No. 374, dated 6th June 1922.**

**374. Organization—Indian Territorial Force.**—The following Regulations for the Indian Territorial Force Medical Corps are published for information and guidance pending the issue of Regulations for the Indian Territorial Force :—

12344 (A. G. A. T. F.).

1. *Composition.*—The Indian Territorial Force Medical Corps will consist of officers, warrant officers, non-commissioned officers and men.

2. *Qualifications of officers.*—A person provided he be eligible for enrolment under the Territorial Force Act, 1920, may apply for a commission in the above Corps if he holds any of the Medical and Surgical Qualifications detailed below, viz. :—

(*a*) Registrable in the United Kingdom.
(*b*) L. M. S., Madras.
(*c*) Membership of State Medical Faculty, Bengal.
(*d*) Membership of College of Physicians and Surgeons, Bombay.
(*e*) Graduates of Class A American Universities.

3. *Application for commission.*—Every application for a commission will be made in manuscript and must be accompanied by evidence of possession of one of the qualifications detailed in paragraph 2.

Applications by persons serving on a temporary engagement in the Regular Army or enrolled in the Indian Territorial Force or Auxiliary Force, India, will be made to their Commanding Officer and in other cases will be submitted direct to the Officer Commanding the District.

On receipt of an application, the Officer Commanding the District will forward it with his remarks through the usual channel for the orders of the Commander-in-Chief.

4. *Liabilities for training and service.*—An officer of the Indian Territorial Force Medical Corps will be subject to the provisions of the Indian Territorial Force Act, 1920, and to the rules and regulations made thereunder.

5. *Posting.*—Officers will be borne on a general list and will be liable to be posted either in medical charge to a combatant unit of the Territorial Force or to a medical unit of that Force. When not so posted, they will be attached for preliminary and periodical training, under the orders and at the discretion of the Officer Commanding District, to Indian Station Hospitals or regular medical units: such attachment to be made, as far as circumstances permit, at such time and place as may be convenient to the officer concerned.

6. *Pay and allowances.*—Officers will be entitled when embodied for training or service to pay and allowances as for corresponding ranks of the Indian Medical Service.

7. *Promotion.*—Officers will be entitled to promotion up to the rank of Major if so recommended by the Officer Commanding the District, on the time scale in force for the time being for regular officers of the Indian Medical Service. All previous commissioned service as a medical officer will count towards promotion. Promotion to higher rank will be vested in the Commander-in-Chief.

8. *Attached Officers.*—An Officer of the Regular Army may be attached as a medical officer on the sanctioned establishment to a unit of the Indian Territorial Force at his own request under the orders of the Officer Commanding the District, and subject to the approval of the Local Government or administration concerned in the case of officer in civil employ.

An officer so attached will be entitled during the embodiment of the unit to detention allowance as for other attached officers.

9. *Other ranks* —A person enrolled in the Territorial Force may apply to his Commanding Officer to be transferred to the Indian Territorial Force Medical Corps, and on so being transferred will be posted under the orders of the Officer Commanding District to a unit of that Corps located in that District. If not already enrolled an applicant for enrolment in the Indian Territorial Force Medical Corps will apply to the Officer Commanding the nearest unit of the Indian Territorial Force or to the Headquarters of the Military District in which he resides.

10. *Constitution of units.*—The constitution of units of the Indian Territorial Force Medical Corps will be effected under paragraph 4 of the Indian Territorial Force Act, 1920, subject to the recommendation of the General Officer Commanding-in Chief Command. Proposals to form such units may be submitted by Officer Commanding District when the numbers of applicants warrant and there is a reasonable probability of the maintenance of the unit. Medical units will ordinarily consist of Field Ambulances of one or more Sections, or Indian Staging Sections; the establishments conforming generally to those laid down for the Regular Army.

11. *Liabilities of other ranks.*—Warrant officers and non-commissioned officers and men of the Indian Territorial Force Medical Corps will be liable to be embodied for service as laid down in the Indian Territorial Force Act, 1920, or for preliminary and periodically training under the orders of Officer Commanding District to an extent not exceeding that prescribed for the Indian Territorial Infantry. When so embodied they will be entitled to pay and allowances as for corresponding ranks of the Indian Hospital Corps. Units formed from Medical Colleges may be permitted under the orders of Officer Commanding District to undergo training in the manner and to the extent required of units of the U. T. C.

12. *Training* —Preliminary and periodical training will be conducted under Regulations and subject to the general direction of the Director of Medical Services.

*N.B.*—All applications to join the Indian Territorial Force Medical Corps, whether for commissioned rank or otherwise, will, in the first place, be addressed to the "General Officer Commanding Presidency and Assam District, Shillong."

NOTICE

**In the 1st Court of the Sub-Judge at Midnapore.**

Midnapore Zamindari Company, Limited, of Godapiasal, pargana Bhanjabhum, thana Sa'boni, Midnapore, plaintiffs,

*versus*

(1) Panchanan Bisui, son of late Dinu Bisui, of Chunpara, (2) Kedar Nath Ghose, (3) Bhutu Ghose, (4) Janoki Ghose, (5) Bonchu Ghose, (6) Chandra Ghose, son of late Arun Chandra Ghose, of Bagaldoba, (3) Hrishikesh Ghose, son of Kailash Chandra Ghose, of Megakham, pargana Midnapore, (4) Ram Sadoy Ghose, son of Gourmohon Ghose, of Shyamangar, pargana Bagri.

TITLE SUIT No. 82 of 1922.

TAKE notice that Midnapore Zamindari Company, Limited, has instituted suit No. 82 of 1922, in the 1st Sub-Judge's Court, Midnapore. In the record-of-rights of pargana Bhanjabhum in district Midnapore various rights and profits are recorded in favour of the tenants of Bhanjabhum in the khas patit and khas jungles of the Company in that pargana. The Company seek in that suit a declaration that the entry in the record-of-rights regarding mauza Bagaldoba, thana No. 131, interest No. 16, in Bhanjabhum pargana is *ultra vires* and wrong, and that the tenants have no such rights. As all the tenants of the pargana Bhanjabhum are interested in the suit and as the remedies are sought against all of them, any persons having any land in Bhanjabhum and desirous of defending their allied rights may appear in the suit on 2nd August 1922 and contest, if they like, under Order 1, Rule 8, C. P. C., within 15 days from the service of this notice.

## Notice.

THE Bengal and Madras Service Family Pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Uncovenanted Service of Government (except those serving under the Government of Bombay), and to Local Fund servants earning pensions from Government. Some of the special features of the fund are—(1) that widowed daughters incapable of remarriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted to its benefits; and (2) that subscribers to the Widows' and Daughters' branches are entitled to a refund of 30 per cent. of the premia paid, should the nominees predecease them after five years of admission. The second quinquennial valuation of the fund has been completed by the Actuary to the Government of India and his report discloses very favourable results. For forms of application and rules of the Fund apply to the Accountant-General, Central Revenues, Imperial Secretariat Buildings, Calcutta.

## APPOINTMENT OF A COMMITTEE TO CONSIDER THE WHOLE QUESTION OF NURSING ARRANGEMENTS AT THE GOVERNMENT HOSPITALS IN CALCUTTA.

### GOVERNMENT OF BENGAL.

**LOCAL SELF-GOVERNMENT DEPARTMENT.**

**Medical.**

CALCUTTA, THE 16TH JULY 1922.

RESOLUTION—No. 1742Medl.

**Minister in charge: The Hon'ble Sir S. N. Banerji, Kt.**

The increasing cost of the nursing arrangements at the general hospitals of Calcutta has recently engaged the anxious consideration of Government.

The demand on provincial revenues has increased to a serious extent and the proportion of cost, which the State may fairly be asked to bear, is a matter which, in the opinion of the Minister for Local Self-Government, requires careful examination. Government have decided that it is desirable that the whole question should be the subject of thorough investigation by a strong committee representing the various interests concerned. In order to define the terms of reference of the committee which the Minister desires to appoint, it will be convenient briefly to state the existing arrangements for nursing in public hospitals and the circumstances under which they were made.

2. Prior to 1859, the nursing of patients in the Calcutta hospitals was entirely in the hands of the ward boys and untrained ayahs. The Calcutta Hospital Nurses Institution was then established, mainly through the influence of Lady Canning, for the purpose of providing women nurses for the Medical College Hospital. Its management was vested in a committee of ladies and funds were raised by private subscriptions. In 1860, the Institution extended its operations to the Presidency General Hospital, then under the Military Department, and received in return a Government grant of Rs. 200 per month.

The Institution originated in a charitable desire of European residents to provide skilled nursing for European patients. The charity was well sustained at the outset. Donations were large and expenses small; but this state of affairs did not continue long. The scope of work was extended and expenditure rapidly increased with no corresponding increase of income. Government aid was soon solicited. In 1867 this amounted to Rs. 700 per month on the understanding that a full supply of nurses was provided both for the Medical College and the Eden Hospitals where Indian patients predominate. In 1883 the grants-in-aid were raised to Rs. 15,000 per annum, which was estimated to be half the annual cost of the institution, and subsequently the Lieutenant-Governor undertook to treble the amount derived from private subscriptions subject to the maximum of Rs. 37,500. Later on, this maximum was increased to Rs. 50,000 and this arrangement continued in force until 1910 when the maximum was raised to Rs. 75,000, with the further understanding that if this subsidy failed during the following three years to establish an equilibrium, the deficit would be made good by Government, although it was expressly stated that the sum of Rs. 75,000 should be regarded as normally the maximum, which the State could be expected to contribute. This arrangement was subsequently extended for a further period. For the next few years, no serious deficit occurred, while the war bonus fund raised during war, enabled the Committee to the Institution to provide for the increasing cost of nurses. In 1915, however, there was a deficit of Rs. 10,972 and in 1919 a deficit of Rs. 17,798, and in 1920, the Committee found it necessary to ask Government to increase their annual contribution to Re. 1 lakh. Again in 1921, Government were compelled to make a total contribution of Rs. 1½ lakhs to enable the Institution to pay its way. In the current supplementary estimates (1922-23) Government has made provision for the payment of Rs. 1½ lakhs, while the Committee are of opinion that their sources of income must be supplemented by a Government contribution of at least Rs. 1½ lakhs to enable their work to continue on the present scale.

The increasing expenditure is in part due to hospital extensions and in part to the fact that it has been found necessary to improve the pay of nurses by consolidating their temporary war bonus with salary. Further additional staff will be necessary for the new Eye Hospital which will probably be opened in September next, while the proposed extension of the Eden Hospital—at present the only Maternity Home in Calcutta under Government control—will also involve the appointment of new staff.

In 1914 the expenditure of the Institution amounted to Rs. 2,04,365; in 1921 the expenditure had risen to Rs. 3,00,309. In that year the following contributions were obtained from non-Government sources, viz. :—

| | Rs. |
|---|---|
| Calcutta Corporation ... ... ... ... | 20,000 |
| Maniktalla Municipality ... ... ... ... | 300 |
| Cossipore-Chitpur Municipality ... ... ... | 200 |
| Woodburn Ward fees ... ... ... ... | 15,766 |
| Hospital Port Dues Fund ... ... ... ... | 13,335 |
| Offertories and entertainments ... ... ... | 4,769 |
| Out-Nursing fees ... ... ... | 19,229 |
| Private subscriptions ... ... ... ... | 67,770 |

The balance sheet showed a total deficit of Rs. 49,559 which was made good by a special grant of Rs. 50,000, bringing Government's total contribution as already stated, up to Rs. 1½ lakhs, while the Committee report that an even larger grant will be required this year in order to produce equilibrium between income and expenditure.

3. Government fully realise the value of the work done by the Institution, and they do not overlook the fact that the increase in its expenditure is due in a large measure to circumstances over which the Committee have no control. At the same time, it is essential to place the finances of the Institution on a sounder footing. Nothing could be more unsatisfactory from every point of view than the present practice of relying on provincial revenues to make up an annual deficit which shows a constant tendency to increase. There is reason to believe that this practice is responsible for a widespread feeling among local bodies and the public generally that by contributing to the funds of the Institution, they are merely relieving Government of a burden which Government can and ought to bear. It is desirable that this misunderstanding should be corrected.

In England, famous general hospitals, such as St. Thomas's or Bartholomew's, are old charitable foundations which are supported on the voluntary system by subscriptions from the philanthropic public. Special hospitals—such as isolation or infectious diseases' hospitals founded in more modern times—are ordinarily supported by local bodies. In Europe and America, the tendency is to make hospital expenditure a charge on the rates, and not on the revenues of the State. The Minister does not wish to press these analogies too far, and he recognises that in India, the State was compelled in earlier days to assume responsibilities of this character because local bodies had not then been created or were still in their infancy, while again the sources of private benefactions were less ample in their flow.

It is not possible for the State suddenly to divest itself of these responsibilities, and moreover a provincial contribution to the maintenance of the Calcutta hospitals can be justified on the ground that the benefits which they confer are not entirely confined to Calcutta. At the same time, there is a limit to the amount which the general taxpayer can reasonably be asked to provide for this purpose, especially in view of the straitened conditions of the provincial finances and of the heavy and increasing demands which are being made upon the public purse for objects of a more general character. If the citizens of Calcutta desire to have the benefit of skilled nursing in well-equipped hospitals, they must be prepared to contribute a reasonable part of the cost themselves. They cannot reasonably rely on Government to bear the whole of any new expenditure which may be necessary on this account.

4. The Minister has accordingly decided to appoint a Committee which, approaching the subject from this point of view, will undertake a thorough investigation of the affairs of the Institution with the object of putting its finances on a sound basis for the future. The Committee should ascertain, in the first instance, whether any savings are practicable in the existing scale of expenditure without undue sacrifice of efficiency, and they should then frame an estimate of the financial requirements of the Institution for the next five years, having regard to the absolute necessity for the strictest economy

in view of the limited resources that have hitherto been available. The Minister is provisionally of opinion that the permanent contribution from Government during that period should not exceed Rs. 1 lakh annually, and adopting this figure as a basis, the Committee should advise on the best methods of raising the balance required. They will doubtless take into consideration in this connection the adequacy or otherwise of the existing contributions from local bodies and the general public, and the measures which might be adopted for arousing an interest in the Institution among any sections of the public who do not at present contribute to its funds in proportion to the benefits which they receive. Finally, it should be considered whether any other feasible method of increasing the resources of the Institution can be devised, such as the levy of fees from those patients who can afford to pay them.

The following ladies and gentlemen, who have kindly consented to serve on the Committee, are appointed to advise on the above questions, viz. :—

The Surgeon-General (President).
Sir Nilratan Sirkar, M.A., M.D.
Mr. A. d'A. Willis (President of the Calcutta Hospital Nurses Institution).
Mrs. S. R. Das.
Mrs. Hechle.

# RESOLUTION REGARDING INTRODUCTION OF A TIME-SCALE PAY OF ZILLADARS.

## GOVERNMENT OF BENGAL.

### IRRIGATION DEPARTMENT.

### Establishment.

CALCUTTA, THE 21ST JULY 1922.

RESOLUTION—No. 1557 I. E.

READ—

1. Government of Bengal, Public Works Department, letter No. 3417E., dated the 27th November 1906.
2. Government of Bengal, Public Works Department, letter No. 4349E., dated the 13th December 1907.
3. Government of Bengal, Finance Department, letter No. 2386F., dated the 6th April 1916 and Government of Bengal, Public Works Department, letter No. 2757E., dated the 27th September 1919.

THE Zilladars employed in the Revenue Division, Midnapore Canal, having represented to Government the difficulty they have to experience owing to general rise in price of foodstuffs and asked for an increase of pay compatible with that sanctioned to other similar services, the question was carefully considered by Government and the Governor in Council is pleased to sanction, with effect from the 1st April 1922, the introduction of a time-scale of pay, viz., Rs. 60—3—90—4—150, with efficiency bar at Rs. 90, in place of the existing grades of Rs. 50, 75 and 100.

2. Increments will be given for approved service only. An increment which will carry a zilladar over the efficiency bar will require the sanction of the Local Government; subsequent increments may be drawn on the dates they fall due provided no order has been passed withholding an increment.

3. The zilladar who may be placed in charge of the Revenue Division will, as hitherto, be designated as Circle officer, and will be entitled to a duty allowance of Rs. 75 per mensem.

4. The initial salary which each zilladar now in service will draw under the new time-scale is shown below :—

| Name. | Initial salary on 1st April 1922. |
|---|---|
| | Rs. |
| (1) Babu Ashutosh Sen, Circle officer ... ... ... | 102 |
| (2) „ Haradhon Das ... ... ... | 75 |
| (3) „ Mohima Charan Ghosh ... ... ... | 66 |
| (4) „ Debendra Nath Mukherji ... ... ... | 60 |

5. Ordered that this Resolution be forwarded to the Superintending Engineer, South-Western Circle, and Accountant-General, Bengal (through Finance Department of this Government), for information and also that it be published in the *Calcutta Gazette*.

By order of the Governor in Council,

G. T. HUNTINGFORD,

*Secretary to the Government of Bengal (offg.).*

## MONTHLY WEATHER AND CROP REPORT OF BENGAL FOR JUNE 1922.

I. **Character of the season.**—During the month under review the rain fall was heavy, being much in excess of the normal throughout the Province The usual rainfall statement is appended.

II. **Progress of agricultural operations.**—The preparation of lands for winter paddy and for transplantation proceeded under favourable weather conditions. The sowing of jute was still in progress in parts of West Bengal. Heavy rain caused some damage to the winter paddy seedlings and to young jute plants in certain low lying tracts of West Bengal.

III. **State of standing crops.**—The condition of sugarcane, autumn paddy and other standing crops was reported to be fair, on the whole, although some damage had been caused by drought in the preceding months.

IV. **Prospects and probable outturn.**—The prospects of autumn paddy were reported to be not hopeful, but those of deep-water winter paddy and jute were considerably improved by the recent rainfall.

V. **Damage to standing crops.**—The heavy rainfall caused some damage to the standing crops in certain low lying tracts of West Bengal.

VI. **Condition of agricultural stock.**—The condition of live stock was, on the whole, fair. Stray cases of cattle-disease were, however, reported from the parts of the 24-Parganas, Murshidabad, Nadia, Khulna, Hooghly, Darjeeling, Rangpur, Bogra, Mymensingh, Faridpur, Tipperah, Noakhali and Tripura State.

VII. **Failure of pasturage and fodder.**—Scarcity of fodder was reported only from parts of Murshidabad and Birbhum.

VIII. **Prices of food-grains.**—During the second-half of the month the price of common rice of the cheapest quality rose in eleven districts, fell in two and remained stationary in the rest of the Province. The price varied from 5 seers 8 chittaks per rupee at Chittagong Hill Tracts to 8 seers at Rangpur.

IX. **Condition of agricultural people.**—The condition of the agricultural population was fair.

## PUBLIC HEALTH.

**Minister in charge: The Hon'ble Sir S. N. Banarji, Kt.**

*No. 20881P.H.—The 24th July 1922.*—In pursuance of section 37F of the Bengal Municipal Act, 1884 (Bengal Act III of 1884), it is hereby notified for general information that the scheme submitted by the Commissioners of the Suri Municipality in the district of Birbhum, for the supply of water in that municipality, has been approved by the Government of Bengal (Ministry of Local Self-Government) and that the particulars of the said scheme are as follows:—

**Birbhum.**

(*a*) The scheme provides for a supply of 120,000 gallons of water per diem.

The water will be pumped from a 20′ filtration well sunk in the bed of the river Mayurakshi into an elevated reservoir of 75,000 gallons capacity, wherefrom it will gravitate into the town through the distribution system.

(*b*) The estimated cost of the scheme is Rs. 1,60,700.

(*c*) The estimated cost of maintenance is Rs. 7,000 per annum.

(*d*) The sum of Rs. 1,60,700, on account of the cost of the scheme, will be met as follows:—

| | | Rs. |
|---|---|---|
| (A) King Edward Memorial Fund | ... | 33,422 |
| (B) Government contribution | ... | 53,566 |
| (C) District Board grant ... | ... | 30,000 |
| (D) Public donations and subscriptions | ... | 39,114 |
| (E) Contribution of the municipality | ... | 4,598 |
| | | 1,60,700 |

(*e*) As the contribution promised by the District Board will be paid in six years and as the scheme is proposed to be completed within two years, the municipality proposes to take a short term loan of Rs. 20,000 repayable in twelve half-yearly instalments.

(*f*) The annual maintenance charge will be met from the water-rate.

(*g*) The water-rate will be levied at the rate of Rs. 6 per cent. on the annual value of holdings.

(*h*) The average incidence of the water-rate per head of the present population of the said municipality is estimated at As. 12-6 (annas twelve and pies six only).

2. The said scheme will be taken into consideration on or after the 7th October 1922, and any objections or suggestions with regard thereto which may be received by the undersigned through the District Magistrate before that date will be duly considered.

**Minister in charge : The Hon'ble Sir S. N. Banarji, Kt.**

*No. 2114P.H.—The 25th July 1922.*—The following draft of by-laws which have been framed by the Commissioners of the Rampur-Boalia Municipality in the district of Rajshahi, under section 350 of the Bengal Municipal Act, 1884 (Bengal Act III of 1884), and which the Government of Bengal (Ministry of Local Self-Government) propose to confirm under section 351 of that Act, is published for the information of persons likely to be affected thereby.

2. The draft will be taken into consideration on 15th September 1922, and any objection or suggestion received by the undersigned through the District Magistrate before that date will be duly considered.

### DRAFT BY-LAWS.

1. In these by-laws, and 'cattle' means cattle as defined in section 3 of the Cattle Trespass Act, 1871 (I of 1871).

Definitions.

2. In areas in which section 34 of the Police Act, 1861 (V of 1861), is in force, no act which constitutes an offence under that section shall be punishable under by-law 24 or 52.

### PENALTIES.

3. The penalty for the infringement of any of these by-laws shall be—

(*a*) a fine not exceeding the sum stated at the foot of the by-law,

(*b*) in the case of a second or subsequent conviction for a similar offence, a fine not exceeding the sum (if any) stated in that behalf at the foot of the by-law, and

(*c*) in the case of a continuing offence, a further fine not exceeding the sum (if any) stated at the foot of the by-law as the daily fine, which daily fine may be imposed for each day after written notice of the offence from the Commissioners.

### REGULATION OF TRAFFIC ON ROADS.

4. No owner of any carriage or cart shall allow it to be driven on any road by a driver under fourteen years of age.

Fine, Rs. 10.

**Minister in charge : The Hon'ble Sir S. N. Banarji, Kt.**

**Bankura.**

*No. 2099P.H.—The 25th July 1922.*—In pursuance of section 37F of the Bengal Municipal Act, 1884 (Bengal Act III of 1884), it is hereby notified for general information that the scheme submitted by the Commissioners of the Bankura Municipality for the improvement of their existing water-supply has been approved by the Government of Bengal (Ministry of Local Self-Government) and that the particulars of the said scheme are as follows :—

(*a*) With a view to secure an abundant supply of water, this scheme provides for the construction of a new well a little lower down the river, and a new branch suction pipe leading from it to the pumps and for the extension of the distribution system, work-shop, etc.

(*b*) The estimated cost of the scheme is Rs. 38,450.

(*c*) The cost of additional maintenance charges is estimated at Rs. 900 per annum.

(*d*) The sum of Rs. 38,450 on account of the cost of the scheme will be met as follows :—

| | Rs. |
|---|---|
| (1) Government grant ... ... | 12,817 |
| (2) Contribution by the municipality ... | 25,633 |
| Total ... | 38,450 |

(*e*) The annual charge of maintenance will be met from the water-rate.

(*f*) The water-rate will be levied at the rate of 6 per cent. on the value of holdings in front of pipe-lines and 4½ per cent. for holdings within 1,320 feet from the nearest stand-pipe.

(*g*) The average incidence of the water-rate per head of the present population of the said municipality is estimated at annas 3 pies 2·5.

2. The said scheme will be taken into consideration on or after the 7th October 1922, and any objections or suggestions with regard thereto which may be received by the undersigned through the District Magistrate before that date will be duly considered.

#### Regulations.

*No 1276.*—The following draft amendments which it is proposed to make in the Cantonment Code, 1912, in exercise of the powers conferred by section 24 of the Cantonment Act, 1910 (XV of 1910), are, as required by sub-section (*1*) of section 25 of the said Act, published for the information of all persons likely to be affected thereby, and notice is hereby given that the said draft will be taken into consideration on or after the , 1922.

Any objection or suggesstion, which may be received in respect of the draft before the date specified, will be considered by the Governor-General in Council.

*Draft Amendments.*

1. For sections 20 and 21 of the said Code the following sections shall be substituted, namely :—

"20. (1) Save as otherwise provided in this section, the Cantonment Magistrate shall appoint all servants of the Cantonment Authority whose salary on appointment will not exceed twenty-five rupees per mensem; all other servants shall be appointed by the Cantonment Authority.

Appointment of servants of Cantonment Authority.

(2) Save as aforesaid, the Cantonment Magistrate shall—

(*a*) apportion, and control and superintend the performance of the duties of,

(*b*) disburse the salaries of, and

(*c*) deal with applications for leave of absence from,

all servants of the Cantonment Authority.

(3) In the case of a servant employed in the conservancy establishment of an Indian unit the Officer Commanding the unit shall exercise the powers conferred on a Cantonment Magistrate by this section.

(4) No person shall be appointed under this section who has been dismissed from employment under any other cantonment or local authority or under the Government.

Suspension, removal, dismissal, etc., of servants of Cantonment Authority.

21. The officer or authority appointing a servant of the Cantonment Authority may, for reasons to be recorded in writing, fine, suspend, reduce, remove or dismiss him:

Provided that in the case of a servant who is in receipt of a monthly salary exceeding twenty-five rupees, the powers conferred by this section shall be exercisable only by the Cantonment Authority:

Provided further that—

(*i*) no fine shall be imposed upon any servant other than a menial servant and in no case shall a fine exceed one week's salary of the servant fined;

(*ii*) no permanent servant shall be removed or dismissed otherwise than on proof of dishonesty or of repeated neglect or disobedience of orders, or of continued inefficiency or of any other circumstance by reason of which the officer or authority concerned is of opinion that his retention in service would be detrimental to the efficient administration of the cantonment;

(*iii*) a list of all punishments inflicted under this section by the Cantonment Magistrate or by the Officer Commanding a unit shall be submitted monthly to the Cantonment Authority.

Procedure to be observed in the case of removal or dismissal of a servant of Cantonment Authority

21-A. Before a permanent servant of the Cantonment Authority is removed, or before a temporary servant of the Cantonment Authority is removed during the period of his contract or, if he is not serving under contract without notice, or before a permanent or temporary servant of the Cantonment Authority is dismissed, the charge against him, his defence and the order thereon shall be committed to writing; he shall be allowed an opportunity of cross-examining witnesses against him and of producing witnesses in his own behalf. If removed or dismissed, he shall be furnished with a copy of the document showing the grounds on which his removal or dismissal was ordered. In the event of the removed or dismissed servant appealing, these documents, together with his character roll or service book, if any, shall be forwarded with the memorandum of appeal."

*Explanation.*—Nothing in this section shall be deemed to apply in the case of the removal or dismissal of a menial servant.

2. For the first item in Schedule V to the said Code the following two items shall be substituted, namely:—

ASHUTOSH SHASTRI,

*Principal, Sanskrit College, and Administrator of the Dwaraka Nath Pal Vedic Competition Fund.*

CALCUTTA, *the 23rd June 1922.*

**Rules for the guidance of candidates for the Dwaraka Nath Pal Vedic Competition Prize.**

The competitions shall be limited to Hindu inhabitants of Bengal, irrespective of caste or age, and the term "Bengal" shall include all the territories subject to the Governors of Bengal, Bihar and Orissa and Assam. The Administrator (Principal of the Government Sanskrit College, Calcutta) and the Advisory Board may themselves award the prize, or may appoint an Honorary Examiner or Honorary Examiners.

2. The prizes shall not be awarded to the author of any essay unless such essay furnishes evidence of research or of special investigation or embodies useful suggestions relating to the subject. The language may be either Bengali or Sanskrit or English.

3. Candidates shall be required to send in essays to the Administrator in a sealed cover bearing a nom-de-plume or motto, and enclosed therein they must send additional sealed covers bearing such noms-de-plume or mottoes on the outside and containing within their true names and addresses. The name of the successful competitor shall be published in the official Gazette. The sealed covers containing the true names of successful competitors shall be kept for three months from the date of publication of name of successful competitor, and if within that time unsuccessful competitors desire their essays to be returned such essays shall be returned on their applying to the Administrator stating their noms-de-plume or mottoes. All essays and covers in respect of which no such application is made shall be destroyed after the expiration of the said period.

4. The successful competitors shall be required to publish their essays at their own expense and to supply fifty printed copies thereof to the Administrator before payment of the prize is made. The awards shall be made as soon as conveniently possible and payment shall be made on receipt of such printed copies.

5. If in any year no competitor evinces sufficient merit to entitle him to the prize the amount thereof may be held over for a second prize in a subsequent year, or may be otherwise applied in the discretion of the Administrator and the said Advisory Board in some other manner for the encouragement of the Vedic study.

## MEMORANDUM.

THE half-yearly examination in the Art of Teaching for the teachers of boys' schools teaching through the medium of English, in the Rajshahi Division, will be held at the Jalpaiguri Zilla School on Monday, the 18th September 1922, and the day following, if necessary. The examination of teachers of vernacular and classical subjects will also be held on that day at the same school.

2. The examination will consist of—

(*a*) A practical examination of class management.
(*b*) A practical test of ability to teach by giving two lessons to a class. The subject and the scope of the lesson will be communicated to each candidate later on.
(*c*) An oral examination in which the candidate will have to answer some questions on the art of teaching, object lessons, class control, organization and discipline.

3. The following books on the art of teaching are recommended :—

(*a*) For teachers of vernacular and classical subjects—

1. Uchcha Siksha Sahachar, by D. N. Neogi.
2. Nimna Siksha Suhrid, by P. Mukherjee.
3. Uchcha Siksha Suhrid, by P. Mukherjee.
4. Bidyalaya Bidhayak Bibidha Bidhan, by A. N. Adhikari.
5. Bhugol Siksha Pranali, by Imdadul Haque.
6. Teachers' Manual, by Macmillan & Co.

(*b*) For Matriculate teachers—

1. D. Salmon's Art of Teaching.
2. Wren's Indian Teachers' Guide.
3. Wren's Direct Method of Teaching English.
4. Yate and Rajagopalchari's Direct Method.
5. Imdadul Haque's Bhugol Siksha Pranali.

(*c*) For graduates and I. A. passed teachers—

1. The books recommended under (*b*).
2. Landon's Principles and Practice of Teaching and Class Management.
3. Raymont's Principle of Teaching.
4. Suggestions for the Consideration of Teachers (Board of Education, Whitehall).
5. Talks to Teachers (James).

Intending candidates from high schools, Government, aided and unaided, are directed to send in their applications, through the headmasters of the schools in which they are employed, to this office at least a fortnight before the date of examination, and teachers of middle schools, through the Deputy Inspectors, at least three weeks before the date. Every candidate will be required to produce his University or other certificates at the time of examination. A statement containing information on the following points should accompany the applications :—

1. Name.
2. Father's name.
3. Age on the 31st March 1922.

## Advertisement of sale.

NOTICE is hereby given that the undermentioned plots of land, no longer required by Government, situated along the right side of the Sara-Serajganj Railway in the district of Pabna, will be put up to sale on 17th October 1922.

The purchasers of the several plots of land will be subject to the following conditions :—

*1st.*—The purchasers will have no power to make any excavations on the land nearer than fifteen feet from the railway boundary, or to plough the land nearer than three feet from the same.

*2nd.*—If the amount of purchase-money does not exceed Rs 100, the whole amount must be paid down at once.

*3rd.*—If the amount of purchase-money exceed Rs. 100, one-fourth of the amount must be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale shall be cancelled, the sum deposited being forfeited to Government, and the lot again put up for sale at the risk of the defaulting purchaser, after issue of advertisement, as in the case of original sale.

*4th.*—The plots of land will be sold to the highest bidders as temporarily-settled estate.

*5th.*—The sale will become final on receipt by the Collector of the orders of the Commissioner confirming it, and a regular conveyance will then be granted to the purchaser.

Pabna, the 27th July 1922.

T. U. A. T. ALAM, *for* Collector.

## Advertisement of Sale.

NOTICE is hereby given that the undermentioned plots of land, no longer required by Government, situated along the right side of the Sara-Serajganj Railway, in the district of Pabna, will be put up to sale on 17th October 1922.

The purchasers of the several plots of land will be subject to the following conditions —

*1st.*—The purchasers will have no power to make any excavations on the land nearer than fifteen feet from the railway boundary, or to plough the land nearer than three feet from the same.

*2nd.*—If the amount of purchase-money does not exceed Rs. 100, the whole amount must be paid down at once.

*3rd.*—If the amount of purchase-money exceed Rs. 100, one-fourth of the amount must be immediately deposited If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale shall be cancelled, the sum deposited being forfeited to Government, and the lot again put up for sale at the risk of the defaulting purchaser after issue of advertisement, as in the case of original sale.

*4th.*—The plots of land will be sold to the highest bidders as temporarily-settled estate.

*5th.*—The sale will become final on receipt by the Collector of the orders of the Commissioner confirming it, and a regular conveyance will then be granted to the purchaser.

**Notice.**

THE Bengal and Madras Service Family Pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Uncovenanted Service of Government (except those serving under the Government of Bombay), and to Local Fund servants earning pensions from Government. Some of the special features of the fund are—(1) that widowed daughters incapable of remarriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted to its benefits; and (2) that subscribers to the Widows' and Daughters' branches are entitled to a refund of 30 per cent. of the premia paid, should the nominees predecease them after five years of admission. The second quinquennial valuation of the fund has been completed by the Actuary to the Government of India and his report discloses very favourable results. For forms of application and rules of the Fund apply to the Accountant-General, Central Revenues, Imperial Secretariat Buildings, Calcutta.

*Paper No. 9.*

Letter, dated the 26th June, 1922, from the Secretary, Bengal Mahajan Sabha.

2. We are unanimously agreed that clauses 1 and 2 of the Bill and the preamble should stand as drafted.

In regard to clause 3, the Committee, by a majority, consider that weight should be given to the large number of opinions received to the effect that Re. 1-8 would be more suitable maximum than Rs. 2. The Committee therefore suggest that the words "one rupee eight annas" be substituted for the words "two rupees" in this clause.

The three members of the Committee, who dissent from this view, consider that the maximum should not be raised, and that the matter should be left to a more careful assessment. They are submitting a separate minute of dissent on this point.

3. The Bill was published in English in the *Calcutta Gazette* of the 8th March, 1922.

4. We do not consider that the Bill has been so altered as to require republication.

5. We recommend that the Bill, as amended by us, be passed by the Council.

## NOTE OF DISSENT BY MR. BIJOY PRASAD SINGH ROY, M.L.C., BABU NALINI NATH ROY, M.L.C., AND BABU BROJENDRA KISHOR ROY CHAUDHURI, M.L.C.

We regret very much that we have to differ on certain points from our colleagues in the Select Committee and have to submit a Note of Dissent.

1. First of all, we must say that we do not consider that the amendment of the Act is at all necessary and expedient under the present state of excited feelings, almost all over the province, when the general impression is that the chaukidars are useless and the chaukidari tax is a burden on all classes of people. But as the principle of the Bill has already been accepted by the Legislative Council, at this stage we need not discuss the necessity and expediency of the amendment.

2. As regards clauses 1 and 2 of the Bill, we have no objection, and agree with the majority of the Select Committee. The changes proposed in clause 2 of the Bill is desirable, because the principle is more democratic, which will entitle the Panchayet, who is directly responsible for the efficient management of the union under him, to be consulted and to be taken into confidence by the District Magistrate when the question of salary of the chaukidars is to be determined, as under the Bengal Village Self-Government Act, 1919. Under the present fluctuating economic condition of the country it is not possible to fix any equitable maximum of the salary of the chaukidars, so we are of opinion that it is advisable to remove this restrictive clause, to enable the District Magistrate to make necessary alterations in the salaries according to local conditions and income of the unions concerned, by equitable assessment of the rates, if possible.

3. As to clause 3 of the Bill, we strongly object to the proposed amendment, mainly on two grounds :—

(*a*) The chaukidari tax is already very unpopular, and difficulties have been experienced in realising the increased union rates even in areas where the Bengal Village Self-Government Act, 1919, has been introduced. This Act has several redeeming features, such as the provisions for improvement of sanitation and education of unions, whereas the Chaukidari Act has got no such provision in it, to make it popular to the ordinary rate-payers. We consider any proposal for increasing the rates will be strongly resented by the rate-payers of all classes.

(*b*) We do not consider that the raising of the maximum from one rupee to two rupees will be in any way helpful to increase the income of the unions by any substantial amount, because, of the number of the people who may be assessed, the maximum amount is very small, and the real burden will naturally fall on the poor, who will be required to pay the balance of the sum necessary to meet the increased pay of the chaukidars. We think that an equitable assessment will be more profitable than the raising of the maximum.

4. In conclusion, we beg to submit that we do not agree to the proposed amendment to section 15 of the Village-chaukidari Act, 1870, on the general principle that there should be no more increase of taxation on any class of people, whether rich or poor, for maintaining the chaukidars, who are in our opinion already sufficiently paid for their ordinary duties of watch and ward of the villages. Under the existing system they are often required to discharge some duties of the general police, and this additional work prevents them from paying attention to their other sources of incomes, and this is one of the main causes which have led them to demand higher remuneration.

## THE BENGAL VILLAGE-CHAUKIDARI (AMENDMENT) BILL, 1922 ;

*(as amended by the Select Committee.)*

A

# BILL

*further to amend the Village-chaukidari Act, 1870.*

WHEREAS it is expedient further to amend the Village-chaukidari Act, 1870, in the manner hereinafter appearing : Ben Act VI of 1870

It is hereby enacted as follows :—

Short title

**1.** This Act may be called the Bengal Village-chaukidari (Amendment) Act, 1922.

New section substituted for section 12 of Bengal Act VI of 1870

**2.** For section 12 of the Village-chaukidari Act, 1870, the following shall be substituted, namely :—

"12. The salaries of *chaukidars* appointed for any village shall be determined by the District Magistrate after consideration of the views of the *panchayat* of the village." [*Cf.* Ben Act V of 1919, s. 21 (*1*)]

Salaries of chaukidars

Amendment of section 15

**3.** In the proviso to section 15 of the said Act, for the words "one rupee" the words "one rupee eight annas" shall be substituted.

## DEPARTMENT OF AGRICULTURE, BENGAL.

### Forecast of the Summer *Til* crop of Bengal, 1922-23.

(NOTE.—On an average of the five years ending 1920-21 the area under *til* in Bengal has represented some 49 per cent. of the total area under *til* in British India.)

**Character of the Season.**—The weather at the beginning was generally favourable for preparatory tillage. Subsequently an unusually long drought prevailed from the sowing time up till the ripening period thereby considerably affecting both the area and outturn of the crop. The rainfall in May and in the early part of June, though beneficial, was received too late to retrieve the situation.

**Acreage.**—The total area sown this year with the crop is reported to be 110,600 acres as against 162,700 acres last year.

**Outturn.**—From the estimates furnished by the District Officers the average outturn of the crop for the province works out at 59 per cent. of the normal this year against 73 per cent. last year. Taking the normal yield at 6⅔ maunds per acre, the gross outturn for the province is estimated at 14,700 tons this year against 26,700 tons last year or a decrease of 45 per cent.

## DISTRICT REPORTS ON WEATHER AND CROPS

**For the week ending on the 26th July 1922.**

**Summary.**—The rainfall was generally light in the West Bengal districts, elsewhere the fall was moderate. Field operations are proceeding satisfactorily. Some damage has been caused to the low land crops by the rise of rivers in parts of Eastern Bengal; prospects otherwise are generally fair. The average price of common rice for the province has fallen by about 1·09 per cent. as compared with that of the previous week.

## DEPARTMENT OF STATISTICS, INDIA.

### CALCUTTA TRADE FLUCTUATIONS.

THE following tables are intended to show the trade by all routes, *i.e.*, by rail, river, canal, road and sea, of the Calcutta block* in certain selected articles during the months of April and May, 1922, as compared with the corresponding period of 1921 and 1920. The statistics have been compiled from returns furnished by the Collector of Customs, Calcutta, Railway Audit Offices, Steamer Companies, the Commissioners for the Port of Calcutta, the Collectors of the 24-Parganas and Howrah, and the Assistant Engineer, Calcutta Canals.

### General Summary.

**Imports.**—The imports of rice, including paddy†, into Calcutta* by rail, river, canal, road, and sea (coastwise) during the two months, April and May, 1922, amounted to 3,273 000 maunds, as against 3,339 000 maunds in the corresponding period of the preceding year,—a decrease of 66,000 maunds or 2 per cent. There was a decrease of 32 per cent in the imports of coal and coke (14,245,000 maunds as against 20,948,000 maunds a year ago). The value of the imports by rail, river, road, and sea (coastwise) of Indian cotton piecegoods showed an increase of 33 per cent, the total value amounting to Rs. 1,87 lakhs as against Rs. 1,41 lakhs in 1921. The quantity of indigo imported during the two months, April and May, 1922, increased from 72 maunds last year to 183 maunds The imports of raw jute amounted to 496,000 bales as against 360,000 bales,—an increase of 136,000 bales or 38 per cent. The importations of gunny bags also showed an increase of 6 million bags (51 million bags against 45 millions in the preceding year). The total imports of oilseeds (linseed and rape and mustard seed) increased by 1,285,000 maunds, or 132 per cent, from 977 000 maunds to 2,262,000 maunds, but those of sugar declined by 47,000 maunds, or 31 per cent, from 150,000 maunds to 103,000 maunds The imports of tea decreased from 186,000 maunds to 89,000 maunds or 52 per cent.

**Exports.**—The value of the exports of cotton piecegoods, foreign, from Calcutta* by all routes during the two months, April and May, 1922, increased by 33 per cent from Rs. 4,21 lakhs to Rs. 5,61 lakhs. The exports of gunny bags (including the exports by sea to foreign countries) increased from 172 million to 186 million bags, but the shipments of gunny bags to other Indian ports decreased from 13 to 9 millions in number in the period under review. The quantity of kerosene oil despatched from Calcutta and Budge-Budge by internal routes and by sea (coastwise) showed a decrease of 18,000 maunds or 2 per cent, from 893,000 maunds to 875,000 maunds.

* The Calcutta block consists of the town of Calcutta with Howrah and Kidderpore Docks.

† One maund of paddy is equivalent to 25 seers of rice

**STAFF AND ESTABLISHMENT.**

Rai Bijay Krishna Basu Bahadur continued in charge of the garden as Superintendent throughout the year and Babu Somadev Ganguli as Assistant Superintendent.

The following is a list of the superior staff of the garden at the end of 1921-22 :—

*Superintendent :*

Rai Bijay Krishna Basu Bahadur, C.M.Z S.

*Assistant Superintendent :*

Babu Somadev Ganguli.

*Store-keeper :*

Babu Jugal Kishore Roy.

*Overseer:*

Babu Niranjan Mukherji.

*Clerk:*

Babu Tarak Chandra Chatterji.

*Gate Clerk:*

Babu Doyal Chandra Dass.

The following is a list of the menial staff of the garden at the end of 1921-22:—

| | |
|---|---|
| 1 Salutri | 14 Gardeners. |
| 1 Jemadar. | 3 Sweepers. |
| 8 Durwans. | 1 Chaprasi. |
| 20 Keepers. | 1 Carpenter. |
| 2 Bhistis. | 2 Cartmen. |
| 1 Cook. | 1 Syce. |
| 1 Head Gardener. | 1 Scythe man. |

1 Night-watch.

In addition a number of temporary men were engaged during the year.

## IMPROVEMENTS.

The following improvements were made during the year:—

(1) *The New Extension.*—It is most satisfactory to be able to report further improvement in the New Extension. To afford greater facilities for grazing and movement to the animals and to give an unobstructed view of the extension, portions of the paddocks at the southern end of the garden have been dismantled and added to the extension. The ditch confining the animals to this area has been extended by 140 feet and 400 feet of new roads have been constructed. The alignment of the adjoining paddocks has been set back thereby giving an almost unobstructed view of the whole of the extension when approached from the north.

Two brick-built sheds with tiled roofs were constructed in the adjacent paddocks and a shed 18′ × 9′ – 6″ was also constructed in the new extension in order to provide additional shelter when necessary.

(2) *Small Carnivora House.*—The grated iron partitions of the out-door cages in the Recreation Enclosure were fitted with strong 1″ mesh wire-netting. This was found to be necessary to prevent the inmates from injuring each other.

(3) *Reptile House.*—Several plate glass fronts of the partitions in the Reptile House being badly cracked it was decided to replace them. Glass was imported from England and fitted at a moderate cost. The broken glass has been utilised in the construction of a small aquarium 5′ – 10″ × 3′ – 3″ × 3′ similar to that in the Reptile House.

(4) *The Hermitage.*—New drainage and water pipes were installed.

## ANNUAL REPAIRS.

The annual repairs to the buildings of the garden were carried out departmentally as usual and considerable savings were effected.

The following is a list of more important repairs executed:—

(1) *Dumraon House.*—The house was thoroughly repaired and sand plastering done. The inside walls were lime-washed and outside walls colour-washed. The iron bars of some of the inner cages were renewed; portions of wire-netting were repaired.

(2) *Gubbay House.*—The inner walls were lime-washed and the outer walls were repaired and colour-washed.

(3) *Sonebursa Enclosure.*—Thorough repairs were done to the house. The inside walls were white-washed and the outside building colour-washed. Repairs were also effected to the wooden roof. Doors and windows were painted.

(4) *Lalgola House.*—The rooms were white-washed and the wire-netting of the outer fencing and the partitions was repaired. The iron partition fencing of one of the enclosures which had been broken by a falling tree was repaired

(5) *Paddocks.*—Extensive repairs were done to the paddocks. The sheds were repaired as far as possible and lime-washed and wood and iron work painted : the iron fencing was coal-tarred.

(6) *Sarnomoyi House.*—Thorough repairs were done to this house. The sand plastering and the wood work of the inner houses had been considerably damaged by parrots and roseate cockatoos and were repaired. The wire-netting of the outer and inner enclosures was repaired where rendered necessary by corrosion.

(7) *Reptile House.*—The inside walls were scraped carefully and white-washed. The ornamental railings round the basins and the pillars were painted and painting was effected.

(8) *Small Carnivora House.*—The inner dens were lime-washed and the outer verandah colour-washed. The iron gratings of the cages and the partitions were painted and repairs were executed to the ceiling of the verandah. The recreation enclosure was scraped and painted.

(9) *Zebra House.*—The roof of the building was repaired.

(10) *Burdwan House.*—Extensive repairs were done to this house. The roof was overhauled and made watertight. The sand plaster was scraped off where necessary and new sand plaster substituted. The outer and inner dens were repaired and lime-washed and outside walls colour-washed. The wooden platforms were attended to. The recreation enclosure, the wooden posts of the hand railing and the building itself were re-painted

(11) *The Hermitage.*—In addition to the usual work quinquennial repairs were done to the Hermitage. The roof was half-terraced and the exterior and the interior of the house were repaired and repainted.

(12) The following houses were repaired and re-painted :—

| | |
|---|---|
| Entrance Lodge. | Mandrill House. |
| Murshidabad House. | New Monkey House. |
| Mullick House | Rodent House. |
| Jhund House. | Refreshment Pavilion. |
| Schwendler House. | Retiring Rooms. |

(12) The following buildings were lime-washed and colour-washed :—

| | |
|---|---|
| Bear House. | Durbhanga House. |
| Buckland Enclosure. | New Antelope House. |

(13) *Boundary wall.*—The whole wall was scraped, the sand plaster was renewed in several places and the entire length of wall then colour-washed.

Besides the above, petty repairs of smaller houses, sheds and enclosures were attended to. The repairs of roads were carried out as usual. The main drive was remetalled at places and roads and garden paths were repaired.

### VISITORS.

There was a falling off in the number of paying visitors during the year, the turnstile records indicating a total of 840,055 visitors. This may be attributed to the general conditions of unrest prevailing, to train and tram strikes and to *hartals* which generally impeded the influx of visitors from the moffasil.

The following is a comparative table of visitors for the last three years :—

| Year. | Visitors. |
|---|---|
| 1919-20 ... ... ... ... | 715,039 |
| 1920-21 ... ... ... ... | 842,616 |
| 1921-22 ... ... ... ... | 840,055 |

A large number of children under four years of age, and school children in charge of their teachers were admitted free. On the days of the Fancy Fair, when no individual charge is levied, it is estimated that about 10,000

visitors entered the Gardens. In addition 33,690 persons visited the garden on free days of which a list, with the number of visitors on each, will be found in Appendix C.

### FINANCE.

Corresponding with the decrease in the number of visitors the gate receipts decreased by Rs. 1,991-8, as compared with last year.

The following is a comparative statement of gate receipts for the last three years :—

| Year. | Receipts. Rs. | A. |
|---|---|---|
| 1919 20 ... ... ... ... ... | 54.524 | 2 |
| 1920-21 ... ... ... ... ... | 67,845 | 14 |
| 1921-22 ... ... ... ... ... | 65,854 | 6 |

In spite of the fact that the gate receipts have come down and that the cost of food grains has considerably risen, the financial condition of the garden on the whole is satisfactory, for though the accounts show a balance in favour of the gardens, this result has only been attained by strict economy and by postponing heavy outlay on buildings and additions to the collection which will become necessary to maintain the standard of the collection and can only be met out of savings.

### GARDEN.

The ornamental parts of the garden, such as lawns, flower beds, have been kept in the best possible condition. Flowering annuals were exhibited at the Annual Flower Show of the Agri-Horticultural Society of India for the best group of which the garden was awarded the Governor's Medal in addition to other prizes.

### ACKNOWLEDGMENTS.

The thanks of the Committee are due to those ladies and gentlemen who have added to the Zoological collection by donations, a list of which is given in Appendix D. Thanks are also due to those who kindly offered to present animals to the garden, but whose offers could not be accepted either because the particular species of animals was already sufficiently well represented, or owing to want of accommodation.

The Committee desire to express their thanks to the Corporation of Calcutta for their continued generosity in remitting the consolidated rates in respect of the gardens and to the Railway and Steamer Companies for the conveyance of animals belonging to the garden, free of charge.

P. L. BUCKLAND,
*President.*

W. K. DODS,
*Honorary Secretary.*

## SUPERINTENDENT'S REPORT.

I have the honour to submit the following report on the existing condition and the progress of the Zoological collection.

The following comparative table shows how the various collection of specimens in the garden has stood during the last four years :—

| Year. | Mammals. | Birds | Reptiles. |
|---|---|---|---|
| 1918-19 .. ... ... | 299 | 1,944 | 171 |
| 1919-20 ... ... ... | 294 | 1,919 | 183 |
| 1920-21 ... ... ... | 328 | 2,036 | 171 |
| 1921-22 ... ... ... | 317 | 2,041 | 190 |

**ACQUISITIONS.**

The collection of animals was enriched by numerous additions; the most important of them are the following:—

| | | |
|---|---|---|
| 1 Gayal ... ... | ... | Presented by A N. Barton, Esq. |
| 1 Gsang-ntan ... | ... | Purchased. |
| 2 Rhinoceros hornbills ... | ... | Do. |
| 2 African lions ... | ... | Presented by the Maharaja of Balarampur. |
| 1 Pangolin ... ... | ... | Presented by the Kshatriya Samiti, Rangpur. |
| 1 Lioness ... ... | ... | Presented by H. H. the Maharaja of Mayurbhanj. |
| 1 Hocheur monkey ... | ... | Purchased. |
| 2 Serval cats ... | ... | Do. |
| 2 Syke's monkeys ... | ... | Do. |
| 1 Thomson's Gazelle ... | ... | Do. |
| 6 Leopards ... ... | ... | Presented by the Botanic Garden, Bangalore. |
| 1 Cane Rat ... ... | ... | Presented by E W. Harper, Esq |
| 2 Markhors ... ... | ... | Purchased. |
| 1 Malayan bear ... | ... | Presented by Dr. R. P. Weldon. |
| 3 Argus Pheasants ... | ... | Purchased. |
| 1 Gaur (calf) ... | ... | Do. |

The following animals were received in exchange from the Zoological Society of Scotland:—

6 Mute Swans.
14 Common Gulls.

The following were received from the Zoological Park Trust, Taronga, Australia:—

1 pair great Kangaroos.
1 pair Wombats.
1 pair Emus.
1 Fur Seal.
1 Mongoose lemur.

The management of the garden was much indebted to Mr. W. K. Dods for his kindly help in obtaining for the garden a regular supply of common aquatic birds during the year.

**Births.**

The following is a list of animals born in the garden during the year:—

5 Lions.
1 Kashmere deer.
2 Fallow deer.
4 Wild pigs.
1 Black leopard.
2 Sambar deer.
1 Celebes black monkey.
1 Bengal porcupine.
1 Brow-antlered deer.
2 Indian antelopes.
3 Spotted deer.
1 Burchell's Zebra.
1 Great Kangaroo.
1 Barasingha deer.
1 Hog deer.
1 Markhor.
1 Nicobar pigeon.

Mr. H. Stevens sent to the gardens hamadryad and viper eggs (*T. monticola*) from Gopaldhara, Kurseong. They were hatched out successfully. Eggs were laid but not hatched by the following birds:—

Ostrich, Common peafowl.

**Deaths.**

The following is a list of more important deaths during the year:—

1 Urial.
1 Nail-tailed Kangaroo.
1 Mona monkey.
4 Cat bears.
2 Gayals
4 Great Kangaroos.
2 Rufous Kangaroos.
1 Wallaby.
1 Serow.
2 Ostriches.
1 Markhor.
1 Purple-faced monkey.
1 Black leopard.
1 Serval cat.
1 Hyacinthine Macaw.
1 Hoolock Gibbon

The following animals were sent to the Taronga Zoological Park Trust, Sydney:—

1 Tiger.
7 Leopards.
4 Cat bears
2 Indian foxes.
4 Bar-headed geese

### PATHOLOGICAL DEPARTMENT.

With the ready and generous help rendered in important cases by Lieutenant-Colonel A. Smith, F.R.C.V.S., Principal, Bengal Veterinary College, the work in this department was carried on as usual. Conditions do not admit of more being undertaken than is requisite to establish the cause of death and acquire such information as may be utilised in the care of living animals. But in order to promote further research, arrangements were made with the Director, Calcutta School of Tropical Medicine and Hygiene, for the carcases of all animals that die in the gardens to be sent to the School Laboratory for research work and investigation. Thanks are due to Major R. Knowles, I.M.S., Proto-Zoologist to the School of Tropical Medicine, for his very interesting P. M. reports on the specimens sent.

Notes on the more important cases examined in the garden are given below:—

#### Sloth Bear.

The animal suffered from attacks of diarrhœa and dysentery from time to time.

| | |
|---|---|
| Liver ... ... ... | Enlarged and congested. |
| Intestine ... .. ... | Chronic congestion and patches of ulceration found A large number of round worms found. |
| Other internal organs ... ... | Extremely anemic. |
| Cause of death ... ... | Chronic diarrhœa. |

#### Cat Bear.

The condition of the animal was good.

| | |
|---|---|
| Lungs ... ... ... | Congested. |
| Heart ... ... ... | Right ventricle full of dark clots. |
| Liver ... ... ... | Congested. |
| Stomach ... ... ... | Full of half-digested food |
| Brain ... ... ... | Deeply congested. |
| Other organs ... .. ... | Normal. |
| Cause of death ... ... | Heat apoplexy. |

#### Jungle Cat.

The animal enjoyed excellent health till the attack after which it was completely off its feed.

| | |
|---|---|
| Liver ... ... ... | Congested |
| Spleen ... ... ... | Enlarged. |
| Heart ... ... .. | Normal. |
| Kidney .. ... ... | Deeply congested. |
| Stomach ... ... ... | Empty and deeply congested, and thick yellow mucous found. |
| Intestines ... ... ... | Diffused inflammation. |
| Cause of death ... ... | Gastro-enteritis. |

#### Grivet Monkey.

| | |
|---|---|
| Lungs ... ... ... | Showed acute inflammation; cut portion sinks in water. There is a little fluid in the pleural sac |
| Heart ... ... ... | Normal. |
| Liver ... ... ... | Enlarged. |
| Kidney ... .. ... | Enlarged and deeply congested. |
| Stomach ... ... .. | Empty and slightly congested |
| Cause of death ... ... | Pneumonia. |

**Monal Pheasant.**

It is one of the oldest birds; condition very good.

| | | |
|---|---|---|
| Liver ... ... | ... | Deeply congested and deposit of fat in the substance of the liver. |
| Heart ... ... | ... | Large quantity of fat. |
| Other organs ... ... | ... | Normal. |
| Cause of death ... | ... | Fatty degeneration of the liver. |

**Indian Gazelle.**

The animal was never in good condition since its arrival and in spite of all attention and extra food it did not thrive. Internal organs emaciated.

| | | |
|---|---|---|
| Thoracic cavity ... | ... | Pleura was adherent to the wall of the thorax; there was a little fluid in the pericardial sac. |
| Liver ... ... | ... | Enlarged and brittle. |
| Kidney ... ... | ... | Congested. |
| Bladder ... ... | ... | Wall of the bladder thickened; pieces of gravel found in the bladder. |
| Cause of death ... | ... | General debility |

**Ostrich.**

The condition of the bird was very good—she tried to lay eggs; became uneasy, struggled and died after a short time.

| | | |
|---|---|---|
| Abdominal cavity ... | ... | Several eggs of different sizes found. One full-sized egg found burst into the tube which was also ruptured—quantity of blood found in the abdominal and the pelvic cavity—also in the peritonial sac. Portion of the peritonium thickened and fibrotic and was adherent to the abdominal wall. |
| Other organs ... ... | ... | Normal. |
| Heart ... ... | ... | Large quantity of fat found around the heart. |
| Cause of death ... | ... | Internal hæmorrhage due to the bursting of the tube |

The following is a list of some important cases examined by Major R Knowles :—

*Pennant's Parrakeet.*—The small and large intestine showed extreme congestion with, in places, tiny hæmorrhages. Films from the heart blood, lung, liver, spleen, kidney and bone marrow showed Pasteurella infection. Examination of fresh films and of Hæmalum stained films of the intestinal contents showed nothing special.

*Cause of death.*—Pasteurillosis and enteritis.

*Rufous Kangaroo.*—The animal seemed rather emaciated. Free fluid found in both pleuræ and in peritoneum. Lower two-thirds of both lungs consolidated and sink in water. State of lobar croupous pneumonia present. Heart normal. Liver fibrotic, guts hard, probably enlarged and with amyloid degeneration. Spleen also rather fibrotic. Iliac glands enlarged and somewhat fibrotic. Intestine normal. Intestinal contents show a very mild infection with coccidiosis—and a few coccidial oocysts in the fæcal contents Blood films from heart blood, lung, venous blood, liver, spleen, bone marrow and iliac glands shew no parasites.

Cause of death—Double lobar pneumonia.

*Mandarin Duck.*—Condition of hæmorrhagic enteritis in large intestine. Films from heart blood negative. Liver studded with nodules from a coccidial infection. Films from spleen, bone marrow, kidney, lung negative. Films from the contents of the large intestine shewed a state of hæmorrhage into the gut, red corpuscles and leucocytes.

*Cause of death.*—Hæmorrhagic enteritis.

*Russell's Viper.*—Heart empty. Gall bladder distended. Films from heart blood, spleen, bone marrow, lung, liver, etc., shewed nothing characteristic. The mesentery, however, and the peritoneal surface of the gut showed multiple tiny cysts of a cysticercus infection. The contents of the gut shewed a Bodo infection.

*Cause of death.*—Cysticercus infection of the mesentery.

*Rat Snake.*—A most remarkable specimen for pathological results. One lung was infested with enormous bursate nematodes. The lung cavity was studded with 9 large nematode worms, about 4 to 5 inches long, each crammed full of embryos, and each clinging to the lung by a sucking disc. As this must almost certainly be a new parasitic helminthic species, the specimen was sent to London to Dr. Leiper. This in itself would probably cause death but there was also multiple cysticercus infection of the mesentery and peritonium, which might also be pathogenic.

Films of heart blood, liver, lung and kidney shewed a scanty Hæmogregaine infection. The gut contents swarmed with an actively motile Trichomonas (intestinal flagellate).

*Great Kangaroo.*—The animal shewed excess of fat everywhere; subcutaneous; mesenteric and in the pericardium. The pericardium was adherent in many places to the heart, loaded with fat, and shewed signs of old standing pericarditis. Inside it was sanious exudate. The lungs were both full of broncho-pneumonic consolidation; the consolidated patches sinking in water. The liver and spleen were very congested and the gut in a state of acute hæmorrhagic enteritis. Films from the heart blood, liver, spleen, lung, kidneys and bone marrow gave no positive findings; but the organism of pleuro-pneumonia is usually not seen in fresh films and only in culture. The contents of the gut shewed hæmorrhage and inflammation, and a Chilomastix infection was also present (intestinal flagellate).

*Cause of death.*—Pleuro pneumonia.

*Heron.*—A most unusual condition, a complete longitudinal rupture of the trachea just above its bifurcation. The trachea had ruptured into the pericardial cavity and into the left pleural sac; and both were distended with air. The rupture was with clean cut edges and the trachea did not appear diseased. It appears a dilatation had been present and had given way.

*Cause of death.*—Rupture of the trachea.

*Sheldrake.*—The right pleural cavity and peritonial cavity were full of sero-sanious fluid. The whole of the right lung had become converted into an enormous tumour, soft and friable and of the character of an endothelioma. There was also hæmorrhage into the left lung, and metastases in the abdominal viscera, chiefly liver. Nothing found in blood films and intestinal contents.

*Cause of death*—Tumour.

*Brahminy Duck.*—A condition of acute plastic peritonitis was present; the intestinal coils being bound together by plastic peritonitis. The liver shewed patches of fatty degeneration. Films from the internal viscera were everywhere full of a Pasteurella infection, the organism resembling Bacillus avisepticus. It was also apparently the cause of peritonitis.

The gut contents shewed *nil.*

*Cause of death*—Peritonitis.

## GENERAL CONDITION OF THE ANIMALS.

Foot and mouth disease amongst the ruminants broke out in one wing of the New Extension. Every possible precaution as regards isolation, frequent and efficient disinfection, etc., was put into effect immediately and it was completely stamped out before further mischief had been done.

The general condition of the animals has been satisfactory, the death-rate considered to be normal. The mammals and birds have been free from any other serious diseases and the larger and the smaller carnivorous animals are in good condition. It is gratifying to report that the following Himalayan animals, *viz.*, uryal, markhor, thar, serow, cat bear, Himalayan fox, have become thoroughly acclimatised and are enjoying perfect health.

## NOTIFICATION.

*No. 5979J.—The 3rd August 1922.*—In exercise of the power conferred by section 544 of the Code of Criminal Procedure, 1898 (Act V of 1898), read with section 21 of the General Clauses Act, 1897 (X of 1897), the Governor in Council has been pleased to make, with effect from the 16th August 1922 and in supersession of all previous rules on the subject, the following rules for regulating the payment on the part of Government of the expenses of complainants and witnesses in cases coming before the criminal courts.

II. The following notifications are hereby cancelled :—

Bengal Government notifications Nos. 3481J., dated the 25th June 1895 ; 510J., dated the 19th January 1904 ; 2149J., dated the 11th November 1907, and 1807J., dated the 5th June 1919.

Late Government of Eastern Bengal and Assam notifications Nos. 5528J., dated the 23rd December 1907, and 1791J., dated the 5th June 1917.

### RULES.

1. The criminal courts are authorised to pay, at the rates by these rules, the expenses (*a*) of complainants or witnesses, whether for the prosecution or for the defence, (*i*) in cases in which the prosecution is instituted, or carried on by, or under the orders or with the sanction of Government, or of any Judge, Magistrate, or other public officer, or in which it shall appear to the presiding officer to be directly in furtherance of the interests of the public service, and (*ii*) in all cases entered in column 5 of Schedule II appended to the Code of Criminal Procedure as not bailable ; and (*b*) of witnesses in all cases in which they are compelled by the Magistrate of his own motion to attend under the provisions of section 540 of the Code.

2. If a witness is summoned at the instance of the complainant or accused under section 244 of the Code his expenses shall not be withheld from him except on the ground of failure to do his duty as a witness when summoned.

3. (1) For the purpose of computing the expenses which the criminal courts are authorised to pay under these rules, complainants and witnesses shall be divided into two classes, namely :—

(*a*) labourers and ordinary cultivators and other persons of similar class, and

(*b*) persons of better position,

and the allowance shall ordinarily be a diet allowance, which may be paid to persons coming under class (*b*) on demand by them, and to persons in class (*a*) as a general rule.

(2) Such allowance shall be calculated for each class at daily rates within, and never exceeding, the maximum limit specified below opposite the territorial description of the court in which the complainant or witness appears :—

| | Class (*a*). per diem. As. | Class (*b*) per diem. Rs. |
|---|---|---|
| I.—Courts in the districts of Nadia, Murshidabad, Jessore, Khulna and Midnapore. | 7 | 5 |
| II.—Courts in the rest of the districts in the Presidency. | 8 | 5 |

*Explanation.*—The rates fixed in this rule are maxima, and are intended to meet the cost of meals for one day. In every case, therefore, the court should consider the circumstances of the individual and local conditions, and grant a reduced allowance in circumstances and localities where the actual expenses fall short of the maximum rate. In cases where no meal is taken away from home, or where only one meal is taken, no allowance or a reduced allowance, as the case may be, should be granted.

4. (1) Complainants and witnesses performing the journey or part of the journey by rail, steamer or tram may be allowed their actual fares each way according to the class by which persons of their rank and station in life would ordinarily travel. In determining the class by which a person

would ordinarily travel, regard should be had to the standard laid down in Section V of the Travelling Allowance Rules published in the *Calcutta Gazette* Extraordinary, December 23, 1921.

(2) Charges for toll at ferries will be allowed at the authorised rates to the extent to which they have actually been incurred.

(3) Other travelling expenses will be given only when the journey could not have been performed on foot, or in the case of persons whose age, position and habits of life render it impossible for them to walk.

In such cases, in addition to the allowances permitted by the preceding rules, travelling allowance shall be given at the following rates :—

(*a*) when the journey is by any kind of conveyance by road, the actual reasonable conveyance charge up to a maximum limit of 4 annas a mile ;

(*b*) in districts where the usual mode of travelling is by water, the actual expenses incurred for boat-hire up to a maximum of Rs. 2 a day.

(4) In hill districts, where it is customary for respectable persons to be accompanied by a man carrying their baggage, when such a person is summoned from a distance of more than five miles, he may be allowed the actual cost incurred for the hire of one coolie.

5. If the court is of opinion that any person following any trade or profession or engaged in any commercial undertaking has suffered substantial loss by reason of his attendance as a witness or complainant, he may be allowed, in addition to the diet money and travelling expenses permissible under the preceding rules, compensation according to circumstances.

6. Notwithstanding anything contained in these rules, Government servants when summoned to give evidence in their public capacity shall receive no payment from the court on account of travelling or halting allowance, but shall be entitled to draw such allowance under the Civil Service Regulations on producing a certificate of attendance granted by the court. Any fees or expenses which may be deposited in the court for the travelling and subsistence allowance of Government servants summoned to give evidence in their official capacity shall be credited to Government under the head " XVI-A—Miscellaneous fees and fines ":

Provided that—

(*i*) when a Government servant is required to give evidence in his public capacity at a court situated not more than five miles from his headquarters, the court shall be authorised, where it considers it necessary, and notwithstanding anything contained in this rule, to pay the actual travelling expenses incurred ;

(*ii*) when the salary of the Government servant so summoned does not exceed Rs. 10 per mensem, he shall be paid his expenses by the court.

7. Notwithstanding anything contained in rules 3 and 4 whenever the court requires the expenses of a Government officer, summoned as witness in his official capacity, to be deposited in advance, the term " expenses " shall be interpreted to mean the travelling and halting allowances admissible under the Civil Service Regulations.

8. Government servants, when summoned to give evidence in their private capacity, shall be paid by the court such travelling allowance as is paid to persons of similar status in the manner provided under rules 3 and 4 of these rules, but they shall not be entitled to any diet allowance, nor shall they receive any travelling allowance under the Civil Service Regulations.

9. Officers will be held responsible that parties of witnesses are brought to court together, as far as possible, so as to save expense. The hire of more than one boat shall not be allowed in one case, unless the presiding officer is satisfied that the witnesses could not have arranged to come together.

10. The number of days for which diet allowance should be granted shall be determined by the officer ordering payment in each case.

11. For this purpose and for regulating the re-imbursement of tolls paid, a table shall be prepared and kept in each court showing the distance of each thana from the sadar station and subordinate stations, the number of intermediate ferries to be crossed, and the authorised rates of charges for tolls at each of these ferries, the existence or absence of road or waterways being also noted in the table.

12. These rules shall apply also to witnesses summoned to give evidence in enquiries held by civil courts under Chapter XXXV of the Code of Criminal Procedure.

*Secretary to the Government of Bengal.*

(2) One kitchen in corner of yard.

*Together* also with all fittings furniture and effects now used in or belonging to the said Chatuspathi or School carried on in the said premises.

THE SECOND SCHEDULE ABOVE REFERRED TO.

*Scheme.*

1. The object of the endowment is the maintenance of a School or Chatuspathi for the benefit of the inhabitants of the said village of Maria and the neighbourhood for the teaching and study of the Sanskrit language (hereinafter called "the School").

2. The endowment shall be administered by a Committee to be appointed as hereinafter provided, and the net future annual income of the endowment shall be paid by the Treasurer of Charitable Endowments to the Committee or such officer of the Committee as they shall appoint for the purpose and shall be applied for the maintenance of the School as the Committee shall think fit subject to the provisions of this scheme.

3. The endowment shall be called "The Rakhal Chandra Pal Fund" and the School shall be called "The Rakhal Chandra Pal Sanskrit Chatuspathi".

4. The interest in arrear (since 1915 or thereabouts) on the said Government Promissory Notes shall be collected by the said Treasurer and he shall pay thereout first any costs or legal expenses payable in connection with this scheme and secondly shall pay to the Committee such part of the residue as they may require for the expense of digging and completing a well in the school premises. Any surplus of the said arrear interest or any part thereof shall, if required by the Committee for any other purposes in connection with the School, be paid to them accordingly and any moneys remaining shall, if sufficient, be invested by the Treasurer in the purchase of further Government Promissory Notes to be added to the said fund. Any small sum remaining insufficient for purchase of one Note shall be paid to the Committee and applied as if it were income.

5. The Committee, which shall be responsible for the entire management of the institution, shall consist of the following members :—

(1) The Collector for the time being of Hooghly, who shall be the President.

(2) A descendant of the late Babu Rakhal Chandra Pal to be selected by the family, but the first such member to be Babu Probodh Chandra Pal, one of the Donors.

(3) The Adhyapaka of the Chatuspathi.

(4) The Chairman for the time being of the Hooghly District Board.

(5) A Brahman resident of Maria village interested in the promotion of Sanskrit learning, to be selected in the first instance by the said Babu Probodh Chandra Pal and thereafter by such descendant of the late Babu Rakhal Chandra Pal as may from time to time be a member of this Committee and if none or if he shall fail to make such selection, the selection shall be made by the said Collector.

(6) The Administrator for the time being of the Biswanath Tol Fund at Chinsurah.

(7) Any officer of the Education Department to be nominated from time to time by the Director of Public Instruction, Bengal.

In the event of the persons or body entitled to elect any member not being able to agree upon the person to be elected, the remaining members of the Committee may summon a meeting of the persons whom they consider to be entitled to elect the member and the person elected by a majority of votes at such meeting shall be the member elected.

In the event of no person being found willing to fill any vacancy in the Committee or if for a period of three months no member shall be elected to fill the vacancy, the remaining members of the Committee may themselves elect any other person to fill such vacancy and in the meantime such remaining members shall continue to act and be entitled to exercise all the powers of the Committee.

In all questions whatever coming before the Committee in which there shall be any difference of opinion, the matter shall be decided by a majority of votes and in cases of equal votes the President shall have a casting vote.

Three members shall form a quorum.

The Committee shall, from time to time, appoint one member to be Secretary.

6. The premises described in Part 1 of the First Schedule above written may be used for the purposes of the said School, and the income of the securities mentioned in Part 2 of the said First Schedule, together with any other income, subscriptions or donations and grants by Government shall be applied in maintaining the said School.

7. The said School shall be open to Hindu inhabitants of the said village of Maria and the locality and their children.

8. The Committee may appoint or dismiss the Headmaster of the School and other Masters and members of the staff, and the remuneration of the Headmaster and other Masters and members of the staff shall be fixed by the Committee.

9. Subject to the control of the Committee the Headmaster shall have control of the admission or readmission of students, the selection of books

to be used, the methods of teaching and generally the whole internal organisation, management and discipline of the School, including the power of expelling students or suspending them from attendance.

10. The Committee may set apart any reasonable portion of the income for a reserve fund for making any addition to the existing buildings or for renewal or replacement of any buildings or equipment and also for repairs.

11. The number of Masters to be engaged for the School and the number of attendants and menial servants to be employed shall be decided by the Committee as also the sums to be expended on books, furniture, equipment and other expenses according to the income available.

12. The Committee and any persons to whom expenditure of any income or funds is delegated shall keep proper accounts and vouchers of their receipts and expenditure which shall at all times be open to the inspection of the Local Government or any Officer authorised by Government in that behalf. Such accounts shall be audited by the Examiner of Local Accounts, Bengal, or by any officer appointed in that behalf under the official rules for the guidance of Administrator of Trust Funds.

13 The Committee may, from time to time, frame rules for the management of the said School and for the conduct of the business of the Committee, provided that such rules shall not be inconsistent with any of the provisions of this scheme.

14. In the event of its becoming impossible for any reason to utilise the property vested as aforesaid for the purposes of encouraging the study of Sanskrit in the said locality, the said property or so much thereof as may be undisposed of shall be applied for the general advancement of education in the said locality or for the provision of medical relief in such manner as may be provided in a fresh scheme to be settled by the Local Government in consultation with such representatives of the late Rakhal Chandra Pal as shall be available.

2. Any objection or suggestion which may be received from any person with respect to the draft before the date fixed aforesaid will be considered by the Governor General in Council.

J. HULLAH,

*Secretary to the Government of India.*

## DRAFT RULES.

1. The following words in the rules shall bear the meaning specified against them.

Definitions.

(*a*) "*The Act*" means the Indian Emigration Act, 1922 (No. VII of 1922).
(*b*) "*Protector*" means the Protector of Emigrants.
(*c*) "*Medical Inspector*" means the Medical Inspector of Emigrants.
(*d*) "*Schedule*" means the Schedule appended to these Rules.
(*e*) "*Labourer*" means any person performing unskilled work.
(*f*) "*Magistrate*" means any magistrate exercising jurisdiction over the area from which emigration takes place.

### Part I.

**Rules regarding Emigration of Unskilled Labour.**

I.—EMIGRATION STAFF.

2. (1) The Government of every country to which emigration is lawful shall, unless expressly exempted by the Government of India, appoint a person to be called the Emigration Commissioner for one or more of the ports from which labourers for the country are embarked.

Emigration Commissioner.

(2) The appointment of an Emigration Commissioner shall not take effect until the Government of India, by notification in the official gazette, has declared its approval of the appointment.

(3) The remuneration to be given to the Emigration Commissioner shall not depend on, or be regulated by the number of labourers sent by him, but shall be in the nature of fixed salary.

3. The Emigration Commissioner shall—

(*a*) be responsible for the diffusion of correct information regarding the country represented by him and for all arrangements for securing emigrants and assisting them to emigrate to that country; and

Duties of Emigration Commissioner.

(*b*) control and be responsible for the operations of all persons engaged by him or under his orders for propaganda work connected with emigration to the country by which he is appointed or for assisting labourers to emigrate to such country.

Inspectors of Emigration.

4. (1) The Emigration Commissioner shall, with the approval of the Local Governments concerned, divide into circles the area from which he wishes to secure emigrants for unskilled work. For each circle he shall appoint an Inspector of Emigration whose duty it shall be to supervise the work of all persons engaged in assisting or inducing labourers to emigrate to the country which he represents.

(2) The salary of an Inspector of Emigration shall be fixed and shall not depend on the number of emigrants obtained from his circle.

Emigration Agents.

5. (1) The Emigration Commissioner may appoint as many persons as he may consider necessary for propaganda work and for assisting labourers to emigrate. Such persons shall be called Emigration Agents.

(2) Emigration Agents must be men of good character and respectability and should whenever possible be men who have actually worked in the country for which they are employed. They shall be paid a fixed salary which shall not depend on the number of emigrants recruited by them.

(3) No Inspector of Emigration appointed under rule 4 may be appointed an Emigration Agent.

Emigration Agent to be licensed.

6. (1) Every Emigration Agent must be in possession of a valid license in Form No. 1 in the Schedule issued to him by the Emigration Commissioner.

(2) License shall be valid for a period of one year only, but may be renewed, if necessary, by the Emigration Commissioner for periods of three months at a time.

(3) The number of persons whom such license will authorize an Emigration Agent to assist to emigrate shall be specified therein.

(4) Copies of all licenses issued by him shall be sent by the Emigration Commissioner to the District Magistrate of every district in which the Agent is authorized to carry on his work.

Unlicensed persons not to recruit.

7. No person, except under and in accordance with a license granted under Rule 6, shall induce, or attempt to induce, any person to emigrate or to attempt to emigrate or to leave any place for the purpose of emigrating.

8. No person shall enter into, or attempt to enter into, any agreement with any person purporting to bind him to emigrate.

Emigration Agent not to recruit unless license countersigned by District Magistrate.

9. An Emigration Agent shall not recruit in a district for which he holds a license unless the license has been countersigned by the District Magistrate.

Power of magistrate to refuse counter signature.

10. If a District Magistrate has satisfied himself, after such enquiry as he thinks necessary, that an Emigration Agent desiring to recruit in his district is by character or from any other cause, unfitted to be a recruiter under the Act, he may after giving such agent an opportunity of being heard, and after recording his reasons in writing refuse to countersign an Emigration Agent's license under Rule 9.

Power of magistrate to cancel countersignature.

11. If the District Magistrate, having countersigned an Emigration Agent's license under Rule 9, afterwards finds reason to think that such Agent is by character or for any other cause, unfitted to be an Emigration Agent under this Act, he may require him to produce his license, and may after giving such Agent an opportunity of being heard, if satisfied in this respect cancel the countersignature on it, or may impound the license and send it for cancellation to the Protector of Emigrants.

Notice to Emigration Commissioner of countersignature, refusal to countersign or cancellation of countersignature.

12. When a District Magistrate countersigns or refuses to countersign a license under Rule 9 or 10 as the case may be or cancels the countersignature on it under Rule 11 he shall at once report such countersignature, or such refusal or cancellation, to the Emigration Commissioner who granted the license.

Powers and duties of Subdivisional Magistrates.

13 Where a license is limited to a subdivision or any part thereof the powers and duties imposed by Rules 9 to 12 shall be exercised and performed by the Subdivisional Magistrate.

Power of Protector of Emigrants to cancel licenses

14. (1) If any instance of misconduct, or disregard of these Rules or of the conditions of his license on the part of an Emigration Agent comes to the notice of a magistrate, he shall at once report it to the Protector of Emigrants who may on this ground after giving such Agent an opportunity of being heard, cancel or suspend any license granted under Rule 6.

(2) The Protector may, after giving such Agent an opportunity of being heard, cancel or suspend a license granted under Rule 6 on the ground of misconduct or disregard of the Rules or of the conditions of the license, that comes directly under his own notice.

(3) Whenever a license is cancelled by the Protector under sub-rule (*1*) or (*2*), notice thereof shall be sent at once to the Emigration Commissioner who issued it.

Production of license before magistrate or police officer.
Endorsement on license by magistrate

15. Every Emigration Agent shall produce the license granted him under Rule 6 when called upon to do so by any magistrate or officer in charge of a police station. Should such magistrate desire to endorse on the license any remark concerning such Agent he shall be entitled to do so, and such remark shall be reproduced on all subsequent licenses issued to him until expunged by order of the Local Government, or of the District Magistrate to whom such magistrate or officer is subordinate.

## II.—STATEMENT OF INFORMATION TO BE SUPPLIED TO EMIGRANTS.

"Statement of information"

16. (1) An emigration Agent shall furnish to every person whom he attempts to induce to emigrate a copy of the statement specified in sub-rule (*2*). A formal receipt therefor shall be obtained by the Emigration Agent from each intending emigrant.

(2) The statement shall be printed both in English and in the vernacular language or languages of the local area in which the Emigration Agent operates in a form prescribed by the Emigration Commissioner and shall *inter alia* contain information on the following points:—

(*i*) Climate of the country.
(*ii*) Kind of work open to emigrant.
(*iii*) Hours of work. Rest days allowed.
(*iv*) Wages offered and the deductions (if any) made from them.
(*v*) Arrangements for housing and treatment during sickness.
(*vi*) Cost of living in the country for a labourer. Whether rations cooked or uncooked are supplied and if so whether free or at a price.
(*vii*) Duration of the journey from India to the country. Arrangements made for journey.
(*viii*) Conditions of repatriation.
(*ix*) Facilities afforded in the matter of education, grants of land for cultivation and the observance of religious rites.
(*x*) Special punishment, if any, for labour offences.

(3) No statement shall be brought into use by the Emigration Commissioner until he has through the Local Government obtained the approval thereof by the Governor General in Council.

## PLACES OF ACCOMMODATION IN AREAS IN WHICH EMIGRANTS ARE OBTAINED.

Establishment of places of accommodation.

17. In every district where the Local Government considers it necessary, the Emigration Commissioner shall provide sufficient and proper accommodation in a suitable place for such intending emigrants as he may collect pending their production before a magistrate and removal to the port of embarkation.

Points to be observed in connection with places of accommodation

18. (1) The accommodation provided under Rule 17 shall be considered sufficient if the intending emigrants are kept in such a manner as would be regarded as comfortable by persons of their condition in the district in which they are obtained. The following points shall however invariably be observed :—

(*a*) cleanliness, both of premises and of inmates,

(*b*) sufficiency of accommodation for the largest number of persons likely to be located in the place at one time. The number that the premises are capable of holding will be determined by the District Magistrate or the Protector and inscribed on a board conspicuously hung up for the information of visiting officers,

(*c*) a plentiful supply of good water within a reasonable distance,

(*d*) proper conveniences for purposes of nature and bathing,

(*e*) the exclusion of all women who are not emigrants or intending emigrants without special permission of the Emigration Commissioner,

(*f*) the provision of separate accommodation for women when desired by them or local or racial custom requires it,

(*g*) arrangements for the prevention of the outbreak of infectious diseases and of reporting outbreaks to the district medical officer,

(*h*) the keeping by the person in charge of an inspection book in which any persons inspecting the place may write their remarks.

(2) The Local Government may prohibit the use of any premises which it considers unsuitable and may require any improvements or alterations specified by it to be carried out as a condition of their continued use.

Inspection of and visits to places of accommodation

19. (1) The District Magistrate shall arrange that a magistrate shall at least once a month visit and inspect every place of accommodation provided under Rule 17.

(2) The Local Government in a Presidency town and the District Magistrate elsewhere shall appoint a visiting committee composed of non-officials for the purpose of inspecting places of accommodation provided under Rule 17 and it shall be the duty of every member thereof to visit such places at such intervals as the Local Government or District Magistrate, as the case may be, may determine.

(3) Any authorised person inspecting a place of accommodation may record his remarks in an inspection book to be provided by the Emigration Commissioner. A copy of such remarks shall be forwarded at once by the Emigration Agent to the Emigration Commissioner and to the District Magistrate.

(4) The places of accommodation shall be open to inspection by any district and subdivisional officers and by any non-officials appointed under sub-rule (2) and all members of district, taluk, or local Boards within whose jurisdiction such places are situated, and Emigration Agents or other persons in charge of these places shall afford every authorized visitor every facility for visiting and inspecting them.

(5) Friends and relatives of the intending emigrants shall be permitted to visit places of accommodation and be allowed to converse with them and to induce any of them not to emigrate.

## IV.—RESTRICTIONS ON RECRUITING BY EMIGRATION AGENTS.

Operations not to be extended to pilgrim centres.

20. Emigration Agents shall not carry on their operations in pilgrim centres during times of pilgrimage or festivals.

Persons below the age of 18 years and women unaccompanied by a relative not to emigrate.

21. No person below the age of 18 years not accompanying one of his parents or his guardian and no woman unaccompanied by a relative over 18 years of age shall be assisted to emigrate.

Restriction on emigration of single men.

22. The number of unmarried men or men unaccompanied by their wives who may be assisted to emigrate to any one country in any one year shall not exceed one to every five persons over 18 years of age so emigrating:

Provided that the Governor-General in Council may exempt any specified country from this Rule or may at his discretion modify the ratio fixed thereby.

## V.—PRODUCTION BEFORE A MAGISTRATE.

Production of emigrants before magistrates

23. (1) Prior to despatch to the port of embarkation every intending emigrant shall be produced before a magistrate appointed in this behalf by the Local Government and such magistrate may examine such emigrant regarding his reasons for emigrating and his knowledge of the conditions on which he is going. The Emigration Agent shall not be present at any such examination. Emigrants originating from the port of departure itself shall be produced before a Presidency or other magistrate appointed in this behalf at the port.

(2) The Emigration Agent shall submit in triplicate to the magistrate a nominal roll in form No. 2 in the Schedule of the persons whom he proposes to assist to emigrate.

Magistrate to check nominal roll

24. (1) On production of intending emigrants before a magistrate under Rule 23 (1) the magistrate shall check the persons so produced with the nominal roll forwarded to him under Rule 23 (2) and shall examine them in order to satisfy himself that the Act and these Rules have been complied with.

(2) If on examination of any intending emigrant he finds—

(*a*) that (where such person is below the age of 18 or is a woman) he bears to one of the other intending emigrants not so disqualified the relationship stated in the roll;

(*b*) that in all other cases—

(*i*) he has been recruited by a licensed Emigration Agent,

(*ii*) he is willing to emigrate and understands the statement of information supplied to him under Rule 16,

(*iii*) he has not been induced to emigrate by any coercion, undue influence, fraud, misrepresentation or mistake,

such magistrate shall record in the three copies of the roll that such person is permitted to emigrate.

(3) If the magistrate is of opinion that any intending emigrant or any of his dependents should not be permitted to emigrate, he shall record on the copies of the roll a remark to this effect, stating his reasons.

(4) If the magistrate feels any doubt as to the alleged relationship of any dependent he may make further enquiry and call for further evidence before recording his orders on the roll.

(5) One copy of the roll shall after check under sub-rule (*1*) and after such amendments as are necessary be filed in the office of the magistrate and the remaining two copies handed to the Emigration Agent for submission to the Protector at the port of embarkation and the Emigration Commissioner.

Rejected emigrants.

25. No person rejected under Rule 24(3) shall be permitted to emigrate and every person so rejected shall, with his dependents, if any, be returned to his home, at the expense of the Emigration Agent.

26. (1) Any person desiring to emigrate and claiming to be exempted from the provisions of the Act and these Rules relating to emigrants may appear before a magistrate with evidence, oral or documentary, that he is not an "emigrant" within the meaning of section 2 (*b*) (*i*) or 2 (*b*) (*ii*) of the Act (as the case may be) together with (in the case of a person claiming to be so exempted on the ground that he has already resided in the country to which he is desirous of emigrating) documentary evidence of his identity purporting to be attested by a magistrate in such country.

(2) The magistrate, after such enquiry as he thinks necessary, shall, if satisfied that the applicant is not an "emigrant" to such country within the

meaning of section 2 (*b*) (*i*) or (*ii*), as the case may be, grant him a certificate to that effect and shall endorse the documentary evidence of identity (where such is produced).

(3) A certificate granted by a magistrate and the documentary evidence of identity endorsed by the magistrate under sub-rule (*2*) shall, if produced before any magistrate, authority or officer acting under this Act, not later than six months after the granting thereof, be conclusive proof that the person named therein is not an "emigrant" to the country specified therein within the meaning of the Act.

## VI.—CONVEYANCE OF EMIGRANTS TO THE PORT OF EMBARKATION.

Despatch of persons permitted to emigrate

27. Every person permitted to emigrate under the Act or these Rules must be conveyed with all convenient despatch, by or under the orders of the Emigration Agent to the place of accommodation established under Rule 30.

Competent person to accompany emigrants to port of embarkation

28. (1) When an emigrant has been examined under Rule 24 at a place beyond the limits of the port of embarkation, he must while proceeding to the port be accompanied throughout the journey either by the Emigration Agent himself or by a competent person appointed in that behalf by the Emigration Commissioner.

(2) The Emigration Agent or the person so appointed shall, throughout the journey, provide the emigrant with proper and sufficient food and lodging, if necessary.

## VII.—NON-RECRUITED EMIGRANTS.

Non-recruited emigrants.

29. (1) Persons who desire to obtain assisted passages, but do not desire the assistance of Emigration Agents, may apply direct to the Emigration Commissioner of the country to which they wish to proceed. The application shall be accompanied by a certificate in Form No. 3 in the Schedule from a local magistrate.

(2) If the Emigration Commissioner agrees to grant assisted passages to any persons applying to him under sub-rule (*1*), they may be assisted to proceed to the place of accommodation established under Rule 17 and shall be dealt with thereafter in the same manner as persons assisted to emigrate by Emigration Agents.

## VIII.—PLACES OF ACCOMMODATION AT THE PORT OF EMBARKATION.

Places of accommodation at port of embarkation

30. Every Emigration Commissioner shall establish at every port for which he is appointed or at any other convenient locality approved by the Local Government a suitable place of accommodation for the reception and lodging of emigrants before embarkation for the country for which he is Emigration Commissioner, and shall provide all necessary food and clothing for all emigrants during their stay at the place.

Place to be licensed

31. A place of accommodation established under the preceding rule shall not be used for the reception and lodging of emigrants until it has been inspected and approved by the Protector and the Medical Inspector and a license for its use has been granted by the Protector in the Form No. 4 in the Schedule.

Cancellation of license.

32. The Protector may at any time cancel a license granted under Rule 31—

(*a*) if he considers that the place licensed has become unhealthy, or has in any respect become unsuitable for the accommodation of emigrants, or

(*b*) if the Emigration Commissioner failed, after reasonable notice, to comply with any of the requirements of these rules in respect of such place.

33. The arrival at the place established under Rule 30 of each emigrant shall immediately be reported by the person in charge to the Emigration Commissioner who shall submit a weekly return of such arrivals to the Protector.

Report of arrival of emigrants.

34. (1) The Protector and the Medical Inspector shall, from time to time, and at least once in every week during which any emigrants may be kept in any place, inspect the emigrants and examine the state of such place, and the manner in which the emigrants therein are lodged, fed, clothed, and otherwise provided for and attended to.

Inspection by Protector and Medical Inspector.

(2) The Protector and the Medical Inspector shall, in their inspection and supervision of the places, comply with the directions framed for their guidance by the Local Government.

35. A Resident Medical Officer, approved by the Medical Inspector, shall be appointed for each place of accommodation established under Rule 30 by the Emigration Commissioner, and his name shall be registered in the Protector's office. He shall keep a hospital register in Form No. 5 in the Schedule and shall place it before that officer when he visits the place. The Emigration Commissioner may appoint any additional medical officer with the approval of the Protector.

Appointment of resident medical officer.

36. The site of every place of accommodation established under Rule 30 and the disposition and construction of the sheds appertaining thereto shall, from a sanitary point of view, be subject to the approval of the Medical Inspector who shall, if he approves the same, furnish the Protector with a certificate of such approval.

Site, etc., should be subject to the approval of the Medical Inspector.

37. (1) Every place of accommodation established under Rule 30 shall be open to inspection by any non-official persons whom the Local Government may appoint for the purpose.

Inspections of and visits to places of accommodation.

(2) A visitors' book shall be kept in each place of accommodation in which the Protector and Medical Inspector and any non-official visitors visiting the place under sub-rule (*1*) shall enter the dates of their visits and may make any such suggestions or remarks as they deem advisable.

(3) Friends and relations of emigrants shall also be permitted to visit the place of accommodation and shall be free to converse with and induce any emigrants to return to their homes.

38. The Emigration Commissioner shall reside or shall depute a responsible representative to reside within or in some place immediately adjoining every place of accommodation, established under Rule 30 with a view to the exercise of immediate and efficient control over subordinates, and to the prevention of irregularities.

Residence of Emigration Commissioner in or near place of accommodation.

39. The Emigration Commissioner shall cause registers for every place of accommodation established under Rule 30 to be kept in Forms Nos. 6 and 7 in the Schedule and the entries therein to be punctually, legibly and accurately made. An annual return of accommodation and a monthly return of sickness in such place shall likewise be prepared respectively in Forms Nos. 8 and 9 in the Schedule, and shall be forwarded by the Emigration Commissioner to the office of the Protector. A weekly hospital report in Form No. 10 in the Schedule shall also be furnished by the Emigration Commissioner to the Medical Inspector.

Registers to be maintained and returns to be submitted.

40. (1) In the event of cholera, small-pox or other communicable disease appearing in a place of accommodation established under Rule 30, every emigrant or dependent attacked shall be sent to an outside hospital for treatment; and the relatives of the affected person, if any, not accompanying the patient and all contacts shall at the same time be placed in a segregation shed situated in an isolated part of the premises; and shall not be permitted to move or be removed thence without the written permission of the Resident Medical Officer appointed under Rule 35.

Procedure on occurrence of infectious or contagious diseases.

(2) Relatives accompanying an affected person to an outside hospital shall be provied with either food or a subsistence allowance.

Report of casualties

41. The removal of any emigrant from the register kept in Form No. 6 for any cause other than embarkation, or any death or other casualty shall be reported in Form No. 11 in the Schedule to the Protector on the following day; and any death from whatsoever cause, shall be reported to the Medical Inspector before noon on the following day.

Deaths

42. (1) In the case of the death of an emigrant before embarkation, the Emigration Commissioner shall make a correct inventory of the property of each emigrant in a register to be kept in Form No. 6 in the Schedule and shall forward such property, with the exception of foul clothing which shall be burnt together with a descriptive list of them to the office of the Protector for disposal.

(2) The Emigration Commissioner shall also notify the death to each of the successors designated in column 14 of Form No. 6.

(3) Claims made by relatives shall also be communicated to the Protector, who shall after making enquiry as to heirs, dispose of the estate as circumstances may render necessary.

## IX.—EXAMINATION BEFORE EMBARKATION.

Nominal roll of emigrants about to embark

43. A nominal roll in duplicate of all emigrants who are about to embark shall be prepared in Form No. 12 in the Schedule and special care shall be taken by or under the direction of the Emigration Commissioner that the entries therein are correctly and legibly written.

Examination before embarkation.

44. (1) Emigrants before leaving the place of accommodation established under Rule 30 shall be carefully identified with the entries in the nominal roll prescribed by Rule 13 and examined as to their fitness to undertake the voyage by the Medical Inspector, who shall make over the nominal roll with the report of his inspection to the Protector.

(2) The Protector shall examine the emigrants and shall refuse permission to an emigrant to leave the country on any of the following grounds—

(*i*) If the Medical Inspector reports that he is unfit to undertake the journey to the country to which he or the person on whom he is dependent, as the case may be, has agreed to emigrate;

(*ii*) If the provisions of the Act or of these rules have not been strictly observed or have been in any way contravened; or

(*iii*) If he appears not to have understood the conditions on which he is proceeding and such conditions being adequately explained to him is unwilling to embark.

Recording of Protector's orders.

45. (1) The Protector shall state on each copy of the nominal roll prescribed by Rule 43 whether each emigrant is permitted to embark or is refused permission recording briefly his reasons in the case of refusal.

(2) One copy of the nominal roll shall be recorded in the office of the Protector and the other copy made over to the Emigration Commissioner for record in his office.

Emigrant not to embark for three days

46. No emigrant shall be allowed to embark until three days have elapsed from the date of his arrival at the place of accommodation established under Rule 30.

Detention of emigrant regarding whom any question has been raised

47. Emigrants who are refused permission to embark by the Protector under rule 44 (2) (*i*) on account of temporary physical unfitness to undertake the voyage, shall, if the Medical Inspector so recommends, be maintained in the place of accommodation until permitted by the Protector to proceed. Any relative of the detained emigrant who wishes to remain with him in the place of accommodation shall also be maintained in it and, if an emigrant, not forced to embark.

Disposal of rejected emigrants.

48. Emigrants who are not permitted by the Protector to embark on account of permanent unfitness to undertake the voyage and other persons rejected on the grounds specified in Rule 44 (2) (*ii*) and (*iii*) shall, together with their dependents, if any, be returned through the Protector's office to the villages from which they came at the expense of the Emigration Commissioner.

49. All emigrants rejected shall be examined by the Medical Inspector on the day on which they are to be returned to their districts, and only those that are certified by him to be able to travel shall be allowed to return at the expense of the Emigration Commissioner. The rest shall be supported in the place of accommodation and be there treated until the Medical Inspector certifies to their being in a fit state of health to undertake the journey to the place from which they were brought.

Examination of rejected emigrants before despatch to their homes.

50. A fee shall be levied for each emigrant permitted by the Protector to embark at such rate as may from time to time be fixed by the Governor-General in Council This fee shall not in any case be payable by or recoverable from the emigrant but shall be paid by the Emigration Agent or the Emigration Commissioner.

Fee to be charged for emigrants permitted to embark.

## X.—RETURNED EMIGRANTS.

51. (1) Returned emigrants shall on their arrival at the port of disembarkation be accommodated in the place of accommodation appointed by the Emigration Commissioner on that behalf, where they shall be properly lodged and provided for until the Emigration Commissioner is in a position to arrange for their departure to their homes.

Lodging of returned emigrants.

(2) The Emigration Commissioner shall prepare in the Form No. 13 in the Schedule a list of the sick and helpless returned emigrants and after the Medical Inspector has endorsed his remarks thereon shall forward it to the Protector.

52. Sick returned emigrants, unless unwilling, shall be treated in the hospital in the place of accommodation appointed under Rule 51 (1) or in any other hospital according to circumstances; and on their discharge from hospital, shall be dealt with like other returned emigrants who need nomedical treatment.

Treatment of sick returned emigrants

53. Returned emigrants shall, if they desire it, and if the terms on which they emigrated entitle them to be so returned be returned to their native districts at the expense of the country concerned. Such returned emigrants as are considered by the Medical Inspector to be physically or mentally helpless, shall be so returned by the Emigration Commissioner under proper escort.

Despatch of returned emigrants to their homes.

54. (1) If any returned emigrants are known to have deposited money for transmission to India through the Government of the country from which they have returned the Emigration Commissioner shall without delay make payment to them in Indian money, at the correct prevailing rate of exchange at the port of disembarkation, of the equivalents of the amounts so deposited. Should any such emigrants so desire, the Emigration Commissioner shall assist them to obtain postal money orders payable to themselves at any post office they may name in place of notes or silver, which they should be discouraged from carrying about with them.

Payment of deposits made in the colony by returned emigrants.

(2). The amounts payable in the cases of emigrants who may have died on the voyage, together with any unclaimed property left by such emigrants shall be forwarded by the Emigration Commissioner to the Protector for disposal in such manner as may be prescribed by the local Government.

55. The Emigration Commissioner shall report to the Protector of Emigrants, with reference to each batch of returning emigrants, the number of such emigrants which embarked from the country and the number, if any, which died during the voyage to the port of disembarkation.

Report to Protector of deaths during the voyage.

XI.—AGENTS APPOINTED UNDER SECTION 7 OF THE ACT.

Agents appointed under section 7.

56. (1) The Agents appointed under section 7 of the Act shall be generally responsible for the welfare of the emigrants and for carrying out the purposes of the Act.

(2) They shall obtain information on any matters affecting the welfare and status of Indians in the countries in which such Agents are employed and communicate it to the Government of India.

(3) They shall prepare and submit annual reports, in such form as may be prescribed, regarding the condition of Indians in the country in which they are located.

(4) They shall protect and advise, as far as possible, all classes of Indian emigrants within their charge and bring their requirements to the notice of the proper authorities in India or in the country to which they are accredited.

(5) They shall, in the case of countries to which the emigration of unskilled labourers is permitted under section 10 of the Act, inspect on arrival every ship specially chartered for conveying emigrants, maintain registers of the Indians arriving in and departing from the country, visit places where the Indians work and reside, and satisfy themselves that the conditions on which emigration is permitted are being strictly observed.

(6) They shall be directly subordinate to the Government of India.

(7) In carrying out the above duties an Agent shall act in co-operation with the Immigration Department of the Government of the country in which he is employed.

## Part II.

### RULES FOR SKILLED LABOUR.

Application for permission to engage or assist persons to emigrate under section 16

57. Every application under section 16 of the Act for permission to engage, or to assist any person or persons to emigrate for the purpose of skilled work shall, besides furnishing information required on the various points referred to therein, show clearly and fully the name of the applicant, his father's name, the place of his residence, and his occupation or profession.

58. Where the permission applied for is granted by the Local Government it shall forward to the Protector at the port from which the intending emigrants are to embark, a copy of the application and the order of permission passed thereon under section 17 of the Act.

Certificate to be granted by Protector to the applicant.

59. The Protector shall, if the Local Government so directs, give to every person permitted to engage, or assist, any person to emigrate under the provisions of Chapter IV of the Act a certificate in Form No. 14 in the Schedule.

Before giving such certificate the Protector shall satisfy himself that every emigrant has been supplied by the recruiting agency with a written statement explaining the terms of his employment and the general conditions of life obtaining in the country to which the emigrant intends to proceed.

Register of complaints to be maintained by Protector.

60. The Protector shall maintain a register of complaints received by him from emigrants registered by him under section 18 of the Act, whether made during their absence from India of after their return and shall record briefly the results of any investigation made by him and the action taken. The register shall be maintained in Form No. 15 in the Schedule.

4. Rules for the guidance of candidates for the prize, extracted from the Government notification No. 3678, dated the 26th September 1910, are published for general information.

ASHUTOSH SHASTRI,

*Principal, Sanskrit College, and Administrator of the Dwaraka Nath Pal Vedic Competition Fund.*

CALCUTTA, *the 23rd June 1922.*

**Rules for the guidance of candidates for the Dwaraka Nath Pal Vedic Competition Prize.**

The competitions shall be limited to Hindu inhabitants of Bengal, irrespective of caste or age, and the term "Bengal" shall include all the territories subject to the Governors of Bengal, Bihar and Orissa and Assam. The Administrator (Principal of the Government Sanskrit College, Calcutta) and the Advisory Board may themselves award the prize, or may appoint an Honorary Examiner or Honorary Examiners.

2. The prizes shall not be awarded to the author of any essay unless such essay furnishes evidence of research or of special investigation or embodies useful suggestions relating to the subject. The language may be either Bengali or Sanskrit or English.

3. Candidates shall be required to send in essays to the Administrator in a sealed cover bearing a nom-de-plume or motto, and enclosed therein they must send additional sealed covers bearing such noms-de-plume or mottoes on the outside and containing within their true names and addresses. The name of the successful competitor shall be published in the official Gazette. The sealed covers containing the true names of successful competitors shall be kept for three months from the date of publication of name of successful competitor, and if within that time unsuccessful competitors desire their essays to be returned such essays shall be returned on their applying to the Administrator stating their noms-de-plume or mottoes. All essays and covers in respect of which no such application is made shall be destroyed after the expiration of the said period.

4. The successful competitors shall be required to publish their essays at their own expense and to supply fifty printed copies thereof to the Administrator before payment of the prize is made. The awards shall be made as soon as conveniently possible and payment shall be made on receipt of such printed copies.

5. If in any year no competitor evinces sufficient merit to entitle him to the prize the amount thereof may be held over for a second prize in a subsequent year, or may be otherwise applied in the discretion of the Administrator and the said Advisory Board in some other manner for the encouragement of the Vedic study.

CALCUTTA, *the 5th August 1922.*

## Office Memorandum by the Inspector of Schools, Burdwan Division.

*University Matriculation Examination, 1923.*

PRIVATE STUDENTS.

1. Private students are those who have not attended any recognized or unrecognized High English Schools for at least one year previous to the examination. The term " private students " includes schoolmasters.

2. Private students must appear at the Test Examination to be held on Monday, the 4th December 1922, and the following days at the Birbhum Zilla School.

Each private student will have to pay a fee of Rs. 6, which should be remitted to the Inspector of Schools, Burdwan Division, Chinsura, along with his application for admission to the Test Examination by the 1st November 1922, after which date a fine of Rs. 2 will have to be paid for each week's delay. *Under no circumstances will the admission fee be refunded.* No private student will be admitted to the Test Examination unless he is accompanied, for the purpose of identification, by some person known in the office of the Inspector of Schools, Burdwan Division, or to the staff of the Birbhum Zilla School. Those who are not *bonâ fide* residents of the Burdwan Division will not be admitted to the Test Examination.

3. Applications must be submitted through the head master of the school in which the applicant last read. The head master, in forwarding the application to this office, should note whether he recommends the application or not. If he does not, his reasons should be stated. The application of no candidate is to be forwarded who did not leave school from the first class, or who had not been declared fit for promotion to that class. The information to be given and the documents to be appended (in original) are the following :—

(*a*) The name of the school in which the candidate last studied.

(*b*) The transfer certificate (in original) granted to the candidate by the head master of the school in which he last read ; or

(*c*) In the case of a candidate who previously appeared at the Entrance Examination, the Registrar's receipt (in original) for the fee paid.

(*d*) The age of the candidate is not required in cases (*b*) and (*c*). No candidate who has not completed the age of sixteen years on the first day of the Matriculation Examination is eligible.

(*e*) In the case of schoolmasters, a certificate of good conduct from the secretary or proprietor of the school in which the candidate is serving.

(*f*) A certificate from a respectable gentleman to the effect that the candidate has prosecuted a regular course of study and has been subject to proper discipline, and that he has not read in any school since the last Matriculation Examination held in April 1922. Detailed information is needed under this head. The person granting the certificate should state his social or professional position.

(*g*) The names of subjects in which the candidate wishes to be examined.

4. *The fee for the Matriculation Examination has NOT to be sent to this office.* It should be sent to the Registrar by the candidates themselves, together with the countersigned applications.

5. The address of each private student should be supplied to this office.

6. The Matriculation Examination for 1923 will be held on the 1st March 1923 and the following days or any other subsequent dates declared by the University.

*Intermediate and B. A. Examinations.*

1. Deputy Inspectors of Schools, Sub-Inspectors of Schools and *bond fide* masters of English Schools, who have served as such for the full period of three academical years preceding the examination, will be admitted to the abovementioned examinations.

2. Candidates for the Intermediate and B. A. Examinations must produce certificates of character and length of service from the secretaries of their respective schools. Candidates for the B. A. Examination must forward with their applications their F. A. certificates, and these for the Intermediate Examination their Entrance or Matriculation certificates. Those candidates who were admitted to a former examination must produce the Registrar's receipt in addition.

3. Under section 19 of the Indian Universities Act, candidates for the Intermediate and B. A. Examinations are informed that their applications for admission to these examinations will not be considered unless they enclose with their applications to this office the sanction of the Senate to appear at the said examinations. Candidates who have applied for or have obtained the special permission of the Senate for the purpose are required, under section 9, chapter XV, of the Revised Regulations dealing with the registration of University students, to apply at once to the Registrar for the registration of their names as University students. No person will be deemed a "University student" unless and until his name has been duly registred and none but "University students" will be eligible for admission to any University examination other than the Matriculation.

4. The printed form of application should be carefully and correctly filled in and submitted to this office on or before the 10th January 1923, together with other papers, as mentioned in rules 2 and 3, after which no application will be received.

The dates of Intermediate and B. A. Examinations of 1923 may be obtained from the Registrar, Calcutta University.

P. K. BASU, *Inspector of Schools, Burdwan Division.*

CHINSURA, *the 1st August 1922.*

## DACCA DIVISION.

**Rules for the admission of private candidates to the University Matriculation Examination, 1923.**

1. A student who has not attended any school, recognized or unrecognized, for at least one year previous to the examination, will be treated as a private candidate. Teachers of schools are also considered as private candidates.

2. Private candidates desirous of sitting at the ensuing University Matriculation Examination must appear at the Test Examination of one of the undermentioned schools, to be held on the 4th December 1922 and the following days :—

| | |
|---|---|
| (1) Dacca Collegiate School. | (5) Jamalpur Govt. High School. |
| (2) Mymensingh Zilla School. | (6) Bhola " " " |
| (3) Faridpur " " | (7) Jhalakati " " " |
| (4) Barisal " " | (8) Pirozpur " " " |

3. Every private candidate must submit his application for admission to the Test Examination on or before the 30th September 1922 to the Inspector of Schools, Dacca Division. He must state at which one of the schools named above he intends to appear, and produce a certificate from a responsible Government officer to the effect: (1) that he has not attended any school, recognized or unrecognized, for at least one year previous to the examination, (2) that his conduct and character have been good, (3) that he has diligently and regularly prosecuted his studies and has been subject to proper discipline. No application received after the 30th September 1922 will be considered.

A student who failed to pass the annual examination for promotion to class X at the end of the session 1921 and then left the school will not be allowed to sit at the examination.

4. Every private candidate must also forward with his application his transfer certificate from the school (if any) in which he last read, or the Registrar's receipt (if he appeared at any previous Matriculation Examination), or a certificate from a respectable person with personal knowledge of the facts of the case that he has never been to any school.

5. No one will be admitted to the Test Examination unless he has produced satisfactory evidence that he will have completed the age of sixteen years on the 1st day of March 1923. For the purpose of this rule the age as recorded in a transfer certificate from a recognized school or in the Registrar's receipt (in the case of those who appeared at any previous Matriculation Examination) will be accepted. Those who have never read in any school must produce either their horoscope or an affidavit sworn by their parents or guardians before a competent Magistrate declaring their age.

6. Every private candidate shall state in his application his name, father's name, date of birth, residence, postal address, thana and district, and the following particulars:—

(1) Whether he appeared at the Matriculation Examination in any previous year.

(2) Language in which (besides English) he is to be examined.

(3) Vernacular language for composition.

(4) Vernacular language from which translation is to be made into English in the first English paper.

(5) Which of the following subjects taken up—

| | |
|---|---|
| (*a*) Additional Mathematics. | (*c*) History. |
| (*b*) Additional paper in classical language. | (*d*) Geography. |
| | (*e*) Elementary Mechanics. |

7. Every private candidate must pay a fee of Rs. 5 to the headmaster of the school at which he appears for examination. The headmaster must deposit the amount of fees realized into the Treasury, the expenditure incurred in this connection being met from the amount to be allotted in the Education budget. In no circumstances will this fee be refunded.

8. On the first date of examination, he must be accompanied, for the purpose of identification, by some person known to the officer conducting the examination. Otherwise he will not be admitted to the Test Examination.

9. The headmasters of the schools named above should send to this office, for orders, a statement, *in duplicate*, showing the marks gained by each private candidate in each subject at the Test Examination, *within a fortnight from the date of the said examination*. The application forms of candidates who are declared eligible should be forwarded to this office for countersignature, duly filled in and signed.

10. Private candidates should arrange to remit their examination fees, together with the countersigned application forms, direct to the Controller of Examinations, Calcutta University, so as to reach him on or before the date fixed by the University.

11. The Matriculation Examination for 1923 will be held on the 1st March and the following days, or any other subsequent date declared by the University.

## INTERMEDIATE AND B. A. EXAMINATIONS, 1923.

*Bonâ fide* teachers of recognised English schools an inspecting officers of the Education Department, who have been employed as such continuously for at least three academical years (32 calendar months) immediately preceding the dates of examinations, will be admitted to the I. A. and B. A. Examinations of he Calcutta University as non-collegiate students, provided they have obtained special permission of the Senate.

Demonstrators, Laboratory Assistants and Librarians of affiliated Colleges are regarded as teachers.

2. Candidates who have obtained special permission of the Senate must submit their applications to this office for countersignature not later than the 3rd January 1923.

3. Candidates should carefully read the printed form of application and supply all the necessary information.

4. The following documents in original must accompany the application :—

(*a*) The letter from the Senate of the Calcutta University permitting the candidate to appear at the ensuing examination.

(*b*) The University certificate to show that the candidate has passed the next preceding examination.

(*c*) Registrar's receipt in the case of those who were admitted to the same examination in a previous year.

(*d*) Registrar's receipt to show that the candidate's name has been registered as a "University student." If his name has not already been registered he should produce a post office receipt showing that the required fee of Rs. 2 has been remitted to the University to get his name registered.

(*e*) A certificate from the Secretary in the case of teachers and from the immediate superiors in the case of others, showing (*i*) that he has been serving as such continuously for three academical years (32 calendar months), (*ii*) that he has been diligently and regularly prosecuting his studies, and (*iii*) that his character and conduct have been good.

5. The dates of I.A and B.A. Examinations, 1923, will be notified in the *Calcutta Gazette* in due course.

## Advertisement of sale.

NOTICE is hereby given that the undermentioned plots of land, no longer required by Government, situated along the right side of the Sara-Serajganj Railway in the district of Pabna, will be put up to sale on 17th October 1922.

The purchasers of the several plots of land will be subject to the following conditions :—

*1st.*—The purchasers will have no power to make any excavations on the land nearer than fifteen feet from the railway boundary, or to plough the land nearer than three feet from the same.

*2nd.*—If the amount of purchase-money does not exceed Rs. 100, the whole amount must be paid down at once.

*3rd.*—If the amount of purchase-money exceed Rs. 100, one-fourth of the amount must be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale shall be cancelled, the sum deposited being forfeited to Government, and the lot again put up for sale at the risk of the defaulting purchaser, after issue of advertisement, as in the case of original sale.

*4th.*—The plots of land will be sold to the highest bidders as temporarily-settled estate.

*5th.*—The sale will become final on receipt by the Collector of the orders of the Commissioner confirming it, and a regular conveyance will then be granted to the purchaser.

TITLE SUIT No. 521 OF 1922.

TAKE notice that Midnapore Zamindari Company, Limited, has instituted suit No. 521 of 1922 in the 2nd Munsif's Court, Midnapore. In the record of-rights of pargana Bhanjabhum in the district of Midnapore various rights and profits are recorded in favour of the tenants of Bhanjabhum in the khas patit and khas jungles of the Company in that pargana. The Company seek in that suit a declaration that the entry in the record-of-rights regarding mauza Khoyerdanga, thana No. 84, interest No. 57, in Bhanjabhum pargana is *ultra vires* and wrong, and that the tenants have no such rights. As all the tenants of the pargana Bhanjabhum are interested in the suit and as the remedies are sought against all of them, any persons having any land in Bhanjabhum and desirous of defending their allied rights may appear in the suit on 19th August 1922 and contest, if they like, under Order 1, Rule 8, C. P. C., within fifteen days from the service of this notice.

**Notice.**

THE Bengal and Madras Service Family Pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Uncovenanted Service of Government (except those serving under the Government of Bombay), and to Local Fund servants earning pensions from Government. Some of the special features of the fund are—(1) that widowed daughters incapable of remarriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted to its benefits ; and (2) that subscribers to the Widows' and Daughters' branches are entitled to a refund of 30 per cent. of the premia paid, should the nominees predecease them after five years of admission. The second quinquennial valuation of the fund has been completed by the Actuary to the Government of India and his report discloses very favourable results. For forms of application and rules of the Fund apply to the Accountant-General, Central Revenues, Imperial Secretariat Buildings, Calcutta.

### First Forecast of the Cotton Crops of Bengal, 1922-23.

(NOTE.—On an average of the five years ending 1920-21, the area under the cotton crops in Bengal has represented some 0·3 per cent. of the total area under cotton in India.)

THERE are two crops, early and late. The "early" crop is chiefly grown in the Chittagong Hill Tracts and in the Tripura State and to a small extent in other districts. The "late" crop is grown in Bankura and Midnapore.

**Character of the Season.**—Unusually dry weather proved unfavourable to the early crop both at sowing time and during the period of growth. Subsequently the rainfall in May and June somewhat improved prospects, and the present condition is reported to be generally promising on the whole.

**Area Sown.**—The area sown with the early crop is reported to be 70,087 acres this year against 66,918 acres, reported in the corresponding forecast of last year.

Of the late crop, an area of 700 acres is reported to have been sown this year in the district of Midnapore only, while there was no cultivation of the crop at the corresponding period of last year.

### First Forecast of the Sugarcane Crop of Bengal, 1922-23.

(NOTE.—On an average of the five years ending 1920-21, the area under sugarcane in Bengal has represented some 8·2 per cent of the total area under sugarcane in British India.)

**Character of the Season.**—The crop suffered in the early stages through total absence of rain. The drought was so severe that almost all sources of irrigation dried up, especially in the deltaic areas where the crop is mainly grown on irrigation. Elsewhere the crop suffered much less as the usual soil-moisture helped the growth to some extent. The area in the Province has, in consequence, been reduced by about 21,000 acres. The monsoon weather has considerably benefited the crop, and the present outlook is generally reported to be fair.

**Area planted.**—The total area planted with sugarcane for the Province is reported to be 199,400 acres this year against 220,600 and 220,900 acres reported, respectively, in the corresponding and final forecasts of last year.

# RESOLUTION ON THE REPORT ON THE POLICE ADMINISTRATION OF THE TOWN OF CALCUTTA AND ITS SUBURBS FOR THE YEAR 1921.

## GOVERNMENT OF BENGAL.

### POLICE DEPARTMENT.

CALCUTTA, THE 5TH AUGUST 1922

RESOLUTION—No. 2992Pl.

READ—

The annual report on the Police Administration of the town of Calcutta and its suburbs for the year 1921.

The office of Commissioner of Police was held throughout the year by Sir Reginald Clarke, KT., C.I.E.

2. The effect of the increase of pay granted to the subordinate ranks in the previous year has been to improve recruitment and, in spite of other difficulties tending to unsettle the staff, the number of resignations among constables was the lowest in the last ten years with the exception of 1915. The readjustment of pay in consequence of changed economic conditions has now been completed for the whole force, the emoluments of the upper subordinate staff and the mounted police having been revised in the course of the year, while inspectors and sub-inspectors were also granted free uniforms. To cope with the increasing complexity of traffic and crowd control, additional staff was sanctioned for work in the Public Vehicle Department and the Traffic Court.

3. Crime in the aggregate decreased slightly, chiefly in regard to miscellaneous offences under the Police and Municipal Acts, while more prosecutions were undertaken for cruelty to animals and for infringements of the regulations relating to motor vehicles and hackney carriages. Serious crime however did not abate, there being a noticeable rise in the number of cases of rioting and robbery. Though industrial unrest was less marked and strikes fewer during the year, the public peace was seriously disturbed on two occasions in connection with a strike of tramway workers, when the police had to use force to restore order. It was noted last year that the offences of robbery were largely the work of the dangerous characters, mostly from upcountry known as *goondas* and that the problem of dealing with this evil was receiving special attention. The police staff appointed to investigate it continued its work and, besides acquiring much valuable information, prosecuted offenders whenever possible, sending up for trial for bad livelihood 902 persons as against 790 in 1920 and 671 in 1919. But in spite of this constant preventive action, the evil has not been brought under control. The difficulties are well known; the success of the terrorism inspired by these hooligans is shewn in the reluctance of persons to complain or give evidence; their frequent changes of abode render adequate surveillance by the police exceedingly difficult, while the preventive sections of the Code of Criminal Procedure are in many respects unsuited to the conditions of city life. Accordingly the suggested remedy to which reference was made last year has been further examined and a measure is under consideration to confer on the local Government subject to certain safeguards an excutive power to remove these undesirables from the city.

4. Various measures were taken in the course of the year affecting the administration of the Public Vehicles Department and the regulation of traffic. On the recommendation of a committee appointed to examine the question, Government amended the rules particularly with the object of

securing a more efficient taxi-cab service. Power to cancel or suspend drivers' licences was delegated to the Commissioner of Police and an additional Magistrate was appointed to try offences against traffic regulations and the rules relating to vehicles. The executive staff was increased in order to provide better supervision and control, and the location of the Hackney Carriage Branch separately from the Motor Vehicles Branch has increased the facilities for the convenient and prompt examination of vehicles produced for registration. The greater activity thus rendered possible for enforcing compliance with the regulations is shewn by the largely increased figures of prosecutions under the Motor Vehicles and Hackney Carriage Acts. Fewer new private motor vehicles were registered ; and new driving licences for taxi-cabs decreased considerably owing to the strict enforcement of the revised rules but the total number of vehicles running in the streets is larger than ever before. Consequently in spite of increased vigilance the number of persons injured in street accidents was slightly larger, though there were fewer fatalities. The problem is not likely to become less difficult especially in view of the rapid expansion of heavy motor transport, and of the construction of large buildings with the consequent congestion of traffic on the streets in which they are situated. The question of regulating heavy motor traffic, of fixing appropriate speed limits and forbidding the use of certain streets was referred to public bodies for their views and is now under the consideration of Government. The particular form of street congestion due to the concentration of business and population in large blocks of buildings is a matter closely connected with municipal building regulations and the question of minimising this difficulty deserves the consideration of the Corporation.

5. The new police hospital was completed and opened during the year but quarters for the medical staff have not yet been constructed. The only other projects carried through were the acquisition of land for the erection of armed police barracks and the extension of the head-quarters building at Lal Bazar to house the subordinate staff. The construction of these buildings and other much needed accommodation depends on the proposal to finance house building schemes from a loan, the details of which have not yet been finally settled. Meanwhile the uneconomical system of hiring houses has to continue and the rent bill rose from Rs. 4,01,958 to Rs. 4,60,978.

6. The circumstances of the past year subjected the Calcutta Police to the severest strain it has had to endure. Strikes accompanied by disturbances in the early months of the year were followed by the increasing activities of non-co-operation and khilafat agitators manifested in violent speeches, boycott, picketting and intimidation and culminated during November and December in an intensive campaign directed to the deliberate subversion of lawful authority. The lawless conduct of a misguided section of the population and the measures by which public confidence was restrored and authority asserted are well known and need not be repeated. The difficult task imposed on the police was performed with cheerfulness and good will and on the whole with admirable patience and restraint. The Governor in Council has read with pleasure the list of officers who have been commended for good work by the Commissioner and congratulates the whole force, and in particular Sir Reginald Clarke, on a record of efficient work accomplished during a trying year.

ORDER.—Ordered that a copy of this resolution be forwarded to the Commissioner of Police, Calcutta, the Chief Presidency Magistrate, Calcutta, and the Commissioner of the Presidency Division, for information.

Ordered also that a copy of the resolution and a copy of the report be submitted to the Government of India in the Home Department.

Ordered also that the resolution be published in the *Calcutta Gazette*.

By order of the Governor in Council,

J. DONALD,

*Chief Secretary*
*to the Government of Bengal.*

## CALCUTTA IMPROVEMENT TRUST.

**Notice under Section 47 (3) of Bengal Act V of 1911.**

It is hereby notified that the Board of Trustees for the Improvement of Calcutta have applied to the Local Government for sanction to Improvement Scheme No. VIIIB (extension of the present proposed park in Scheme No. VIII and construction of a 100-foot road to the north of this park joining the Circus with Darga Road widening): which was originally published in the *Calcutta Gazette* and in local newspapers on the 28th September 1921.

# DISTRICT REPORTS ON WEATHER AND CROPS

**For the week ending on the 2nd August 1922.**

**Summary.**—During the latter part of the week heavy rain fell in the western districts causing some damage to low land crops. Elsewhere the fall was generally light to moderate. Transplanting of winter paddy is proceeding favourably. The progress of the operation, so far made, is hopeful. Harvesting of autumn crops continues in Eastern Bengal. The rise of rivers has damaged the crops in certain lowlying tracts. The average price of common rice for the province has risen by about 0·22 per cent. as compared with that of the previous week.

## INDIAN POLICE FORCE.

**Regulations, etc., for admission by a competitive examination of selected candidates to be held in 1923.**

1. A competitive examination for admission to the Indian (Imperial) Police Force will be held on the 20th November 1922. The examination will be confined to candidates selected by a Selection Committee from those nominated by District Officers with reference to the conditions of eligibility stated below.

2. The subjects of the examination are as follows :—

CLASS I.—*Obligatory.*

1. English.
2. Geography and Indian History.
3. Mathematics (elementary).
4. General knowledge (questions on current events, general history and similar subjects with which any educated boy should be acquainted).

CLASS II.—*Optional.*

1. Sanskrit.
2. Arabic.
3. Persian.
4. Latin.
5. French.
6. Physics and Chemistry.
7. Higher Mathematics.
8. Political Economy.
9. English language and literature.
10. General survey of Constitutional law.
11. Criminal law, including Criminal Procedure.

The maximum number of marks obtainable for each of the above subjects, whether Obligatory or Optional, is 2,000.

All subjects of Class I must be taken up; not more than two of the subjects of Class II may be taken up.

The standard in subjects of Class I, except Mathematics, will be the Intermediate. The standard in Mathematics will be below the Intermediate as explained in Appendix I. The standard in the Optional subjects will be that of the B.A. (pass) of an Indian University. Candidates will be required to reach these standards in *each* of the four Obligatory subjects, but candidates who fail in only one Obligatory subject but make 6,000 marks or more in the aggregate will take their place in the list of qualified candidates according to the aggregate of the marks obtained.

3. *Place of examination.*—The examination will be conducted by the Central Advisory Board of Education. The centre of examination for candidates from Bengal will be Calcutta.

4. *Examination fee.*—A fee of Rs. 5 is required from all candidates on submission of their application to the District Officer for nomination. The fee payable must be paid by means of postage stamps of the specified amount affixed to the application. A further fee of Rs. 60 is to be paid by candidates chosen for admission to the examination.

5. *Conditions of eligibility.*—Every candidate must be an Indian British subject, and at the time of his birth his father must have been a natural-born Indian British subject. The decision of the Government of India as to whether a candidate satisfies these conditions shall be final. Candidates must, *without exception on any ground*, be above 21 and under 24 years of age on the 1st August 1922.

Every candidate must possess a degree.

Candidates must be of respectable antecedents and must submit references as to character and testimonials of good behaviour and of suitability for the Indian Police.

6. *Form of application.*—Application to compete at the examination must be made on a printed form to be obtained from the Chief Secretary to the Government of Bengal, Calcutta, or from any District Officer, and to be lodged with the necessary documents to the District Officer or Chairman, Calcutta Corporation (for candidates in Calcutta), not later than the 1st October 1922.

*No applications received after that date can be considered.*

7. *Canvassing.*—Any candidate attempting to canvas either by himself or through the agency of relatives, friends, patrons or officials will be disqualified.

8. *Medical examination.*—Those candidates who are successful in the literary examination will be required, shortly after the result of that examination is declared, to undergo a strict examination by a Medical Board* in Calcutta, as to their physique and capacity for active out-door work. Instructions as to the date and time of this examination will be issued to successful candidates by the Government of Bengal.

9. *Appointment of probationers.*—The Secretary of State will nominate as probationers such competitors as attain the highest aggregate of marks [provided that they obtain the minimum aggregate of 6,000 marks (*see* paragraph 2) and that they pass the medical examination and satisfy the requisite conditions in other respects].

10. *Riding.*—A knowledge of riding is not insisted on as an essential qualification before nomination. But probationers will be subjected to a riding test at the termination of their probationary period, failure to pass which will disqualify the candidate for confirmation in the service.

11. (*a*) *Uniform.*—It is an ordinary condition of appointment that a successful candidate shall provide himself, or be provided by his parents or guardians, with his uniform or the cost thereof. The Government of Bengal will make a contributory grant of Rs. 400 towards the cost of uniform.

(*b*) *Horse and saddlery.*—A successful candidate must, when required to do so by Government, provide himself with a suitable horse and saddlery at his own expense. The Government of Bengal will make to a newly-appointed officer a grant of a sum not exceeding Rs. 600 towards the cost of such horse and saddlery.

12. *Salary during probation.*—Probationers will receive initial pay of Rs. 325 a month. (*See* Appendix II.)

13 *Period of probation.*—Probationers will be required to qualify by passing the necessary departmental examinations [as well as the riding test (*see* rule 11)] within two years of their selection.

14. *Liability of probationers to removal.*—Any probationer who may fail to pass the prescribed examinations within two years, or be found unfit for Police duties, will be liable to removal from the service.

15. *Promotion after probation.*—No probationer will be eligible for promotion, either acting or substantive, until he has passed the prescribed departmental examinations, including the riding test.

* With a view to prevent parents and guardians from incurring the inconvenience and expense of preparing candidates who may be physically unfit for the Police Service, it is suggested that, before any such preparation is begun candidates be submitted to examination by the medical adviser of the family, or any other qualified medical practitioner, with regard to the points which are indicated in Appendix III

It is to be understood that this private examination is merely suggested to lessen the chances of disappointment, and that it is by no means intended to take the place of, or to influence in any way, the official examination.

## APPENDIX I.

### COMPULSORY MATHEMATICS.

The course is as follows :—

(1) *Arithmetic.*—The whole of Arithmetic. (The use of Algebraical symbols and processes will be permitted.)

(2) *Algebra.*—The four simple rules, Fractions, Greatest Common Measure, Least Common Multiple, Factors, Remainder Theorem, Proportion, Simple Equations of one or more unknown quantities with easy problems, Quadratic Equations, with easy problems and theory of Quadratic Equations, Graphs and their applications.

(*Candidates should be provided with squared paper.*)

(3) *Geometry.*—Practical and Theoretical Geometry.

The questions on Practical Geometry will be set on the constructions contained in the annexed Schedule A, together with easy extensions of them. All figures should be drawn accurately, for which purpose every candidate should provide himself with a graduated scale, a pair of set squares, a protractor, a compass and a hard pencil.

The questions on Theoretical Geometry will consist of Theorems contained in the annexed Schedule B, together with easy extensions and deductions with numerical illustrations. Any proof of a proposition will be accepted which appears to the Examiners to form part of a systematic treatment of the subject; the order in which the Theorems are stated in Schedule B is not imposed as the sequence of their treatment. In the proof of the Theorems hypothetical constructions will be permitted.

(*Candidates will be provided with squared paper.*)

### SCHEDULE A.

Bisections of angles and of straight lines.

Construction of perpendiculars to straight lines.

Construction of an angle equal to a given angle.

Construction of parallels to a given straight line.

Simple cases of the construction from sufficient data of triangles and quadrilaterals.

Division of straight lines into a given number of equal parts or into parts in any given proportions.

Construction of a triangle equal in area to a given polygon.

Construction of tangents to a circle and of common tangents to two circles.

Simple cases of the construction of circles from sufficient data.

Construction of a fourth proportional to three given straight lines and a mean proportional to two given straight lines.

Construction of regular figures of 3, 4, 6 or 8 sides in or about a given circle.

Construction of a square equal in area to a given polygon.

### SCHEDULE B.

#### *Angles at a Point.*

If a straight line stands on another straight line, the sum of the two angles so formed is equal to two right angles; and the converse.

If two straight lines intersect, the vertically opposite angles are equal.

#### *Parallel Straight Lines.*

When a straight line cuts two other straight lines, if—

(*i*) a pair of alternate angles are equal, or

(*ii*) a pair of corresponding angles are equal, or

(*iii*) a pair of interior angles on the same side of the cutting line are together equal to two right angles, then the two straight lines are parallel; and the converse.

Straight lines which are parallel to the same straight line are parallel to one another.

#### *Triangles and rectilineal figures.*

The sum of the angles of a triangle is equal to two right angles.

If the sides of a convex polygon are produced in order, the sum of the angles so formed is equal to four right angles.

If two triangles have two sides of the one equal to two sides of the other, each to each, and also the angles contained by these sides equal, the triangles are congruent.

If two triangles have two angles of the one equal to two angles of the other, each to each, and also one side of the one equal to the corresponding side of the other, the triangles are congruent.

If two sides of a triangle are equal, the angles opposite to these sides are equal; and the converse.

If two triangles have the three sides of the one equal to the three sides of the other, each to each, the triangles are congruent.

If two right angled triangles have their hypotenuses equal, and one side of the one equal to one side of the other, the triangles are congruent.

If two sides of a triangle are unequal, the greater side has the greater angle opposite to it; and the converse.

Of all the straight lines that can be drawn to a given straight line from a given point outside it, the perpendicular is the shortest.

The opposite sides and angles of a parallelogram are equal; each diagonal bisects the parallelogram and the diagonals bisect one another.

If there are three or more parallel straight lines and the intercepts made by them on any straight line that cuts them are equal, then the corresponding intercepts on any other straight line that cuts them are also equal.

*Areas.*

Parallelograms on the same or equal bases and of the same altitude are equal in area.

Triangles on the same or equal bases and of the same altitude are equal in area.

Equal triangles on the same or equal bases are of the same altitude.

Illustrations and explanations of the geometrical theorems corresponding to the following Algebraical identities:—

$$k(a + b + c + \ldots) = ka + kb + kc + \ldots.$$

$$(a + b)^2 = a^2 + 2ab + b^2.$$

$$(a-b)^2 = a^2 - 2ab + b^2.$$

$$a^2 - b^2 = (a + b)(a-b).$$

The square on a side of a triangle is greater than, equal to, or less than, the sum of the squares on the other two sides, according as the angle contained by those sides is obtuse, right, or acute. The difference in the case of inequality is twice the rectangle contained by one of the two sides and the projection on it of the other.

*Loci.*

The locus of a point which is equidistant from two fixed points is the perpendicular bisector of the straight line joining the two fixed points.

The locus of a point which is equidistant from two intersecting straight lines consists of the pair of straight lines which bisect the angles between the two given lines.

*The Circle.*

A straight line drawn from the centre of a circle to bisect a chord which is not the diameter is at right angles to the chord; conversely the perpendicular to a chord from the centre bisects the chord.

There is one circle, and one only, which passes through three given points not in a straight line.

In equal circles (or in the same circle), (*i*) if two arcs subtend equal angles at the centres, they are equal; (*ii*) conversely, if two arcs are equal, they subtend equal angles at the centres.

In equal circles (or in the same circle), (*i*) if two chords are equal, they cut off equal arcs; (*ii*) conversely, if two arcs are equal, the chords of the arcs are equal.

Equal chords in a circle are equidistant from the centre; and the converse.

The tangents at any point of a circle and the radius through the point are perpendicular to one another.

If two circles touch, the point of contact lies on the straight line through the centres.

The angle which an arc of a circle subtends at the centre is double that which it subtends at any point on the remaining part of the circumference.

Angles in the same segment of a circle are equal; and if the line joining two points subtends equal angles at two other points on the same side of it, the four points lie on a circle.

The angle in a semi-circle is a right angle, the angle in a segment greater than a semi-circle is less than a right angle, and the angle in a segment less than a semi-circle is greater than a right angle.

The opposite angles of any quadrilateral inscribed in a circle are supplementary; and the converse.

If a straight line touch a circle and from the point of contact a chord be drawn, the angles which this chord makes with the tangent are equal to the angles in the alternate segments.

If two chords of a circle intersect either inside or outside the circle, the rectangle contained by the parts of the one is equal to the rectangle contained by the parts of the other.

*Proportion : Similar Triangles.*

If a straight line is drawn parallel to one side of a triangle, the other two sides are divided proportionally ; and the converse.

If two triangles are equiangular, their corresponding sides are proportional ; and the converse.

If two triangles have one angle of the one equal to one angle of the other and the sides about these angles proportional, the triangles are similar.

In any right angle triangle the perpendicular to the hypotenuse from opposite vertex divides the triangle into two triangles which are similar to the whole triangle and to each other.

The internal bisector of an angle of a triangle divides the opposite sides internally in the ratio of the sides containing the angle and likewise the external bisector externally.

The ratio of the areas of similar triangles is equal to the ratio of the squares on corresponding sides.

4. The time scale in paragraph 2 above will cover the appointments of Assistant Superintendent of Police and District Superintendent of Police. Separate scales of pay have been sanctioned for officers appointed in India as Deputy Superintendents.

5. The overseas pay set out above (which will reckon as pay for all purposes of the Civil Service Regulations) will be admissible only to officers of non-Indian domicile.

## APPENDIX III.

### EXTRACT FROM THE REGULATIONS AS TO THE PHYSICAL EXAMINATION OF CANDIDATES FOR APPOINTMENTS UNDER THE GOVERNMENT OF INDIA.

[*These Regulations are published for the convenience of candidates and in order to enable them to ascertain the probability of their coming up to the required physical standard. But it must be clearly understood that the Secretary of State reserves to himself an absolute discretion to reject as unfit any candidate whom he may consider, after hearing the opinion of his medical advisers, to be physically disqualified for the public service; and that his discretion is in no respect limited by these Regulations.*]

*N. B.*—As regards candidates who have been wounded, a candidate who has lost one hand, fore-arm, or arm, or one leg *below* the knee, might be accepted, but the following classes of wounds must be regarded as disqualifications, viz., (1) Injury to head; (2) Loss of an eye; (3) Loss of leg above or through the knee.

### GENERAL PHYSICAL REQUIREMENTS.

I.—A candidate must be in good mental and bodily health, and free from any physical defect likely to interfere with efficient performance of duty.

II.—In the examination of candidates the Medical Board will apply the following table of correlation of age, height and chest girth :—

| Age. | Height, without shoes. | Chest— | |
|---|---|---|---|
| | | Girth, when expanded. | Range of expansion. |
| | Inches. | Inches. | Inches. |
| 19 to 20 ... ... | 62½ and under 65 | 35 | 2 |
| | 65 ditto 68 | 35 | 2 |
| | 68 ditto 70 | 35½ | 2 |
| | 70 ditto 72 | 36 | 2 |
| | 72 and upwards | 36½ | 2½ |
| 21 and upwards ... | 62½ and under 65 | 35 | 2 |
| | 65 ditto 68 | 35½ | 2 |
| | 68 ditto 70 | 36 | 2 |
| | 70 ditto 72 | 36½ | 2½ |
| | 72 and upwards | 37 | 2½ |

III.—*Measurement of height.*—A minimum height of 5 ft. 4 ins. is imposed. The candidate will be placed against the standard with his feet together, and the weight thrown on the heels, and not on the toes or outside of the feet. He will stand erect without

* These appointments are not set apart exclusively for members of the Police Department, and the Government reserves discretion to fill them by the selection of any officers who are considered best fitted for them, whether in the Department or outside it.

rigidity, and with the heels, calves, buttocks and shoulders touching the standard ; the chin will be depressed to bring the vertex of the head level under the horizontal bar, and the height will be noted in parts of an inch to eighths.

IV.—*Measurement of chest.*—The candidate will be made to stand erect with his feet together, and to raise his hands above his head. The tape will be carefully adjusted round the chest, with its posterior upper edge touching the inferior angles of the shoulder blades, and its anterior lower edge the upper part of the nipples. The arms will then be lowered to hang loosely by the side, and care will be taken that the shoulders are not thrown upwards or backwards so as to displace the tape. The candidate will then be directed to empty his chest of air much as is possible. This is best done by continuous whistling with the lips as long as sound can be produced. The tape is carefully gathered in during the process, and when the minimum measurement is reached, it is recorded. The candidate will then be directed to inflate his chest to its utmost capacity. The maximum measurement will likewise be noted. The girth with the chest fully expanded and the range of expansion between the minimum and maximum will then be recorded.

V.—The hearing must be good.

VI.—The speech without impediment.

VII.—The teeth in good order, *i.e.*, decayed or broken teeth must be properly stopped or crowned, and deficient teeth replaced by artificial teeth, where necessary, for effective mastication.

VIII.—The chest must be well formed ; the lungs and heart sound.

IX.—Rupture, hydrocele, varicocele, varicose veins in a severe degree, or other condition likely to cause inefficiency, will disqualify a candidate, unless such condition is cured by operation.

X.—The limbs, feet and toes must be well formed and developed, with free and perfect motion of all the joints.

XI.—A candidate must have no congenital malformation or defect likely to interfere with efficiency.

XII.—A candidate must not be the subject of chronic skin disease.

XIII.—Evidence of previous acute or chronic disease pointing to an impaired construction will disqualify.

---

## REGULATIONS AS TO STANDARD OF VISION FOR THE INDIAN POLICE FORCE.

1. Squint, or any morbid condition of the eyes or of the lids of either eye liable to the risk of aggravation or recurrence, will cause the rejection of the candidate.

2. The examination for determining the acuteness of vision includes two tests ; one for distant, the other for near, vision. The Army Test Types will be used for the test for distant vision, without glasses, except where otherwise stated below, at a distance of 20 feet ; and Snellen's Optotypi for the test for near vision, without glasses, at any distance selected by the candidate. Each eye will be examined separately, and the lids must be kept wide open during the test. The candidate must be able to read the tests without hesitation in ordinary daylight.

3. A candidate possessing acuteness of vision, according to one of the standards herein laid down, will not be rejected on account of an error of refraction, provided that the error of refraction, in the following cases, does not exceed the limits mentioned, viz. :—(*a*) in the case of myopia, that the error of refraction does not exceed 2·5 D. ; (*b*) that any correction for astigmatism does not exceed 2·5 D. ; and, in the case of myopic astigmatism, that the total error of refraction does not exceed 2·5 D.

4. Subject to the foregoing conditions, the standards of the minimum acuteness of vision with which a candidate will be accepted are as follows :—

*Standard I.*

| Right Eye. | Left Eye. |
|---|---|
| Distant vision. V=6-6. | V=6-6. |
| Near vision. Reads 0-6. | Reads 0-6. |

*Standard II.*

| Better Eye. | Worse Eye. |
|---|---|
| Distant vision. V=6-6. | V, without glasses=not below 6-60 ; and after correction with glasses =not below 6-24. |
| Near vision. Reads 0 6. | Reads 1. |

*Standard III.*

| Better Eye. | Worse Eye. |
|---|---|
| Distant vision. V, without glasses= not below 6-24 ; and after correction with glasses=not below 6-6. | V, without glasses=not below 6-24 ; and after correction with glasses =not below 6-24. |
| Near vision=reads 0 8. | Reads 1. |

The existence of imperfection of colour sense does not necessarily disqualify, but will be noted on the candidate's papers.

*N.B.*- In all other respects candidates must come up to the standard of physical requirements laid down for candidates for commissions in the army.

## Application Form for the Indian (Imperial) Police Service.

*Before filling up this Form you should consult the accompanying Regulations, in which are laid down the conditions of eligibility for appointment to the above service.*

To be filled up and returned to the Distict Officer or the Chairman, Calcutta Corporation (for candidates resident in Calcutta). If the space provided here for any answer is insufficient, a separate sheet should be used.

If a candidate who fills up and returns this Application Form does not receive an acknowledgment of it within a reasonable time, he should inform the District Officer concerned or the Chairman, Calcutta Corporation.

Should any of the particulars furnished be found to be false within the knowledge of the candidate, he will, if appointed, be liable to be dismissed. The wilful suppression of any material fact will be similarly punished.

| | ANSWER. |
|---|---|
| 1. Name in full, surname first— | |
| 2. Postal address *in full* (any change of address should at once be communicated to the Chief Secretary to the Government of the Province concerned). | |
| 3. Affix here postage stamps of the value of Rs. 5. *No part of this fee will be returnable to any applicant, whatever the result of his application. Applications unaccompanied by the fee will be ignored.* | |
| 4. Exact date of birth, and age last birthday. | |
| 5. Place of birth. | |
| 6. Your nationality at birth. | |
| 7. Your father's name, place of birth and nationality at birth. | |
| 8. His postal address and profession (if dead, give last address). | |
| 9. Your mother's place of birth and nationality at birth. | |
| 10. Schools—<br>Name your schools in order, giving dates of entering and leaving.<br>State any position of authority you held, any distinction you attained in school work, games, school societies, etc., any University scholarship you won.<br>Age on finally quitting school. | |

| | ANSWER. |

## NOTIFICATION.

*No. 9111A.—The 11th August 1922.*—The Governor in Council is pleased to direct that the following regulation shall be added to the regulations for the election of members of the Bengal Legislative Council, published under notification No 1640A.R., dated the 6th August 1920. The existing regulation LXX shall be re-numbered LXXI.

**Custody and preservation of election papers.**

*LXX.*—The following rules shall be observed for the custody and preservation of the election papers enumerated below :—

(1) Claims and objections with reference to the preliminary electoral rolls. (Regulation VIII.)

(2) Final electoral rolls. (Regulation XV.)

(3) Nomination papers of candidates. (Regulation XVI.)

(4) Withdrawals from candidature. (Regulation XVIII.)

(5) Orders by returning officers regarding the division of constituencies into polling areas and appointment of polling stations for such areas. (Regulation XX.)

(6) Appointment letters of agents of candidates. (Regulation XXII.)

(7) Lists of candidates nominated. (Regulation XXIII.)

(8) Lists of ballot papers attested. (Regulation LI.)

(9) Election petitions and proceedings and reports of election Commissioners thereon.

With the exception of papers in items (2) and (9) of the above list the said election papers shall, in the case of general constituencies, except Calcutta constituencies, be kept in the general record-room of the district to which they relate. In the case of Calcutta constituencies, the said papers shall be kept in the office of the Commissioner of the Presidency Division. The said papers in respect of special constituencies shall be kept in the record-room of the Bengal Secretariat. Papers relating to claims and objections decided by revising authorities shall be kept until the next revision of the electoral roll of the constituency to which they pertain has been completed, and shall then be destroyed. The other papers [excluding those initems (2) and (9)] shall be kept for a period of one year and shall then be destroyed unless their retention for a longer period is otherwise ordered by competent authority.

In the general constituencies—five complete copies of the final electoral rolls relating to each district shall be deposited in the collectorate. Two copies of all final electoral rolls for areas comprised within each division shall be kept in the office of the Commissioner. In Calcutta, five copies of the final rolls for each constituency or of so much of the roll as relates to that city, shall be kept in the office of the Chairman of the Calcutta Corporation. One complete copy of electoral roll for each constituency shall also be kept for record in the Appointment Department of the Bengal Secretariat. In the Commerce and Industry constituencies, two copies of the final electoral rolls shall be preserved in the office of the registering authority, and one such copy shall be kept in the Appointment Department of the Bengal Secretariat. In the case of the Calcutta University constituency, five copies of the final electoral rolls shall be preserved in the office of the registering authority, and one such copy shall be kept in the Appointment Department of the Bengal Secretariat

Copies of electoral rolls so deposited shall be preserved permanently and shall, before deposit, be duly authenticated by the registering authority.

Printed copies of electoral rolls in excess of the number required for permanent record shall be deposited in the offices of the district officers concerned in the case of general constituencies, except in Calcutta, where they will be deposited in the office of the Commissioner, Presidency Division. Similar copies of rolls for special constituencies shall be preserved in the record-room of the Bengal Secretariat. Spare copies of electoral rolls so deposited shall be available for sale to the public, for a period of three years from the date of publication, after which they will be destroyed under the orders of the authority with whom they are deposited.

The election petitions and proceedings and reports of election Commissioners, thereon, shall be in the record-room of the Bengal Secretariat and shall be destroyed after three years unless their retention for a longer period is otherwise ordered by competent authority.

The public shall have a right to inspect the election papers enumerated above and to get attested copies thereof on payment of the fees prescribed in the Bengal Records Manual, 1917, and in the rules for the management of the Secretariat record-room.

By order of the Governor in Council,

J. DONALD,

*Chief Secretary*

*to the Government of Bengal.*

## NOTIFICATION.

*No. 9163A.—The 11th August 1922.*—The following is substituted for rule 24, section II, of the rules for the Departmental Examination of Assistant Magistrates and others, dated the 14th September 1912:—

"Assistant Magistrates, being members of the Indian Civil Service and recruited as the result of the competitive examination, on first appointment draw pay at Rs. 450 a month. On passing the Lower Standard of examination they shall be allowed an increment of Rs. 50 a month and on passing fully the Higher Standard, they will receive a second increment of Rs. 50. These increments will have effect from the first day following that on which the Departmental Examination, in which the officers concerned are declared to have passed, ended. No further increment will be earned by an officer, however, till the completion of his third year of service"

## NOTIFICATION.

**Minister in charge : The Hon'ble Sir S. N. Banarji, Kt.**

*No. 2096Medical.—The 12th August 1922.*—The following draft of rules, which the Government of Bengal (Ministry of Local Self-Government) propose to make under clause (*j*) of sub-section (*2*) of section 101 of the Bengal Village Self-Government Act, 1919 (Bengal Act V of 1919), is published for the information of persons likely to be affected thereby.

2. The draft will be taken into consideration on the 16th August 1922, and any objections or suggestions received by the undersigned through district officers before that date will be duly considered.

**Draft rules under the Village Self-Government Act, 1919, regulating the powers and duties of Union Boards in regard to dispensaries.**

**Opening and Closing of Dispensaries.**

Opening and closing of dispensaries

1. (*1*) A dispensary may be opened or taken over by a Union Board with the sanction of the District Board at a meeting, subject to the approval of the Commissioner, and on provision of the necessary funds in the annual budget. It may be closed by the same authority and with the same sanction.

When a dispensary is thus opened or closed by a Union Board, the fact shall be reported by the Civil Surgeon to the Surgeon-General, in order that the dispensary may be added to or struck off from the list in class III. No dispensary in class III in which a Government medical subordinate is employed shall, however, be closed without the sanction of the Government.

NOTE.—Class III dispensaries are those which are vested in local authorities or guaranteed or maintained by local funds. The fact that such an institution is aided by private subscriptions or receives assistance from Government in the shape of part of the salary of the Medical Officer, grants of medicine or otherwise, should not be regarded as a reason for not classing it as a Local Fund dispensary so long as its existence is ultimately dependent upon local funds.

2. (*1*) Whenever a dispensary is opened or taken over by a Union Board the fact shall be reported by the District Board to the Surgeon-General, through the Civil Surgeon of the district, with information on the following points :—

(*a*) The name of the dispensary, and the date of its opening or being taken over.

(*b*) A copy of the proceedings of the District Board together with a copy of the Commissioner's order sanctioning the establishment or taking over of the dispensary.

(*c*) Allotment made by the Union Board under the different heads of expenditure for the maintenance of the dispensary.

(*d*) A list of the proposed equipment of the dispensary.

(*e*) A plan of the building in which the dispensary is or will be located.

(*f*) The authority with whom the ultimate responsibility for the maintenance of the dispensary rests.

(*g*) The name and qualifications of the medical officer whom it is proposed to appoint as laid down in rule 6.

(*2*) No dispensary shall be removed from one place to another without the sanction of the District Board, and without giving the Surgeon-General such previous information as will enable him to express an opinion and to sanction or reject the proposal.

Grants-in-aid by Government and local authorities

3. Applications for grants from the Government in respect of any dispensary shall be submitted to the Government through the District Board, the Magistrate and the Commissioner.

Provided that—

(*i*) the Government reserve the right to withdraw Government supervision or aid in any case, or at any time, when it may seem desirable to do so.

(*ii*) no grant may be made by a District or Union Board in aid of any dispensary which has not received the recognition of the Government.

Submission of reports, returns and accounts

4. The Union Board or the Managing Committee vested with the management of a dispensary shall submit to the Medical Department, through the Civil Surgeon of the district such reports, returns and accounts as may be prescribed by the Surgeon-General from time to time. Such reports, returns and accounts shall be in such forms and be submitted on such dates as may be prescribed by him. All books, registers and forms which may be necessary for the preparation and submission of such reports, returns and accounts will be supplied by the Government free of cost.

Inspection

5. Every dispensary is subject to inspection by the Commissioner, by the Civil authorities of the district, by Civil Surgeon, by the administrative officers of the Medical Department, the Chairman and Vice-Chairman of the District Board and any other person who may be generally or specially appointed by the Government, or the District Board for the purpose. No charge will be made for such inspection.

### Appointment, leave, etc., of Medical Officers.

Appointment of Medical Officer

6. The Union Board or the Managing Committee vested with the control and administration of a dispensary shall be entitled to appoint their own medical officer subject to the following conditions, viz. :—

(*a*) that he is a registered medical practitioner unless the special permission of the Government is obtained to the appointment of an unregistered practitioner;

NOTE.—Applications for special permission should be made through the Civil Surgeon and the Surgeon-General and should be accompained by a statement showing the name of the candidate, his age and full particulars about his general and medical education and his experience as medical practitioner.

(*b*) that he is not a dismissed servant of the Government or is not disqualified for his duties by age, infirmity or character;

6A. In the event of misconduct, insolvency, or professional incompetence by reason of age or otherwise having been proved against a medical officer appointed under rule 6 to the satisfaction of the Medical Department, he shall be removed from his charge on the requisition of the Surgeon-General.

Leave of officers

7. Medical officers in charge of dispensaries shall be entitled to such leave as the Union Board or the Managing Committee may grant in accordance with the rules framed by the Union Board. The Union Board or the Managing Committee shall appoint a *locum tenens* duly qualified under rule 6, and shall provide for any expenditure that may be incurred on account of the pay of the medical officer while on leave, and the pay and travelling allowances, if any of his *locum tenens*. In no case shall leave be granted to a medical officer in charge of a dispensary without the cognizance of the Civil Surgeon of the district.

### Medical Stores.

Indents for medical stores

8. The indents for medical stores for a Union Board dispensary shall be drawn up by the medical officer of the dispensery and be checked and passed by the Civil Surgeon before the stores are purchased. Every such dispensary shall make its own arrangement for the supply of medicines and medical stores.

### Management and Supervision.

Management in whom vested

9. The management of a dispensary shall be vested in the Union Board with which the ultimate responsibility for its maintenance rests, or in a Managing Committee appointed by the Union Board or Union Boards concerned. The Subdivisional Magistrate and the Subdivisional Medical Officer shall be *ex-officio*

members of the Committee of the subdivisional headquarters dispensary. The members shall be notified by the Commissioner in the *Calcutta Gazette*.

No employee of the dispensary shall be eligible for appointment as a member of the Managing Committee.

Term of office of members of Managing Committee.

10. Every member of a Managing Committee appointed under rule 9 shall vacate his office when the term of office of the members of the Union Board or of the members of any of the Union Boards concerned by which the Committee is appointed expires:

Provided that the term of office of the members of the Committee shall be held to include any period which may elapse between its expiration and the date of the first meeting of a new Committee appointed to take its place.

Members of the Managing Committees appointed under rule 9 shall be eligible for reappointment after their term of three years expires.

Removal of members.

11. A member of a Committee appointed under rule 9 may at any time be removed (*i*) by the District Board on the recommendations of Union Board or Union Boards concerned by which the Committee was appointed or (*ii*) for any of the reasons for which a member of the Union Board might be removed from office by the authority empowered by law to remove such member.

Filling of vacancies.

12. If any member of the Committee shall be unable to complete his full term of office, or shall avail himself of leave granted by the Committee, the vacancy caused by his resignation or removal, or death or absence on leave may be filled up by the appointment of another person, and the person so appointed shall fill such vacancy for the unexpired remainder of the term for which such member would otherwise have continued in office, or during his absence on leave, as the case may be.

Chairman and Vice-Chairman

13. The Managing Committee shall elect two of their numbers to be the Chairman and the Vice-Chairman respectively, and may also elect another of their number as the Secretary.

Meetings of Committee.

14. The Managing Committee shall hold meetings at such intervals as may be necessary not less than once a quarter, to enable them to exercise an efficient scrutiny over the accounts and to enquire into all matters affecting the welfare of the dispensary. One-third of the total number of members shall form a quorum at any meeting.

Duties and functions of Committee.

15. The Managing Committee shall examine and pass the monthly accounts and shall keep a minute book in which their proceedings shall be recorded. The accounts shall, however, be passed regularly each month by the Chairman of the Managing Committee, or in his absence by the Vice-Chairman. The Managing Committee shall be responsible for the management of the funds of the dispensary. It shall be their duty to see that the guaranteed and promised subscriptions are regularly collected. After defraying the current expenses of the dispensary, the balance at the end of the month, if any, of the donations, subscriptions and interest realised by the Committee shall be deposited by them in the Post Office Savings Bank.

16. When the amount at credit of the dispensary exceeds Rs. 200, the Comptroller-General shall ordinarily be asked to invest the whole or part of it in Government securities, which shall be held in the custody of the Accountant-General, Bengal. The securities shall not be sold and the invested funds shall not be appropriated or used in any way without the sanction of the Government.

Nothing in this rule or in rule 15 shall prevent the Managing Committee from accepting as a contribution to the funds of the dispensary shares or a deposit in a Co-operative Central Bank or money offered with the express instruction that it shall be invested in such shares or shall be so deposited. Neither shall it be necessary to convert shares or deposits so received into Government securities. Contributions in the form of partly paid up shares with a liability attaching to them shall be carefully scrutinized and shall not be accepted without the previous orders of the Government.

**Budget Estimates.**

Preparation of dispensary budgets

17. (*1*) The Union Board or the Managing Committee shall annually prepare a budget estimate of the probable income and expenditure of the dispensary for the ensuing financial year arranged according to the headings given in annual statement H (B. C. M. D. Form No. 22). The Managing Committee shall submit the budget to the Union Board on a date fixed by that authority. No expenditure shall be incurred in excess of the amounts sanctioned, unless previous sanction has been obtained to either a reappropriation of grants or an additional grant obtained from the Union Board.

Method of keeping accounts

(*2*) The investments will be accounted for by the Union Board direct. But all donations and subscriptions will be collected by the Managing Committee and paid into the Savings Bank at the Post Office. The account shall be in the name of the Chairman or the Secretary of the Committee. The whole amount collected shall be sent intact to the Savings Bank. Amounts required for expenditure may be withdrawn according to requirements, but there shall be in support of each payment a duly vouched bill passed by either the Chairman or the Secretary and the total expenditure under any head in the budget shall not be exceeded without the sanction of the Union Board. The Dispensary Committee shall maintain a subscription register in B. C. M. D Form No 6, in which the initials or signature of the donor must be taken. The collections of the month shall be totalled from this register or the Savings Bank Pass-book and the total entered on the receipt side of the cash-book (B C. M. D. Form No. 8). Interest allowed by the Post Office shall be shown against "Miscellaneous."

(*3*) All claims in respect of these dispensaries shall be either paid from the imprest in the hands of the medical officer in charge or from the money withdrawn according to requirements from the Savings Bank or discharged by the Union Board concerned on bills duly passed by the Managing Committee. The medical officer shall from time to time present bills in recoupment of his imprest supported by payees' receipts Payments met by withdrawal from the Savings Bank shall be entered on the payment side of the cash-book (B. C M. D. Form No. 8), in the appropriate column.

Payments met out of the imprest shall be recorded in an Imprest Register (B C. M. D. Form No. 60). Charges to be ultimately recouped by the Union Board shall be entered in the appropriate column under the heading "Payable by Union Board" and charges to be recouped by withdrawal from Savings Bank shall be entered in the appropriate column under the heading "Payable from Savings Bank." Whenever the imprest runs low and always at the end of the month, two recoupment bills will be prepared—one for payment by the Union Board and one for withdrawal from the Savings Bank. The sub-vouchers appertaining to the former shall be submitted with the bill to the Union Board. The totals under each column of the Imprest Register will be entered in the corresponding column of the cash-book when the recoupment bills are cashed.

(*4*) The Managing Committee shall, by the 4th of each month, submit a copy of the cash-book for the previous month, with all vouchers, to the Union Board for verification and incorporation in their accounts.

(*5*) The amount of monthly subscriptions guaranteed by the local people when starting the dispensary shall be paid to the Union Board every month. The payment shall be entered in column 16 of the payment side of the cash-book and shall also be entered on the receipt side against the head "Guaranteed subscription paid to Union Board," a corresponding deduction being made under the head "Receipts."

**General.**

Annual report by Civil Surgeon

18. The Civil Surgeon shall furnish an annual report of the working of the dispensaries in his district to the Surgeon-General in B. C M. D. Form No. 50 and annual returns in accordance with B. C. M. D. Forms Nos. 18, 19, 20, 21 and 22.

19. The Union Board or the Managing Committee of every dispensary shall cause to be kept at the such dispensary—

Record of work and of accounts to be kept by Managing Committee

(*a*) a record of the work done, showing day by day the number of patients treated, the affections for which they were treated, and, in important cases, some account of the symptoms, the treatment, progress, and the result,

(*b*) a record of the accounts of the dispensary.

These shall be written up daily by the medical officer in charge, and shall be open at all times to the inspection of inspecting officers.

The medical officer shall write up all other books and records prescribed under these rules.

20. A visitors' book shall be kept in every dispensary in which will be recorded the remarks of visitors.

Visitors' book

21. The medical officer in charge of a dispensary is responsible for the proper treatment of the sick, and this duty shall not on any account be delegated to a subordinate: he is also responsible for all matters connected with the comfort and well-being of the patients and for the proper working of the dispensary establishment.

Responsibilities of Medical Officer

22. The Union Board or the Managing Committee shall prescribe the hours of attendance (which shall not be less than four hours in the morning and two hours in the afternoon) within which the medical officer shall be present at the dispensary. He shall also give attention to urgent cases at the other hours.

Hours of attendance.

The hours of attendance shall be clearly stated in a notice posted in some conspicuous part of the dispensary.

23. Any person attending at a charitable dispensary is ordinarily entitled to receive advice and medicine free of charge, provided that the Union Board or the Managing Committee may, with the sanction of the District Board and the approval of the Government, prescribe a scale of fees for attendance or medicines where the levy of such fees is not likely to cause hardship.

Advice and medicine to be free.

24. No medicines shall be issued from the dispensary stock to any one who does not receive treatment at the dispensary as an out-door patient.

Issue of medicines.

25. The medical officer in charge of a dispensary has the privilege of engaging in private practice, provided it does not interfere with his attendance at the dispensary during the hours prescribed in rule 22, or in any other way with his dispensary work.

Private practice

26. No Medical Officer in charge of a dispensary, or any compounder, dresser or other servant of such institution, shall have any interest in a private dispensary or druggist's shop. In places where there is no approved druggist's shop or private dispensary, a medical officer may, with the consent of the Civil Surgeon and the Union Board or the Managing Committee, keep a private supply of medicine for the use of his private patients.

Prohibition of interest in private dispensary or druggist's shop

27. Poisons shall be stocked in special bottles clearly labelled as such and kept under separate lock and key which should remain in the custody of the medical officer in charge of the dispensary; the doses in which these drugs are usually administered internally shall be legibly written on a conspicuous label. A list of poisons shall be hung up in the almirah specially reserved for the custody of such drugs.

Poisons

28. No building for the accommodation of a dispensary shall be constructed, and no extension of such building involving an alteration of the structural design shall be made, until the plan of such building or extension has been approved by the Surgeon-General. An extension or alteration involving no change of design shall be approved by the Civil Surgeon.

Sanction necessary for construction, extension or alteration of a dispensary

Appointment and discharge of menial servants

29. Menial servants may be appointed or discharged by the medical officer, subject to the approval of the Managing Committee or the Union Board. Compounders, if necessary, may be appointed by the Union Board or the Managing Committee.

Prohibition of private employment of dispensary servants

30. Whole-time dispensary servants shall not be employed in the private service of the medical officer, or of the members of the Union Board or the Managing Committe.

**Books and Forms.**

Books and forms to be kept up by the Medical Officer

31. The following books and forms shall be kept up by the medical officer at the dispensaries brought under these rules:—

(1) Register of out-patients (B. C. M. D. Form 2).

(2) Ticket for out-door patients (B. C. M. D. Form 10).

(3) Monthly bill in detail of establishment and contingencies. These are to be prepared by the medical officer in charge, and sent for examination, countersignature, and payment to the Union Board or the Managing Committee. In all cases in which there is expenditure for establishment or any other charge to be paid by the Government, the bills of such expenditure shall be kept separate from the private accounts of the charity.

(4) A bill-book for copies of all the dispensary bills (blank book).

(5) A daily account or cash-book showing actual receipts and expenditure in detail (blank books). This shall be kept by the medical officer, and the account totalled up at the end of each month.

(6) A stock ledger of medicines (B. C. M. D. Form 47).

(7) Annual indent for forms (B. C. M. D. Form 16).

(8) A visitors' book. For this a simple blank book will suffice.

(9) A blank book for copies of all letters and circulars received, of which the originals cannot be retained.

(10) A blank book for copying all letters despatched.

(11) A book-cover for filing all circulars and other letters.

Books and forms to be kept up by the Managing Committee

32. The following books and forms shall be kept up by the Managing Committee of a dispensary:—

(1) An Imprest Register for the dispensary (B. C. M. D. Form 60).

(2) A cash-book of the Dispensary Fund (B. C. M. D. Form 8) to be kept by the Managing Committee.

(3) A subscription register for dispensary (B. C. M. D. Form 6).

(4) Receipt (counterfoil book) for subscriptions (B. C. M. D. Form 4).

(5) A dispensary property book (blank book).

(6) A Committee book for recording the proceedings of each meeting of the managing body (blank book).

Reports and returns

33. The following reports and returns shall be submitted by the Civil Surgeon to the Surgeon-General:—

(1) Inspection report of a Union Board dispensary (B. C. M. D. Form 29).

(2) Annual report on the working of a Union Board dispensary (B. C. M. D. Form 50).

### NOTIFICATION.

PUBLIC.

*Simla, the 2nd August 1922.*

*No. F.-985.*—The following regulations are published for general information :—

### British Nationality and Status of Aliens (India) Regulations.

In the exercise of the powers conferred on me by the British Nationality and Status of Aliens Act, 1914, and all other powers enabling me in that behalf, I, the Right Honourable Viscount Peel, One of His Majesty's Principal Secretaries of State, hereby make the following Regulations :—

1.—The following amendments shall be made in the British Nationality and Status of Aliens (India) Regulations :—

(1) The words "where known" shall be omitted from the fourth line of the *Particulars* appended to the forms of Certificates prescribed in Regulations 1 to 4.

(2) The words "married, single, widower, or widow" shall be substituted for the words "married, single, or widower [widow]" in the sixth line and the words "or husband" shall be inserted after the word "wife" in the seventh line of the *Particulars* appended to the forms of Certificates prescribed in Regulations 1, 2 and 4.

(3) The words "dates of birth" shall be substituted for the word "ages" in the fourth paragraph of the form of Certificate (B) prescribed in Regulation 1.

(4) The word "Nationality" shall be omitted from the fifth line of the *Particulars* appended to the form of Certificate prescribed in Regulation 2.

(5) The words "being an alien" shall be omitted from the first paragraph of the form of Certificate prescribed in Regulation 4, and the words "and place" shall be omitted from the last line of the same form.

2. The following Regulation shall be substituted for Regulation 11 of the said Regulations :—

The oath of allegiance shall be taken within one calendar month after the date of the certificate of naturalization to which it relates or within such extended time as the Governor General of India in Council may direct, and if the oath is not so taken the certificate shall not take effect.

3. The following alterations shall be made in the numerical order of the said Regulations :—

Regulation 9 shall be cited as Regulation 11.
Regulation 10 shall be cited as Regulation 9.
Regulation 11 shall be cited as Regulation 10.

4. Copies of the British Nationality and Status of Aliens (India) Regulations printed after the date of these Regulations may be printed with the omission, substitution and insertion, respectively, of the words which by these Regulations are directed, repectively, to be omitted, substituted and inserted, and with the alterations in the numerical order of the said Regulations prescribed by paragraph 3 above.

5. These Regulations may be cited as the British Nationality and Status of Aliens (India) Regulations, 1922; and the British Nationality and Status of Aliens (India) Regulations as amended by these Regulations may be cited as the British Nationality and Status of Aliens (India) Regulations.

### ELECTRICITY.

*Simla, the 31st July 1922.*

*No. A.-73.*—In exercise of the powers conferred by section 37 of the Indian Electricity Act, 1910 (IX of 1910), and in supersession of the Indian Electricity Rules, 1911, the Governor General in Council is pleased to make the following rules applicable to the whole of British India, to regulate the generation, transmission, supply, and use of energy, and generally to carry out the purposes and objects of the said Act.

## RULES.

## CHAPTER I.

### PRELIMINARY.

1. These rules may be called the Indian Electricity Rules, 1922.

Definitions.

2. In these rules, unless there is anything repugnant in the subject or context,—

(*a*) "the Act" means the Indian Electricity Act, 1910: IX of 1910.

(*b*) "ampere" means a unit of electric current, and is the unvarying electric current which, when passed through a solution of nitrate of silver in water, in accordance with the specification set out in Annexure I to these rules, deposits silver at the rate of 0·001118 of a gramme per second;

such aforesaid unit is represented by the current which is passing in and through the coils of wire forming part of the instrument marked "Government of India Ampere Standard verified" when the suspended coil in its sighted position is exactly balanced by the force exerted by gravity in Calcutta on the iridio-platinum weight marked "A" forming part of the said instrument;

(*c*) "apparatus" means electrical apparatus, and includes all apparatus, machines, and fittings in which conductors are used, or of which they form a part;

(*d*) "authorised person" means a person authorised in writing by a licensee, a consumer or an owner, or by the owner, agent or manager of a mine, or by the agent of any company operating in an oil-field or by the owner of a drilled well in an oil-field or by a contractor for the time being under contract with a licensee, a consumer or an owner to carry out duties incidental to the generation, transformation, distribution or use of energy such person being competent for the purposes of the rule in which the term is used;

(*e*) "bare" means not covered with insulating material;

(*f*) "circuit" means an electrical circuit forming a system or branch of a system;

(*g*) "concentric system" means a system in which a conductor, called the inner conductor, is insulated and in which the circuit is completed through one or more conductors, called the outer conductors, which are insulated from one another and are disposed over the insulation of, and more or less completely round, the inner conductor;

(*h*) "conductor" means an electrical conductor arranged to be electrically connected to a system;

(*i*) "covered with insulating material" means adequately covered with insulating material of such quality and thickness that there is no danger;

(*j*) "cut-out" means any appliance for automatically interrupting the transmission of energy through any conductor when the current rises above a predetermined amount;

(*k*) "danger" means danger to health or danger to life or limb from shock, burn, or other injury to persons, or from fire or explosion, attendant upon the generation, transformation, distribution, or use of energy;

(*l*) "dead" means at, or about, earth potential, and disconnected from any live system: provided that apparatus separated from a live conductor by a spark gap shall not be considered dead;

(*m*) "distributing licensee" means a licensee who obtains from another licensee a supply of energy in bulk for distribution;

(*n*) "earthed" or "connected with earth" means connected with the general mass of earth in such manner as to ensure at all times an immediate discharge of energy without danger;

(*o*) "earthing system" means an electrical system in which all the conductors are earthed;

(*p*) "Electric Inspector" means an Inspector appointed under section 36 of the Act;

(*q*) "electrician" means a person appointed in writing by the lessee or owner, agent or manager of electrical plant or apparatus for the purpose of supervising the same, such person being over 21 years of age and competent for the purposes of the rules in which the term is used;

(*r*) "Inspector of Mines" means an Inspector appointed under the Indian Mines Act, 1901;

(*s*) "live" means electrically charged;

(*t*) "metallic covering" means iron or steel armouring, with or without a lead or other metallic sheath as the conditions of the case may require, or an iron or steel pipe surrounding one or more conductors;

(*u*) a meter of a type included in the specification herein referred to shall be deemed to be "correct" within the meaning of section 26 of the Act when its limits of error as certified by an Electric Inspector do not exceed those laid down in the "British Standard Specification for Electricity Meters: No. 37" dated 1919, and when it cannot register at no load; and any meter, maximum demand indicator or other apparatus for which there is for the time being no British Standard Specification shall be deemed to be "correct" within the meaning of section 26 of the Act when its limit of error, as certified by an Electric Inspector, does not exceed 3 per cent. above or below absolute accuracy at all loads in excess of one-tenth of full load and up to full load and when it cannot register at no load;

(*v*) "ohm" means a unit of electric resistance, and is the resistance offered to an unvarying electric current by a column of mercury at the temperature of melting ice 14·4521 grammes in mass of a constant cross sectional area and of a length of 106·3 centimetres;

such aforesaid unit is represented by the resistance between the terminals of the instrument marked "Government of India Ohm Standard verified" to the passage of an unvarying electric current when the coil of wire forming part of the aforesaid instrument and connected to the aforesaid terminals is in all parts at a temperature of 30°C.;

(*w*) "open sparking" means sparking which owing to the lack of adequate provisions for preventing the ignition of inflammable gas external to the apparatus would ignite such inflammable gas;

(*x*) "owner" means a person (other than a licensee) generating, supplying, transmitting or using energy to whom any of the provisions of Part III of the Act apply;

(*y*) "owner", "agent" or "manager" of a mine are as defined in sections 3 (*e*), 3 (*a*) and 13 (*l*), respectively, of the Indian Mines Act, 1901; VIII of 1901.

(*z*) "pressure" means the difference of electric potential measured in volts between any two conductors, or between any part of either conductor and the earth as read by a hot-wire or electrostatic voltmeter, and is said to be—

(*i*) "low" where, under ordinary working conditions, it does not exceed 250 volts by an amount greater than five per cent. of the normal pressure where the energy is used;

(*ii*) "medium" where, under ordinary working conditions, it may exceed 250 volts, but does not exceed 650 volts by an amount greater than five per cent. of the normal pressure where the energy is used;

(*iii*) "high" where, under ordinary working conditions, it may exceed 650 volts;

(*aa*) "switchgear" means switches, cut-outs or fuses, conductors, and other apparatus in connection therewith, used for the purpose of controlling the current or pressure in any system or part of a system;

(*bb*) "system" means an electrical system in which all the conductors and apparatus are electrically connected to a common source of pressure;

(*cc*) "use" of energy means the conversion of electrical energy into mechanical or chemical energy, heat, or light for the purpose of providing mechanical energy, electrolysis, heat, or light;

(*dd*) "volt" means a unit of electro-motive force, and is the electric pressure which, when steadily applied to a conductor whose resistance is one ohm, will produce a current of one ampere; and

(*ee*) "watt" means a unit of power, and is the energy expended per second by an unvarying electric current of one ampere under an electric pressure of one volt.

## CHAPTER II.

### ELECTRIC INSPECTORS.

Qualifications of Electric Inspector

3. No person shall be appointed an Electric Inspector unless—

(*a*) he has had at least five years' practical experience in an electrical or mechanical engineering workshop or electric power station; and

(*b*) after acquiring such experience, he has been regularly engaged for a period of not less than five years in the practice of electrical engineering:

Provided that the Governor General in Council or the Local Government, as the case may be, may appoint any person not so qualified, if in his or its opinion such person is otherwise fully qualified to exercise the powers and perform the functions of an Electric Inspector.

Entry and inspection

4. (*1*) Any Electric Inspector or any officer appointed to assist an Electric Inspector may enter, inspect and examine any place, carriage or vessel in which he has reason to believe any appliance or apparatus used in the generation, transmission, supply or use of energy to be, and may carry out tests thereon.

(*2*) Every licensee and owner shall afford at all times all reasonable facilities to any such Inspector or officer to make such examinations and tests as may be necessary to satisfy himself as to the due observance of the Act, the licence (if any) and these rules.

(*3*) The licensee shall provide means for carrying out all tests prescribed by or under the Act of the appliances or apparatus used for the supply of energy by him.

(4) An Electric Inspector may serve an order in the form set out in Annexure VIII to these rules, upon any licensee or owner, calling upon him to comply with any specified rule, and the person so served shall thereupon comply with the order within the period named therein.

Amount of fees

5. (1) The fees set out in Annexure II to these rules shall be payable in respect of the services therein mentioned, where the tests are carried out by comparison with the Government of India Standards referred to in rule 2.

(2) The Governor General in Council or the Local Government, as the case may be, may levy such fees for testing and inspection and generally for the services of Electric Inspectors under the Act as he or it may from time to time, by general or special order, direct; and may, if he or it thinks fit, remit any fee or any portion thereof.

Incidence of fees

6. Where an Electric Inspector is called in to decide any difference or dispute, and where a fee for such service is recoverable, the Electric Inspector shall decide by whom such fee shall be payable.

Submission of records

7. An Electric Inspector may require a licensee and a licensee may require an Electric Inspector to submit to such Inspector or licensee for examination any records of tests made in connection with the licensee's works by the licensee or the Inspector; and the licensee or Inspector shall comply with such requisition.

List of consumers

8. An Electric Inspector may require a licensee to submit to him a list of all consumers supplied with energy by him at a pressure exceeding low pressure and of the addresses at which such energy is supplied; and the licensee shall comply with such requisition.

## CHAPTER III.

### LICENCES.

*Application for licences.*

Applications for licence

9. Every application for a licence shall be signed by, or on behalf of, the applicant and addressed to such officer as the Local Government may designate in this behalf and it shall be accompanied by—

(a) six copies in print, of the draft licence as proposed by the applicant; the name and address of the applicant and of his agent (if any) being printed on the outside of the draft;

(b) one copy, signed by the applicant, of a map of the proposed area of supply, on a scale—

(i) of not less than six inches to a mile, or

(ii) if no such map is available, not less than that of the largest scale ordnance map available, or

(iii) on such scale as may be approved by the Local Government, so marked or coloured as to define any portion of such area which is under the administration of any local authority;

(c) a list of any local authorities invested with the administration of any portion of the area of supply;

(d) an approximate statement describing any lands which the applicant proposes to acquire for the purpose of the licence under the provisions of the Land Acquisition Act, 1894;

(e) an approximate statement of the capital proposed to be expended in connection with the undertaking;

(f) if the applicant is a company registered under any of the enactments relating to companies for the time being in force in the United Kingdom, or in any of the Colonies or Dependencies thereof, or in British India, or incorporated by an Act of Parliament or of the Governor General in Council or by Royal Charter or Letters Patent, a copy of the Memorandum and Articles of Association; and

(g) a treasury receipt for a fee of five hundred rupees paid into a Government treasury in the province concerned unless such fee is remitted, wholly or in part, by general or special order of the Local Government.

Copies of map and draft licence for public inspection

10. The applicant shall deposit at his own office or at that of his agents, and at the office of every local authority invested with the administration of any portion of the proposed area of supply—

(*a*) a copy of the map referred to in clause (*b*) of rule 9 for public inspection ; and

(*b*) a sufficient number of copies of the draft licence to be furnished to all persons applying for them at a price not exceeding one rupee per copy.

Contents of draft licence.

11. The draft licence shall contain the following particulars, namely :—

(*a*) short title descriptive of the proposed undertaking, together with the address and description of the applicant, or, in the case of a firm, the names of all the individual members of the firm ;

(*b*) a statement of the boundaries of the proposed area of supply ;

(*c*) if the generating station is situated, or to be situated, outside the area of supply or if any intervening area, not included in the area of supply, is to be crossed, a list of the streets along or across which electric supply lines are to be laid down or placed ;

(*d*) the proposed conditions of supply, including maximum prices, nature and amount of supply (if limited) and the like ;

(*e*) a list of streets (if any) not repairable by the Government or by a local authority and of railways and tramways (if any) the soil or pavement of which the applicant seeks powers to open, break up or interfere with, and the names of the persons by whom such streets are repairable, or who are for the time being entitled to work such railway or tramway ;

(*f*) the proposed periods after which the right to purchase is to take effect ;

(*g*) a statement of any special terms of purchase or orders proposed to be made under section 10 of the Act ; and

(*h*) any proposed modification of the Schedule to be made under clause (*f*) of sub-section (*2*) of section 3 of the Act.

Form of draft licence.

12. The form of draft licence set forth in Annexure III to these rules may, with such variation as the circumstances of each case require, be used for the purposes of rule 9, and, if used, shall be sufficient.

Advertisement of application and contents thereof.

13. (*1*) The applicant shall, within fourteen days from the submission of the application under rule 9, publish notice of his application by public advertisement, and such advertisement shall consist of—

(*a*) the draft licence ;

(*b*) the address of the offices at which, under rule 10, copies of the map therein referred to may be inspected and copies of the draft licence obtained.

(*2*) The advertisement shall be headed by a short title corresponding with that at the head of the draft licence, and shall state that every local authority, company or person, desirous of making any representation with reference to the application to the Local Government, may do so by letter addressed to such officer as the Local Government may designate in this behalf, within three months of the date of issue of the newspaper containing the first advertisement.

(*3*) The advertisement shall be inserted by the applicant in at least three successive issues of the same newspaper published or circulatad in the proposed area of supply or in such newspaper as the Local Government may approve.

(*4*) The applicant shall send a copy of each of the three successive issues of the newspaper containing the advertisement to such officer as the Local Government may designate in this behalf as soon as the third issue appears, and the Local Government shall publish the advertisement once at least in the local official Gazette within one month from the date of the first advertisement published under sub-rule (*3*) of rule 13.

*Objections to licence.*

Amendment of draft licence.

14. Where any person desires to have any amendment made in the draft licence, he shall deliver a statement of the same to the applicant, and also to such officer as the Local Government may designate in this behalf within the time allowed under sub-rule (*2*) of rule 13 for the submission of representations referring to the application.

Local inquiries

15. Where any person locally interested objects to the grant of a licence applied for under the Act, the Local Government shall, if either the applicant or the objector so desires, cause a local inquiry to be held, of which due notice shall be given to both applicant and objector:

Provided that the Local Government may refuse such an inquiry if, in its opinion, the objection is of a trifling or vexatious nature.

*Grant of licence.*

Grant of licence

16. If and when the Local Government has approved of a draft licence, either in its original form or in a modified form, such officer as the Local Government may designate in this behalf shall inform the applicant of such approval and of the form in which it is proposed to grant the licence.

Notification of grant of licence

17. If the applicant is willing to accept the licence in the form proposed by the Local Government, the Local Government shall, on receipt of an intimation in writing of such acceptance, publish the licence in the local official Gazette, and notify that it has been granted.

Date of commencement of licence.

18. The date of a notification under rule 17 shall be deemed to be the date of commencement of a licence.

Deposit of map

19. When a licence has been granted, a map, showing, as regards such licence, the particulars stated in clause (*b*) of rule 9 shall be signed and dated to correspond with the date of the notification of the grant of the licence, by such officer as the Local Government may designate in this behalf and retained by him as the deposited map.

Deposit of printed copies

20. When a licence has been granted, the licensee shall, within thirty days, deposit printed copies of the licence together with copies of the map for public inspection at his own office and at that of his agents (if any) and at the office of every local authority within the area of supply and shall furnish printed copies of the licence to all persons applying for the same at a price not exceeding one rupee per copy.

*Orders supplementing or amending licences.*

Application for written consent of Local Government in certain cases.

21. Where a licensee desires the written consent of the Local Government under sub-section (*5*) of section 12 of the Act to enable him to open or break up the soil or pavement of any street not repairable by the Government or a local authority, or any railway or tramway, application for such consent shall be made in writing to such officer as the Local Government may designate in this behalf, and shall describe accurately the street, railway, or tramway which the applicant seeks power to open or break up, and the names of the persons by whom such street is repairable, or who are for the time being entitled to work such railway or tramway, and the extent to which he proposes to open or break up the same.

Amendment of licences.

22. (*1*) No alterations or amendments in the terms and conditions of any licence shall be made under clause (*b*) of sub-section (*3*) of section 4 of the Act, until they have been published by the applicant and by the Local Government: and the provisions of sub-rules (*2*), (*3*) and (*4*) of rule 13 shall apply to such publication.

(*2*) If any such alteration or amendment as is referred to in sub-rule (*1*) of rule 22 is made, it shall be notified by the Local Government in the local official Gazette.

## CHAPTER IV.

### CONDITIONS OF SUPPLY BY LICENSEE.

Precautions against leakage before connection

23. (*1*) A licensee shall not connect the conductors and fittings on a consumer's premises with his works unless he is reasonably satisfied that the connection will not, at the time of making the connection, cause a leakage from those conductors and fittings exceeding one five-thousandth part of the maximum supply demanded on the consumer's premises.

(*2*) Where a licensee declines to make a connection, in accordance with sub-rule (*1*), he shall serve upon the consumer a notice stating his reason for so declining.

Leakage on consumer's premises

24. (*1*) If at any time a licensee has reasons to believe that a leakage, likely injuriously to affect the use of energy by the licensee or by other persons, exists in the premises of a consumer, then the licensee may give the consumer reasonable notice in writing, that he desires to inspect and test such wires and fittings belonging to the consumer as form part of the circuit.

(*2*) If the consumer does not give all reasonable facilities for inspection and testing, or if a leakage from the consumer's conductors exceeding one five-thousandth part of the maximum supply demanded on the premises is discovered, the licensee may forthwith discontinue the supply of energy to the premises in question, giving immediate notice of the discontinuance to the consumer, and need not recommence the supply until the cause of the leakage has been removed.

Appeal to Electric Inspector in regard to leakage.

25. (*1*) Where a consumer is dissatisfied with the action of a licensee under rule 23 or rule 24 in refusing or in discontinuing, or in not recommencing the supply of energy to his premises, the conductors and fittings of such consumer shall, on his application and on payment of the prescribed fee, be tested for the existence of leakage by an Electric Inspector or other officer appointed to assist an Electric Inspector.

(*2*) Any such test as is referred to in sub-rule (*1*) shall be carried out within forty-eight hours of the application to make the same or of the payment of the prescribed fee, whichever is later.

(*3*) If the Electric Inspector or other officer, as aforesaid, on testing finds that the leakage from the consumer's conductors is less than one five-thousandth part of the maximum supply demanded on the premises, the Electric Inspector shall notify the licensee, and the licensee shall, within twenty-four hours, commence or continue the supply of energy :

Provided that in this case the licensee shall refund the amount of the prescribed fee to the consumer.

(*4*) This rule shall be endorsed on every notice given under the provisions of rule 23 or rule 24.

Declared pressure of supply to consumers.

26. Before commencing to supply energy to a consumer, a licensee shall declare to the consumer the pressure at which he undertakes to give the supply ; and the pressure shall not, without the written consent of the consumer or the previous sanction of the Local Government, vary therefrom by more than 5 per cent. in the case of low or medium pressure, or by more than 12½ per cent. in the case of high pressure.

Declared frequency of supply to consumers.

27. Before commencing to supply energy to a consumer by means of an alternating current, a licensee shall declare to the consumer the frequency at which he undertakes to give the supply ; and the frequency shall not, without the written consent of the consumer or the previous sanction of the Local Government, vary therefrom by more than 4 per cent.

Examination of licensee's records by consumer.

28. A consumer may, after giving not less than twenty-four hours' notice to the licensee, enter any testing station established by the licensee, in accordance with clause XIII of the Schedule to the Act, and may examine the records of the tests made therein ; and he may also take copies of or extracts from such records on payment to the licensee of a sum of one rupee for every such examination of a record covering a period of twenty-four hours or any part of twenty-four hours.

Sealing of meters.

29. A licensee may affix a seal to any meter, maximum-demand indicator, or other apparatus [placed upon a consumer's premises in accordance with section 26 of the Act, and to any cut-out placed upon a consumer's premises in accordance with rule 38, and no person shall break such seal without giving the licensee, and where the meter is the property of the consumer, the consumer also, not less than forty-eight hours' notice in writing

Sale of plans

30. Copies of plans or sections such as are referred to in clause XVI of the Schedule to the Act shall be supplied by the licensee to every applicant at a price not exceeding one rupee per square foot.

Point of commencement of supply

31. The point at which the supply of energy by a licensee to a consumer shall be deemed to commence shall—

(*a*) where the amount of energy supplied to a consumer or the electrical quantity contained in the supply is ascertained by meter, be in respect of a conductor from the service-line which passes through the meter, the point at which such conductor enters the meter, and in respect of a conductor from the service-line which does not pass through the meter, the point on such conductor nearest to the meter;

(*b*) where the amount of energy supplied to a consumer or the electrical quantity contained in the supply is not ascertained by meter, be the point at which the cut-out is inserted in the service-line by the licensee in accordance with rule 38.

*Accounts and forms.*

Preparation and submission of accounts

32. (*1*) Every licensee, unless exempted in accordance with section 11 of the Act, shall cause the accounts of his undertaking to be made up to the thirty-first day of December or the thirty-first day of March, at the option of such licensee, or to such other date as the Local Government may approve.

(*2*) Such licensee shall prepare and render an annual statement of his accounts in accordance with the provisions of the said section within a period of six months from such date as aforesaid, or such extended period as the Local Government may authorize after it is satisfied that the time allowed is insufficient owing to any cause not within the control of the licensee.

(*3*) The accounts shall be made up as far as circumstances permit in one or other of the prescribed forms set out in Annexures IV and V to these rules according as the licensee is or is not a local authority and may, at the option of the licensee, be rendered either in British Indian or in British sterling currency:

Provided that the Local Government may, by special or general order, direct that the accounts of any undertaking shall be made up in any form it may direct in such order.

Forms of certain requisitions

33. Requisitions under sub-clause (*4*) of clause V or sub-clause (*5*) of clause VI, as the case may be, of the Schedule to the Act shall be made in the form set out in Annexure VI or Annexure VII to these rules.

## CHAPTER V.

## PRECAUTIONS FOR THE SAFETY OF THE PUBLIC.

*General.*

Application of Chapter

34. The rules in this Chapter shall, unless there is anything repugnant in the subject or context, apply to every licensee and to every owner.

Dealing with electric shock

35. Instructions, both in English and in the vernacular of the district, for the restoration of persons suffering from electric shock, shall be affixed in a conspicuous place in every generating station and sub-station and copies shall be obtainable from every Electric Inspector at a price to be fixed by the Local Government.

*Precautions to be adopted by licensee.*

Protection from lightning.

36. A licensee shall adopt efficient means for protecting any portion of an electric supply-line or any support, guard-wire or bearer-wire of an electric supply-line which is exposed in such a position as to be liable to injury from lightning.

Responsibility of licensee for his work on consumer's premises.

37. A licensee shall be responsible that all electric supply-lines, fittings and apparatus belonging to him, or under his control, which may be on a consumer's premises, are maintained in a safe condition, and shall take all due precautions to avoid risk of causing fire on such premises by reason of his electric supply-lines, fittings or apparatus or any defect therein.

Cut-out on consumer's premises.

38. A licensee shall insert a suitable cut-out in each service-line (other than an earthed neutral conductor or the earthed external conductor of a concentric cable) within a consumer's premises, in an accessible position as close as possible to the point of entry. Such cut-out shall be contained within an adequately enclosed fire-proof receptacle:

Provided that, where more than one consumer is supplied through a common service-line, each individual consumer (if he so requires) shall be given an independent cut-out at the point of junction to the common service.

Service-line on consumer's premises.

39. The following provisions shall apply to service-lines and any apparatus in connection therewith on a consumer's premises, viz.:—

(*1*) All such lines, being underground lines, and all apparatus in connection therewith placed by a licensee shall be so insulated and protected as to be secure under all ordinary conditions against electrical, mechanical, chemical, or other injury to the insulation, and against access of moisture.

(*2*) From the point where any service-line enters a building, or becomes accessible without the aid of a ladder or other special appliance, such line and all apparatus in connection therewith, shall be insulated and protected in the manner prescribed by sub-rule (*1*).

(*3*) Any metal forming part of the electric circuit of any such line shall not, unless connected with earth, be exposed so that it can be touched.

*Precautions to be adopted by owners.*

Precautions to be adopted by owners.

40. When an owner generates or uses energy—

(*1*) where bare conductors are used in a building, they shall be inaccessible without the aid of a ladder or other special appliance and shall have switches provided for rendering them dead whenever necessary;

(*2*) no repair of any part of any electrical apparatus shall be effected while the part is charged to a pressure exceeding low pressure, except by an authorised person;

(*3*) the supply of energy to every vehicle, travelling crane or the like shall be efficiently controlled by a suitable switch, so that by its means all pressure can be cut off from all apparatus concerned and from any device in connection therewith;

(*4*) trailing cables for portable motors shall be specially flexible, heavily insulated and protected from mechanical injury; where the protection is by means of metallic covering, the covering shall be in metallic connection with the frame of the motor.

*Electric supply-lines and apparatus.*

Maintenance.

41. Every electric supply-line shall be maintained in a safe condition, as regards both electrical and mechanical conditions, by the person to whom the same belongs.

Accidental charge.

42. All circuits and apparatus shall be so arranged by the person to whom the same belong that there shall be no danger of any part thereof becoming accidentally charged to any pressure beyond the limits of pressure for which it is intended.

Crossing metallic substances.

43. Where an electric supply-line crosses, or is in proximity to, any metallic substance, such precautions as an Electric Inspector may approve shall be taken by the licensee or the owner, as the case may be, against the possibility of the metallic substance becoming charged:

Provided that, where the electric supply-line was laid or erected previous to such metallic substance, the cost incurred in taking such precautions shall be refunded to the licensee or owner, as the case may be by the person to whom the metallic substance belongs.

Cut-out

44. Every electric supply-line (other than the earthed neutral conductor of any system or the earthed external conductor of a concentric cable) shall be protected, by the person to whom the same belongs, by a suitable cut-out.

Metal casings

45. All metal casings or metallic coverings containing or protecting any electric supply-line or apparatus shall be connected with earth, by the person to whom the same belong, and shall be so joined and connected across all junction-boxes and other openings as to make good mechanical and electrical connection throughout their whole length:

Provided that this rule shall not apply to isolated wall tubes or to brackets, electroliers, standards, switch or fan regulator covers or other fittings (other than portable hand lamps in factories) where the supply is of low pressure.

Connection with earth of frames of generators, etc

46. The frame of every generator, stationary motor, and, so far as is practicable, portable motor, and the metallic parts (not intended as conductors) of all transformers and regulating or controlling apparatus connected with the supply, shall be connected with earth by two separate and distinct connections with earth.

Junction-boxes

47. The covers or doors of all junction-boxes or pillars in any street shall be so secured that they cannot be opened except by means of a special appliance

Connection with earth of a multi-wire system

48. In every distributing system in which their is a neutral conductor, where the pressure between the neutral conductor and an outer or phase conductor exceeds 125 volts, the neutral conductor shall be connected with earth by two separate and distinct connections with earth from the neutral bus-bar and in accordance with the following provisions, namely:—

(*a*) the connection with earth of the neutral conductor shall be made at one point only on each distinct system, namely, at the generating station or sub-station, or both, as the case may be, and the insulation of the system shall be maitained at all other parts;

(*b*) the current from the neutral conductor to earth shall, in the case of a licensee's direct current-distributing system, be continuously recorded, and, if at any time it exceeds one-thousandth part of the maximum supply current, steps shall immediately be taken to improve the insulation of the system;

(*c*) the connection with earth referred to in clause (*a*) of rule 48 shall not be made by the aid of, nor shall it be in contact with any water-main,, gas-main or similar main not belonging to the licensee or owner, as the case may be, except with the consent of the owner thereof and of the Electric Inspector; a resistance, not exceeding 20 ohms, may be inserted between the neutral bus-bar and earth, and, if so inserted, it shall be of sufficient cross-sectional area to carry the current which would pass should an outer or phase conductor become accidentally connected with earth;

(*d*) the connection with earth shall not be removed except for the purpose of testing, in which case it shall be made good again as soon as such test is finished, and a record of any such disconnection shall be kept by the licensee or owner, as the case may be:

Provided that the earth connection shall not be removed, in a licensee's system, except between 1 A.M. and 3 A.M. or, in an owner's system, while the generator is in operation or energy is being used.

Connection with earth of polyphase system.

49. The neutral point of the star-winding of each distinct polyphase multi-wire system may be either connected with earth or insulated.

Connection with earth of concentric conductors.

50. When concentric conductors are used, the insulation shall be maintained throughout, except that the external conductor may be connected with earth at one point:

Provided that where energy is generated by an owner for use on his own premises a concentric conductor, the external conductor of which is uninsulated and earthed, may be used.

*Medium or high pressure.*

Supply at medium or high pressure.

51. Where energy is to be supplied or used at medium or high pressure, notice shall be given to an Electric Inspector and the supply shall not be commenced, or continued, until or unless the following provisions have been or are complied with, namely:—

(*a*) all live parts of apparatus shall, unless accessible only to, and under the control of, an authorised person, be protected by mechanically strong metal-casing or metallic covering securely fastened throughout;

(*b*) suitable linked switches, of requisite capacity to carry and break the current, shall be inserted in each conductor, near the point of origin on the consumer's or owner's premises, as the case may be;

(*c*) every conductor, unless only accessible to an authorised person, shall, be as far as is practicable, completely enclosed in a mechanically strong metal-casing or metallic covering, securely fastened throughout or fixed in such other manner as may be approved in writing by an Electric Inspector;

(*d*) the supply to every apparatus shall be efficiently controlled by suitable linked switches, of requisite capacity to carry and break the current, in each conductor, placed near the apparatus in such a position as to be readily handled by the operator, so that by their means all pressure can be cut off from the apparatus concerned and from any device in connection therewith;

(*e*) the word "CAUTION", both in English and in the vernacular, shall be affixed in a conspicuous position near every generator (being the property of an owner) and near every motor, and every controlling or regulating apparatus in connection with the same.

Introduction of multi-wire system to buildings.

52. Where the conductors of a multi-wire system, between any of which there is medium or high pressure, are brought into a building for utilization at low pressure, the supply shall be delivered to two or more pairs of terminals, and the wiring from those terminals shall be kept separate and distinct. If in any such case two or more switches, terminals or cut-outs, between any of which there is a difference of pressure exceeding 250 volts, are fitted within reach of one another, all their live parts shall be accessible only to authorised persons.

Main switchboard

53. Where the pressure is medium or high, there shall be, in front of every main switchboard, a space of not less than 3 feet in width, and, if there are any attachments or bare connections at the back of the switchboard, the space (if any) behind the switchboard shall be either less than 9 inches, or more than 30 inches in width, measured from the furthest outstanding part of any attachment or conductor. If the space behind exceeds 30 inches in width, there shall be a passage way clear to a height of not less than 6 feet, save as regards any horizontal supports of the switchboard, which may be placed at a height of not less than 4 feet 6 inches.

Distinction of circuits of different pressure.

54. In every generating station, sub-station, junction-box or pillar in which there are any circuits or apparatus, intended for medium as well as high pressure, the respective circuits shall be made readily distinguishable from one another.

*High pressure.*

Approval of high pressure supply.

55. (*1*) A high pressure supply shall not be delivered to any person, other than a distributing licensee except with the approval in writing of an Electric Inspector, and subject to such conditions (if any) as such Inspector may think reasonable and proper in the circumstances, and the installation shall not be brought into use until it has been inspected by an Electric Inspector or other officer appointed to assist an Electric Inspector.

(*2*) Where energy is to be used by an owner at high pressure, the installation shall not be brought into use except with the approval in writing of an Electric Inspector and subject to such conditions (if any) as he may think reasonable and proper in the circumstances.

(*3*) When the position of a high pressure motor or other apparatus is changed, notice shall forthwith be given to the Electric Inspector showing the extent and nature of the change of position.

Testing of insulation of high pressure circuit.

56. (*1*) A high pressure circuit, other than an aerial line, shall not be brought into use unless the insulation of every part thereof has withstood the continuous application, during one minute, in the case of every electric supply-line, machine, device or apparatus, of a pressure 100 per cent. greater than the maximum pressure to which it is intended to be subjected in use; and the licensee or owner, as the case may be, shall duly record the results of each test and shall forward the result to an Electric Inspector:

Provided, first, that the testing pressure shall in no case be less than 2,000 volts:

Provided, secondly, that an Electric Inspector may, if he thinks fit, accept the manufacturer's certified tests as complying with this rule:

Provided, thirdly, that, where the normal working pressure exceeds 6,600 volts, the testing pressure need not exceed the working pressure.

(*2*) A high pressure electric supply-line shall, during its use, continue in the sole charge of an authorised person.

High pressure electric supply-lines and apparatus placed above ground.

57. All high pressure apparatus, including every portion of any high pressure electric supply-line (other than an aërial line) placed above the surface of the ground, otherwise than in a sub-station, or in a compartment specially arranged for the purpose and accessible only to authorised persons, shall be completely enclosed in, or protected by, a mechanically strong metal-casing or metallic covering securely fastened throughout; and all circuits and apparatus in connection with the same shall be marked at frequent intervals with the word "CAUTION", both in English and in the vernacular.

*Aërial lines—all pressures.*

Minimum strength of conductors of aerial lines.

58. No conductor of an aërial line shall have a less breaking-stress than 700 lbs.:

Provided that, where the span is less than 50 feet and on an owner's premises, and the pressure does not exceed 250 volts, a conductor having a breaking-stress of not less than 300 lbs. may be used.

Maximum intervals between supports.

59. The conductors of an aërial line shall be attached to supports at intervals, not exceeding the safe limits based on the breaking-strain of the conductor and the factor of safety prescribed in rule 61:

Provided that, where such a line is erected in, over, along or across any street, the interval shall not, without the consent in writing of the Electric Inspector, exceed 220 feet.

Connection with earth of metal supports.

60. Every metal support of an aërial line placed in the ground, or in such a position as to be accessible without the use of a ladder or other special appliance, shall be connected with earth.

Factor of safety.

61. The factor of safety of an aërial line shall be—

(*i*) for wooden or ferro-concrete supports, at least four;

(*ii*) for iron or steel supports, at least three;

(*iii*) for guard-wires or bearer-wires, at least three;

(*iv*) for conductors, at least three;

under all conditions, the maximum wind pressure being specified by the Local Government in each case; for cylindrical bodies the effective area shall be taken as two-thirds of the sectional area exposed to wind pressure:

Provided that, in localities where aërial lines are liable to accumulations of ice or snow, the Local Government may, by order in writing, specify such factor of safety as it may think fit and the conditions under which it is to be calculated.

Height from ground and distance from buildings.

62. (*1*) No conductor of an aërial line (not being a trolley-wire or a traction-feeder on the same support as a trolley-wire) erected in, over, along or accross any street shall be at a less height from the ground than 20 feet.

(*2*) No such conductor shall be accessible, either from the ground or from any permanent structure, except by the aid of a ladder or other special appliance.

(*3*) Where permanent or temporary additions or alterations made in or upon any building or structure, subsequent to the erection of the aërial line, cause this rule to be infringed, the licensee or owner (as the case may be) shall so alter the said line as to comply with this rule, and may recover the reasonable cost of the work from the person responsible for making the said addition or alteration.

(*4*) Where an aërial line is on a consumer's or an owner's premises, the height from the ground or from any mineral or refuse dump, and from parts of buildings or structures to which persons have access shall (unless the conductors are adequately guarded) be not less than 15 feet or such greater height as may be necessary to prevent danger.

Safety device.

63. (*1*) Every aërial line (not being suspended from a dead bearer-wire and not being a trolley-wire) erected in, over, along or across any street or in any factory or mine shall be protected with a device approved by an Electric Inspector for rendering such line electrically harmless in case it breaks.

(*2*) Every such aërial line on a consumer's or an owner's premises shall, if the pressure exceeds the limits of low pressure, be similarly protected.

(*1*) Lines crossing or approaching each other.
(*2*) Lines crossing trolley-wires.
(*3*) Guard-wires
(*4*) Earthing devices.

64. (*1*) (*a*) Where an aërial line crosses or is in proximity to (*i*) any telegraph wire, or (*ii*) an aërial line belonging to some other person, the licensee or owner (as the case may be) shall ensure that his aërial line is so protected as to guard against the possibility of it coming into contact with the telegraph wire or other aërial line.

(*b*) Within twenty-one days of receiving notice that a new telegraph wire or aërial line is, or is about to be, erected in proximity to his aërial line, the licensee or owner (as the case may be) shall effect the protection referred to in clause (*a*).

(*c*) Where the licensee or owner (as the case may be) erects a new aërial line in proximity to any telegraph wire, or to any aërial line not belonging to him, he shall not bring the same into use until he has complied with clause (*a*).

(*d*) In all cases referred to in the preceding sub-rules the protection shall be carried out at the expense of the person whose line is last erected and to the satisfaction of the Electric Inspector.

(*e*) Where lines cross each other, the crossing shall be made in a direction as nearly at right angles as the nature of the case admits.

(*f*) All guarding arrangements should ordinarily be erected on the posts of the owners or licensees who shall, in that case, be responsible for their efficient maintenance.

(*g*) In the case of a crossing over a trolley-wire the guarding will be in accordance with the following conditions (*vide* also attached diagrams), namely :—

(*a*) Where there is only one trolley-wire two guard-wires shall be erected as in diagram A.

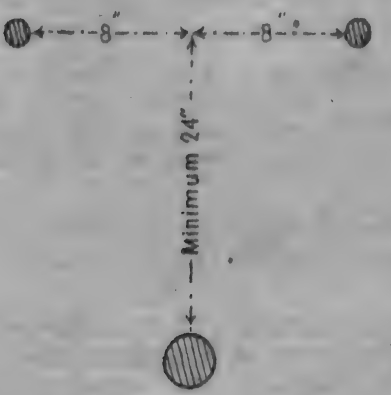

**Diagram A.**

(*b*) Where there are two trolley-wires and the distance between them does not exceed 15 inches, two guard-wires shall be erected as in diagram B.

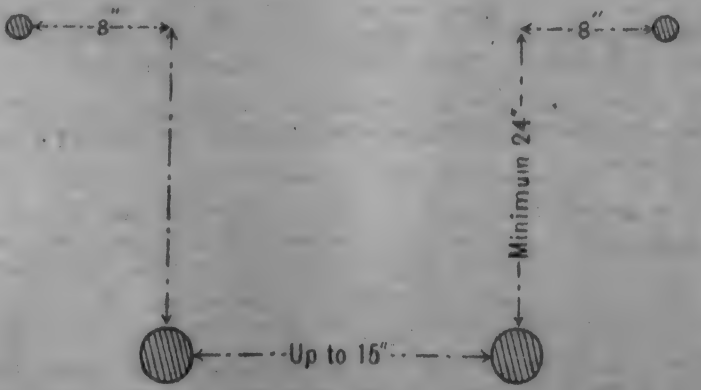

**Diagram B**

(*c*) Where there are two trolley-wires and distance between them exceeds 15 inches but does not exceed 48 inches, three guard-wires shall be erected as in diagram C.

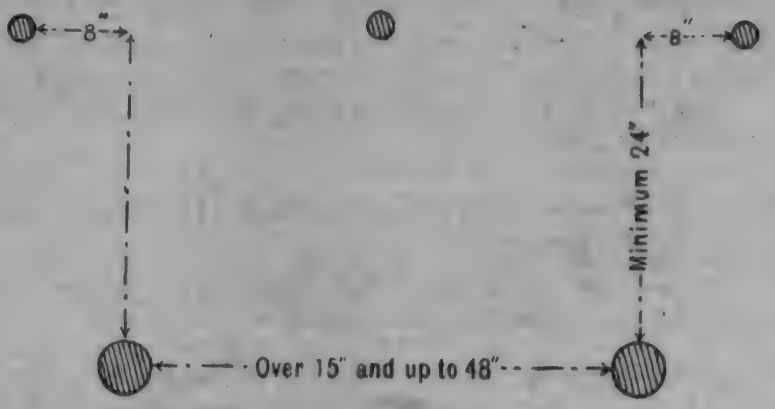

**Diagram C.**

(*d*) Where there are two trolley-wires and the distance between them exceeds 48 inches, each trolley-wire shall be separately guarded as in diagram D.

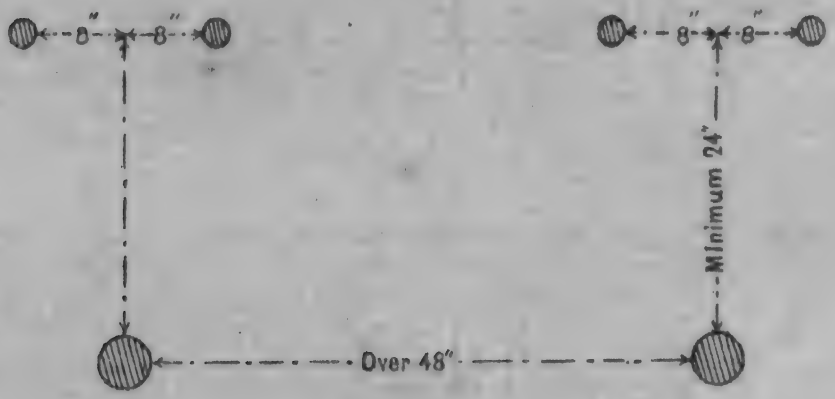

**Diagram D.**

(*e*) The rise of the trolley boom shall be so limited that, if the trolley leaves the trolley-wire, it shall not foul the guard-wires.

(*f*) Where a telegraph-wire is liable to fall or be blown down upon an arm, stay-wire or span-wire, and so slide down upon a trolley-wire, guard hooks shall be provided to prevent such sliding.

(*3*) Where guard-wires are used, they shall fulfil the following conditions, namely :—

(*a*) Every guard-wire shall be connected with the earth at each point at which its electrical continuity is broken and, in the case of electric traction-lines, shall also be connected, at intervals of not more than five spans, with the rails.

(*b*) Every guard-wire shall have a breaking-stress not less than 1,500 lbs , and shall, if made of iron or steel, be galvanised.

(*c*) Every guard-wire, or cross-connected system of guard-wires, shall have sufficient current-carrying capacity to ensure the rendering dead, till the contact has been removed, of any live wire coming into contact with it, without risk of fusing of the guard-wire or wires.

(*d*) Every guard-wire or system of guard-wires and its support shall have sufficient strength to carry without breaking the extra load which may be put on it by the fall of any or all the wires guarded.

(*4*) Alternative methods of guarding may be substituted with the approval of the Electric Inspector.

Service-lines from aërial lines.

65. No service-line or tapping shall be taken off an aërial line, otherwise than at a point of support.

High pressure aërial lines

66. High pressure aërial lines shall not be brought into use until they have been approved by an Electric Inspector, and where such lines are used, the licensee or owner, as the case may be, shall make arrangements so as to prevent any person from climbing up any of the supports without the aid of a ladder or special appliance.

Suspending of aërial lines

67. Every aërial line, if covered with insulating material, shall be efficiently suspended from a bearer-wire or bearer-wires, by means of insulating hangers at distances of not more than 3 feet apart; and every bearer-wire, if made of iron or of steel, shall be galvanised.

Unused aërial line to be removed.

68. Where an aërial line, erected in, over, along or across any street ceases to be used as an electric supply line, it shall be maintained in a safe mechanical condition in accordance with the provisions of rule 61 or, if so required by an Electric Inspector, be removed within a period of fourteen days from the date of such Inspector's requisition for removal.

*Electric traction.*

Additional rules for electric traction.

69. Rules 70 to 83 shall apply in the case of energy used for purposes of traction where the provisions of Part III of the Act apply in these rules, the conductor used for transmitting energy to a vehicle is referred to as the "line", and the other conductor as the "return".

Pressure of supply to vehicle.

70. Notwithstanding the provisions of rule 55, the pressure of supply on any trolley-wire or other conductor used in direct electrical and mechanical connection with any vehicle shall not be high, except with the written approval of the Local Government and subject to such conditions (if any) as the Local Government may think reasonable and proper in the circumstances.

Insulation of lines and returns.

71. Every line shall be insulated throughout and every return may be insulated throughout or may be uninsulated to the extent hereinafter provided.

Insulation of returns.

72. Where any rails on which cars run, or any conductors, laid between or within three feet of such rails, form any part of a return, such part may be uninsulated. All other returns or parts of a return shall be insulated, unless of such conductivity as to secure the conditions required by rule 74.

Uninsulted return to be negative.

73. (*1*) Where any part of a return is uninsulated, it shall be connected with the negative terminal of the generator.

(*2*) Where the owner's uninsulated return is in proximity to any metallic pipe, structure or substance not belonging to him, he shall, if so required by the person to whom such pipe, structure or substance belongs, connect his return therewith at the expense of such person.

Earth return current

74. (*1*) Where the return is partly or entirely uninsulated, the owner shall, in the construction and maintenance of his system, adopt such means for reducing the difference produced by the current between the potential of the uninsulted return at any one point and the potential of the uninsulated return at any other point as to ensure that the difference of potential between the uninsulated return and any metallic pipe, structure or substance in the vicinity shall not exceed four volts, where the return is relatively positive, or one and one-third volts, where the return is relatively negative.

(*2*) The person to whom any such pipe, structure, or substance as is referred to in sub-rule (*1*) belongs, may, in respect of the same, require the owner of the uninsulated return at reasonable times and intervals, to ascertain by test in his presence, or in that of his representative, whether the condition specified in the said sub-rule is secured ; and, if such condition as aforesaid is found to be secured, all reasonable expenses of and incidental to, the carrying out of the test shall be borne by the owner of the metallic pipe, structure or substance.

Difference of potential on return

75. Where the return is partly or entirely uninsulated, the owner shall keep a continuous record of the difference of potential, during the working of his system, between every junction of an insulated return with an uninsulated return and the point on the route most distant from that junction, and the difference of potential shall not, under normal running conditions, exceed a mean value between the highest momentary peak and the average for the hour of maximum load of seven volts.

Leakage on conduit system

76. Where both the line and the return are placed within a conduit, the following conditions shall be secured in the construction and maintenance of the system :—

(*a*) Where the rails are used to form any part of the return, they shall be electrically connected, at distances apart of not more than 100 feet, with the conduit by means of copper strips having a cross-sectional area of at least one-sixteenth of a square inch or by other means of equal conductivity. Where the return is wholly insulated and contained within the conduit, the latter shall be connected with earth at the generating station or substation through an instrument suitable for the indication of any contract or partial contract of either the line or the return with the condict.

(*b*) The leakage-current shall be ascertained daily, before or after the hours of running, when the line is fully charged ; and, if at any time it is found to exceed one ampere per mile of single tramway track, the transmission and use of energy shall be suspended unless the leakage is stopped within twenty-four hours.

Leakage on other than conduit system

77. Where both the line and the return are not placed within a conduit the leakage-current shall be ascertained daily before or after the hours of running, when the line is fully charged ; and, if at any time it is found that it exceeds one-half of an ampere per mile of single tramway track, the transmission and use of energy shall be suspended unless the leakage is stopped within twenty-four hours.

Passengers not to have access to electric circuit

78. Precautions to the satisfaction of an Electric Inspector shall be taken by the owner of every vehicle to prevent—

(*a*) the access of passengers to any portion of the electric circuit where there is danger to them of receiving an electric shock ;

(*b*) any metal handrail or other metallic substance liable to be handled by passengers becoming charged.

Current density in rails

79. Where any rails on which cars run are used as a return, the current density in such rails shall not, under ordinary working conditions, exceed nine amperes per square inch of cross-sectional area.

Isolation of sections

80. Every trolley-wire shall be constructed in sections not exceeding one mile in length, and means shall be provided for isolating each section.

Minimum size and strength of trolley-wire

81. No trolley-wire shall be of less cross-sectional area than eight one-hundredth of a square inch nor shall it have a less breaking-stress than 4,500 lbs.

Height of trolley-wire and length of span

82. A trolley-wire or a traction-feeder on the same supports as a trolley-wire shall nowhere be at a height from the surface of the street of less than 17 feet, except where it passes under a bridge or other fixed structure, or through or along a tunnel or mine-shaft or the like, in which case it shall be suspended to the satisfaction of an Electric Inspector. The intervals between the supports shall not exceed 140 feet.

Records

83. (*1*) The owner shall, so far as is consistent with his system of working, keep the following records, namely :—

(*a*) daily records showing :—

the maximum working current from the source of supply ;
the maximum working pressure at the source of supply ;
difference of potential, as required by rule 75 ; and
the leakage-current (if any), as required by rule 76 and rule 77.

(*b*) Occasional records showing—

every test made under rule 74 ;
every stoppage of leakage, together with the time occupied ; and
particulars of any abnormal occurrence affecting the electrical working of the system.

(*2*) These records shall be open to inspection by an Electric Inspector or by any person authorised in writing by an Electric Inspector.

*Mines and oil-fields.*

Additional rules for mines and oil-fields

84. (*1*) Rules 85 to 102 shall apply in case of energy used in mines where the provisions of Part III of the Act apply, but they shall not apply in the case of any apparatus used above ground, except such as may directly affect the safety of persons below ground.

(*2*) The said rules shall also apply in case of energy used in oil-fields.

Responsibility for observance

85. (*1*) It shall be the duty of the owner, agent, or manager of the mine or of the agent of any company operating in the oil-field, or of the owner of one or more drilled wells situated in the oil-field to comply with and enforce the following rules and it shall be the duty of all persons employed to conduct their work in accordance with the rules.

(*2*) An authorised person shall be on duty in every mine or oil-field while energy is being used therein.

Notices

86. On or before the first day of February in every year an annual return giving the size and type of apparatus and any particulars as to the circumstances of its use which may be required by the person to whom the return is to be sent shall be sent by the person specified in rule 85 in the form set out in Annexure IX to these rules :

Provided that this rule shall not apply to telephones and signalling apparatus or to low pressure installations for lighting only.

87. (*1*) A proper plan on the same scale as the plan kept at the mine in fulfilment of the requirements of the Indian Mines Act, 1901, shall be kept in the office at the mine showing the position of all fixed apparatus and conductors in the mine, other than lights, telephones or signalling apparatus, or cables for the same. The said plan shall be corrected every six months, and the date of correction entered on the plan by the Manager of the mine, and it shall be produced to an Electric Inspector or an Inspector of Mines at any time on his request.

Plans

VIII of 1901.

(*2*) A similar plan, on a scale not less than sixteen inches to the mile, shall be kept by the manager or owner of one or more wells in any oil-field, showing similar particulars and subject to correction and inspection as prescribed in sub-rule (*1*).

(*3*) A similar plan, on such scale as the Local Government may require, shall be kept in the office of the licensee or person transmitting or distributing energy in a mine or oil-field, showing the position of all electric supply-lines under his control, and subject to correction and inspection as prescribed in sub-rule (*1*).

88. (*1*) In all places in a mine lighted by electricity, where failure of the electric light at any time would be likely to cause danger, one or more safety lamps or other proper lights shall be kept continuously burning.

Lighting, communications and fire precautions.

(*2*) Efficient means shall be provided in every mine for communicating between the place in which the switchgear provided under sub-rule (*1*) of rule 95 is erected and the shaft-bottom or main distributing centre in the pit.

(*3*) Appliances for extinguishing fires shall be kept ready for immediate use in every place in a mine containing apparatus, other than cables, telephones and signalling apparatus.

89. (*1*) Where necessary to prevent danger or mechanical damage, transformers and switchgear shall be placed in a separate room, compartment, or box.

Isolation and fixing of transformer, switchgear, etc

(*2*) Unless the appratus is so constructed, protected, and worked as to obviate the risk of fire, no inflammable material shall be used in the construction of any room, compartment, or box containing apparatus, or in the construction of any of the fittings therein. Each such room, compartment, or box shall be substantially constructed and shall be kept dry.

(*3*) Adequate working space and means of access clear of obstruction and free from danger shall, in so far as circumstances permit, be provided for all apparatus that has to be worked or attended to, and all handles intended to be operated shall be conveniently placed for that purpose.

90. Where earthing is necessary it shall be carried out in a mine by connection to an earthing system at the surface of the mine, and, in all cases, in a manner approved by an Electric Inspector.

Method of earthing

91. (*1*) All apparatus and conductors shall be sufficient in power and size and of sufficient mechanical strength, for the work they may be required to do, and so constructed, installed, protected, worked and maintained as to prevent danger so far as is reasonably practicable. The exposure of live parts shall be avoided.

Construction and insulation of apparatus, and earthing of same

(*2*) All insulating material shall be chosen with special regard to the circumstances of its proposed use. It shall be of mechanical strength sufficient for its purpose, and, so far as is practicable, it shall be of such a character or so protected as fully to maintain its insulating properties under working conditions of temperature and moisture.

(*3*) Every part of a system shall be kept efficiently insulated from earth, except that (*i*) the neutral point of a polyphase system may be earthed at one point only; (*ii*) the mid-voltage point of any system, other than a concentric system, may be earthed at one point only; and (*iii*) the outer conductor of a concentric system shall be earthed.

(*4*) Earth or fault detectors or recorders shall be connected up in every system in a mine to show immediately any defect in the insulation of the system. The readings of these instruments shall be recorded daily in a book kept at the generating station, sub-station or switch room.

Earthing metal, etc.

92. (*1*) All metallic sheaths, coverings, handles joint-boxes, switch-gear frames, instrument covers, switch and fuse covers and boxes, and all lampholders, unless efficiently protected by an earthed or insulating covering made of fire-resisting material, and the frames and bedplates of generators, transformers, and motors (including portable motors), shall be earthed by connection to an earthing system in the manner prescribed in rule 90.

(*2*) Where the cables are provided with a metallic covering constructed and installed in accordance with rule 96 (*d*), such metallic covering may be used as a means of connection to the earthing system. All the conductors of an earthing system shall have a conductivity at all parts and at all joints at least equal to 50 per cent. of that of the largest conductor used solely to supply the apparatus a part of which it is desired to earth :

Provided that no conductor of an earthing system shall have a cross-sectional area of less than ·022 of a square inch.

(*3*) All joints in earth conductors and all joints to the metallic covering of the cables shall be properly soldered or otherwise efficiently made. No switch, fuse, or circuit-breaker shall be placed in any earth conductor

(*4*) This rule shall not apply (except in the case of portable apparatus) to any system in a mine in which the pressure does not exceed low-pressure direct current or 125 volts alternating-current.

Motors and their transformers.

93. (*1*) Where energy is distributed at a pressure higher than medium pressure (*i*) it shall not be used without transformation to medium or low pressure except in fixed machines in which the high pressure parts are stationary ; and (*ii*) portable motors under 20 H. P. shall be supplied through a transformer stepping down to medium or low pressure.

(*2*) Where energy is transformed, suitable provision shall be made to guard against danger by reason of the lower pressure apparatus becoming accidentally charged above its normal pressure by leakage from, or contact with, the higher pressure apparatus.

Switch-gear and terminals.

94. Switch-gear and all terminals, cable-ends, cable-joints and connections of apparatus shall be totally enclosed, and constructed and installed so that—

(*i*) all parts shall be of mechanical strength sufficient to resist rough usage ;

(*ii*) all conductors and contact areas shall be of ample current-carrying capacity and all joints in conductors shall be properly soldered or otherwise efficiently made ;

(*iii*) the lodgment of any matter likely to diminish the insulation, or affect the working or any switch-gear shall be prevented ;

(*iv*) all live parts shall be so protected or enclosed as to prevent persons accidentally coming into contact with them and danger from arcs, short-circuits, fire, water, gas or oil ;

(*v*) where there may be risk of igniting gas, coal-dust, oil or other inflammable material, all parts shall be so protected as to prevent open sparking ;

(*vi*) every switch or circuit-breaker shall be capable of opening the circuit it controls, without danger, on any short circuit with which it may have to deal.

Cutting off supply.

95. (*1*) Properly constructed switch-gear for cutting off the supply of energy to the mine or oil-field shall be provided at the surface of the mine or oil-field at a point approved by an Electric Inspector, or, in the case of the Burma oil-fields, by the Warden of the oil-fields ; and during the time any cable is live a person authorised to operate the said switch-gear shall be available within easy reach thereof.

(*2*) Efficient means, suitably placed, shall be provided for cutting off all pressure from every part of a system, when necessary to prevent danger.

(*3*) Such efficient means shall be provided for cutting off all pressure automatically from the part or parts of the system affected in the event of a fault as may, in the opinion of an Electric Inspector, be necessary to prevent danger.

(*f*) Every motor shall be controlled by switch-gear for starting and stopping, so arranged as to cut off all pressure from the motor and from all apparatus in connection therewith, and so placed as to be easily worked by the person appointed to work the motor.

(*g*) If a concentric system is used, no switch, fuse, or circuit-breaker, shall be placed in the outer conductor, or in any conductor, connected thereto except that, if required, a reversing switch may be inserted in the outer conductor at the place where the energy is being used:

Provided that subject to the connection of the outer conductor with the earthing system being maintained, switches, fuses of circuit-breakers may be used to break the connection with the generators or transformers supplying the energy.

96. All cables in mines, other than flexible cables for portable apparatus, shall comply with the following requirements :—

Cables in mines.

(*a*) They shall be covered with insulating material (except that the outer conductor of a concentric system may be bare). They shall be efficiently protected from mechanical damage and supported at sufficiently frequent intervals and in such a manner as adequately to prevent danger or damage to the cables.

(*b*) (*i*) Except as provided in clause (*c*) or, with the consent in writing of an Electric Inspector and subject to the provisions of clause (*f*) and to such further conditions as the Electric Inspector may impose, no cables other than concentric cables, or two-core cables or multicore cables protected by a metallic covering, or single-core cables which contain all the conductors of the circuit, shall be used where the pressure exceeds low pressure continuous current or 125 volts alternating-current.

(*ii*) The lead sheath of lead-sheathed cables and the iron or steel armouring of armoured cables respectively shall be of a thickness not less than that recommended from time to time by the British Engineering Standards Association.

(*c*) Where the medium-pressure direct-current system is used two single-core cables may be used for any circuit, if their metallic coverings are bonded together by earth conductors so placed that the distance between any two consecutive bonds is not greater than 100 feet measured along either cable.

(*d*) The metallic covering of every cable shall be (*i*) electrically continuous throughout; (*ii*) earthed, if it is required by sub-rule (*l*) of rule 92 to be earthed, by a connection to the earthing system of not less conductivity than the same length of the said metallic covering; (*iii*) efficiently protected against corrosion where necessary; (*iv*) of a conductivity at all parts and at all joints at least equal to 50 per cent. of the conductivity of the largest conductor enclosed by the said metallic covering; and (*v*) where there may be risk of igniting gas, coal-dust, or other inflammable material, so constructed as to prevent as far as is practicable the occurrence of open sparking as the result of any fault or leakage from live conductors.

Provided that where two single-core cables protected by metallic covering bonded together in accordance with clause (*c*) of this rule are used for a circuit, the conductivity of each of the said metallic coverings at all parts and at all joints shall be at least equal to 25 per cent. of the conductivity of the conductor enclosed thereby.

(*e*) Cables and conductors where joined up to motors, transformers switch-gear and other apparatus, shall be installed so that (*i*) they are mechanically protected by securely attaching the metallic covering to the apparatus; and (*ii*) the insulating material at each cable and is efficiently sealed so as to prevent the diminution of its insulating properties. Where necessary to prevent abrasion or to secure gas-tightness, there shall be properly constructed glands or bushes.

(*f*) Unarmoured cables or conductors used with the consent of an Electric Inspector as provided in sub-clause (*i*) of clause (*b*) shall be either conveyed in pipes or casings or suspended from efficient insulators by means of some non-conducting material which will not cut the covering and which will prevent contact with any timbering or metal work.

Flexible cable.

97. (*1*) Flexible cables for portable apparatus shall be two-core or multicore and covered with insulating material which shall be efficiently protected from mechanical damage. If a flexible metallic covering be used either as the outer conductor of a concentric system or as a means of protection from mechanical damage the same shall not be used by itself to form an earth conductor for the portable apparatus, but it may be used for that purpose in conjunction with an earthing core or other earthing wire.

(*2*) Every flexible cable for portable apparatus shall be connected to the system and to the portable apparatus itself by a properly constructed connector.

(*3*) At every point where flexible cables are joined to main cables a switch capable of entirely cutting off the pressure from the flexible cables shall be provided.

(*4*) No lampholder shall be in metallic connection with the guard or other metal work of a portable lamp.

Supervision and sundry precautions

98. (*1*) An electrician shall be appointed in writing by the owner, agent or manager of the mine or by the agent or the owner of one or more wells in an oil-field to supervise the apparatus. If necessary for the proper fulfilment of the duties detailed in this rule, one or more assistants to the electrician shall be appointed by the aforesaid authority.

(*2*) Every person appointed to work, supervise, examine, or adjust any apparatus shall be competent for the work that he is set to do. No person except the electrician, or a competent person acting under his supervision, shall undertake any work where, in order adequately to avoid danger, technical knowledge or experience is required.

(*3*) The electrician shall be responsible for the proper performance by himself or by an assistant appointed under sub-rule (*1*) of the following duties, namely :—

(*i*) the thorough examination of all apparatus (including the testing of earth conductors and metallic coverings for continuity) as often as may be necessary to prevent danger; and

(*ii*) The examination and testing of all new apparatus, and of all apparatus re-erected in the mine before it is put into service in a new position :

Provided that in the absence of the electrician for more than three days, the owner, agent or manager of the mine or the agent or owner of one or more oil-wells in an oil-field shall appoint in writing an efficient substitute.

(*4*) The electrician shall keep at the mine or oil-field a log-book made up of daily log-sheets kept in the forms set out, respectively for mines and oil-fields, in Annexure X to these rules. The said log-book shall be produced at any time on request to an Inspector of Mines or an Electric Inspector.

(*5*) Should there be a fault in any circuit, the part affected shall be made dead without delay and shall remain so until the fault has been remedied.

(*6*) For the prevention of danger all apparatus shall be kept clear of obstruction and free from dust, dirt and moisture. Inflammable or explosive material shall not be stored in any room, compartment, or box containing apparatus, or in the vicinity of apparatus.
